Alignment Strategic Re:

Re:Align Jonathan Trevor, 2022-06-09 Why do some businesses thrive while many more struggle In this age of disruption a key reason is the failure of many leaders to realign all the moving parts of their enterprise including its business strategy and how it is organised to best support its enduring purpose Thousands of enterprises globally are operating below their potential simply because they are not well aligned or fail to realign to reflect the new realities of their changing business environment This book aims to change that This book is about strategic realignment a leadership process to overcome disruption and secure high performance on a sustainable basis Given that change is a constant and disruption to the business environment ever more likely strategic realignment must become a core competency in order that all enterprises and leaders can succeed in the future Most executives recognise this but lack a robust system of thought to execute strategic realignment effectively and realise its full benefits But once mastered strategic realignment offers a means of turning disruption into an advantage In *Re Align* Jonathan Trevor provides a blueprint to help leaders ask good questions have better conversations and make the best possible choices to realign their enterprise to be fit for purpose Drawing upon active research at the University of Oxford's Saïd Business School with contributions from the joint works of Dr Jonathan Trevor and Dr Barry Varcoe the book also provides practical case studies and evidence based insights *Re Align* offers both a thoughtful and compelling message as well as an effective toolkit to help leaders everywhere to overcome disruption and improve enterprise performance

Sustainable Competitive Advantage Ian Chaston, 2012-05-04 Due to the adverse outcomes of the recent global recession and the public deficit crisis in the USA and Europe Western companies can expect flattening or declining sales in their domestic markets They will also face growing competition as Chinese firms seek to block the activities of foreign companies in their domestic market and expand their own operations in overseas markets Survival and growth for Western companies is unlikely to come from sustaining current business practices based upon utilization of conventional approaches to strategic management success will depend on exploiting new knowledge to stay ahead of competition This book examines the strategic issues associated with the entrepreneurial utilization of new knowledge to create innovative products and services accompanied by the development of leading edge highly productive internal organizational processes Through the use of appropriate theories and illustrative case examples the text is designed to assist managers in Western organizations and business school students understand how to counter the increasing threats that are posed by the globalization of companies from emerging countries such as the BRIC nations

The Book On Strategic Obsession David Webb, 2025-07-25 The Book On Strategic Obsession How to Turn Long Term Thinking Into a Competitive Weapon reframes obsession as the ultimate source of leverage in a culture addicted to distraction and optionality Most people pivot endlessly browsing for novelty while avoiding depth Webb argues that the real edge comes from narrowing focus closing doors and compounding effort over years not weeks Inside readers will learn Why optionality is a trap that prevents mastery How to guard attention in the noisy economy The difference between strategic obsession and stubborn fixation Why long term thinking compounds where short term hacks collapse How to build systems feedback loops and identity structures that make obsession sustainable This is not a book about working harder or glorifying burnout It s a manual for building something that outlasts hype headlines and quarterly metrics Through clear frameworks and unapologetic prose Webb equips founders operators and thinkers with the tools to outlast trends and turn long term focus into a competitive weapon Because in the end optionality scatters Obsession concentrates And in the long game concentration wins
