Archetypes for Writers Jennifer Van Bergen,2007 Drawing on her years of training in theater and decades of teaching Van Bergen unveils the secret of using your own archetypes to find and develop already existing characters This approach has little to do with how to create characters or plot stories Rather is is more about how to find your characters and story archetypes or even how to have them find you using specific skills taught in the book **The Power of Archetypes** Marie D. Jones,2017-07-24 A self help guide to understanding the language of archetypal symbols and harnessing them for personal success Deep within your mind is a realm filled with powerful symbols that drive your thoughts behaviors and actions often without your knowledge This is the hidden world of archetypes universal symbols responsible for who you are how the world sees you and what you believe about yourself and your life s purpose The Power of Archetypes will help you identify understand and work with the archetypes that exist beyond your conscious awareness to create your reality behind the scenes You will also learn how to clear out old symbols that may be blocking you from the happiness and success you dream of You will examine The roles of the subconscious and collective unconscious in shaping your identity and why it is so hard to change you The most common archetypes and what they symbolize Global archetypes in religion politics and pop culture and how they affect you Ways to identify archetypes working in your life and the skills to change them and become more authentic Archetypes reveal your plot and your purpose The good news is if you don t like them you can choose more empowering symbols to create a completely new story of your life *Symposium* ,2006 [American Book Publishing Record](#) ,2007 [The Michael Chekhov Handbook](#) Lenard Petit,2019-06-14 The Michael Chekhov Handbook is a practical guide to Chekhov s supportive techniques for actors fully updated with new exercises that examine the relationship between the sensations of the physical body and the imagination Lenard Petit draws on 25 years of teaching experience to unlock and illuminate Michael Chekhov s philosophy and offers guiding principles and effective tools that actors can apply in rehearsal and performance The second edition focuses on the building blocks of drama and an exploration of the five senses as an expressive springboard with a new section on the function of the Archetype in the Chekhov method Theory and practice are treated here with clarity and simplicity Dedicated to students and teachers of acting The Michael Chekhov Handbook provides readers with the essential tools they need to put the rewarding principles of this technique into use **Where'd He Get That?** Margo Ruark,2010-06-04 With foreword by Rev Dr Jane Claypool A monumental achievement Every minister in the field will want to have and use a copy right now The definitive cross reference between The Science of Mind by Ernest Holmes and the Holy Bible With over 750 references to Bible verses this reference is a must have for ministers translators and teachers Completely revised and updated to include other source references Compliments existing material on the Allegorical Bible Rescuing the Bible from Fundamentalism and all entry level classes with the textbook **Tarot for Writers** Corrine Kenner,2009 Once reserved for mystics and seers the tarot is one of the best tools for boosting your
