I Chronicles 1-9 Gary N. Knoppers, 2003-01-01 In his latest addition to the esteemed Anchor Bible Commentaries scholar Gary Knoppers examines one of the most neglected books of the Old Testament and established its importance as a key to understanding the nation of Israel Who were the Israelites Was Israel's first king Saul a hero or a disaster Was David a gifted and accomplished leader or a murderer and a cheat Did Solomon preside over the most glorious epoch in Israelite history or did he lead the nation into a fateful decline In I Chronicles the distinguished scholar Gary Knoppers addresses these questions through a thoughtful and exacting reading of one of the last books of the Hebrew Bible He shows that Chronicles which contains a variety of viewpoints on the major events and people provides a distinct perspective on much of Israel's past especially the monarchy He discusses how the chronicler's introduction to the people of Israel redefines Israel itself explains and defends the transition from Saul to David and shows how the Davidic Solomonic monarchy was not only a time of incomparable achievement and glory but also the period during which the nation's most important public institutions the Davidic dynasty the Jerusalem Temple the priests and the Levites took formative shape I Chronicles part of a two volume set is the first to employ systematically the Dead Sea Scrolls to reconstruct the biblical author's text Knoppers reveals how Chronicles is related to and creatively drawn from many earlier biblical books and presents a fascinating look at its connections in both compositional style and approach to the historical writings of ancient Mesopotamia and classical Greece Featuring a new translation and an extensive introduction that incorporates up to date research this volume replaces the Anchor Bible I Chronicles commentary written by Jacob Myers in 1965 *The Prophet Is the People: An Answer to "Why Elijah?" in Second Temple Jewish and Early Christian Literature* Alicia R. Hein, 2025-07-24 The question of why the prophet Elijah comes to hold such enduring significance in early Jewish and Christian tradition has previously remained largely unaddressed Why is it Elijah as opposed to any other prophet of the Hebrew tradition who is associated with Israel's future restoration Why is his return predicted by the book of Malachi Why are both Jesus and John the Baptist associated with Elijah in the New Testament Gospels This study argues that Elijah's literary character is portrayed and received throughout early Jewish and Christian literature as the paradigmatic prophet who simultaneously embodies the righteous people of God and thereby by his ongoing life ensures a remnant's survival and restoration *The King and the Cemeteries* W. Boyd Barrick, 2014-09-03 This book presents new examinations of the reports of Josiah's reform in 2 Kgs 23 4 20 24 and 2 Chron 34 3 7 and related biblical passages especially 1 Kgs 12 33 13 32 concentrating on the likely compositional history of this material and its usefulness as a source for reconstructing the likely history of Josiah's reign Chapter 1 introduces the inquiry reviewing the state of the question and methodological caveats Chapters 2 6 are devoted to issues of composition and redaction Chapters 7 10 to issues of historical context and circumstance Both literary and archaeological materials are considered These studies contribute fresh analyses and new propositions to the scholarly discussion of this seminal moment

in the history of biblical Israel Proverbs 1-9 as an Introduction to the Book of Proverbs Arthur Jan Keefer, 2020-05-28 Proverbs 1 9 has long been called a prologue and introduction to the book of Proverbs a label that this book clarifies by answering the question how does Proverbs 1 9 function with respect to the interpretation of Proverbs 10 31 Arthur Keefer argues that in the detail and holistic context of Proverbs Proverbs 1 9 functions didactically by supplying interpretive frameworks in literary rhetorical and theological contexts for representative portions of Proverbs 10 31 Keefer suggests that Proverbs 1 9 functions didactically by teaching interpretive skills and allows interpretation of Proverbs 10 31 by instilling the competence required to explicate this material As a result Proverbs 1 9 provides a didactic introduction for the remainder of the book particularly with respect to its character types educational goals and theology This volume demonstrates the function of Proverbs 1 9 for Proverbs 10 31 in some of the most prominent interpretive contexts of the book and in doing so advances current key interpretive debates within Proverbs scholarship *From Conquest to Coexistence* Koert van Bekkum, 2011-01-11 Current research on ancient historiography concentrates on the relation between history and ideology while the archaeology of the Southern Levant is more and more viewed as a discipline of its own What happens when these new directions are applied to the historiography of Israel s settlement in Canaan This study offers a fresh analysis of scholarly debate a synchronic and diachronic reading of Joshua 9 1 13 7 and a critical evaluation of all the relevant archaeological evidence This leads to a new historical picture of the Late Bronze Iron Age transition in the Cisjordanian Southern Levant and to the fascinating conclusion that it was the ideology of the Israelite scribes reworking this episode that instigated them to explore their antiquarian intent Changing Perspectives 1 John Van Seters, 2014-10-03 The volume brings together forty years of agenda setting scholarship in Israelite and Judean history The historical essays gathered here were among the first to raise serious questions about the patriarchal age the exodus from Egypt and the conquest of Canaan and the temple of Solomon The literary essays on the Pentateuch challenged both the classical Documentary Hypothesis and the more recent modifications that support the notion of an extensive Deuteronomistic redaction of the Pentateuch The final set of essays examines biblical notions of patriarchal religion myths of human origin and the legendary origins of Passover within a broad comparative context **What is it that the Scripture Says?** Philip McCosker, 2006-01-01 A volume of essays that celebrate and pay tribute to the enormous contribution to scriptural studies that Henry Wansbrough has made over the last 50 years Tradition in Transition Mark J. Boda, Michael Floyd, 2008-10-15 This book is an investigation of innovative uses of the Hebrew tradition in the early Persian period as represented by the prophetic corpora of Haggai and Zechariah 1 8 Writing and Reading the Scroll of Isaiah Craig C. Broyles, Craig A. Evans, 1997 The studies in this volume investigate Isaiah s use of early sacred tradition the editing and contextualization of oracles within the Isaianic tradition itself and the interpretation of the book of Isaiah in later traditions as in the various versions and interpretations of the text

Major Poems of the Hebrew Bible Jan Fokkelman, 2018-07-17 This book presents a comprehensive discussion of three

famous poems which are studied as works of art A full description of their prosodic regularity as well as the variations on it is given and goes hand in hand with a detailed structural analysis of the lower and higher textual units Great care is taken to find the correct delimitation of cola half verses verses strophes and stanzas and in the case of Deut 32 of its four big sections after which all things fall into place The articulation of the higher units underpins the discursive or argumentative structure of Deut 32 and Job 3 and is a solid basis for an interpretation that tries to honour the thematic developments in these songs In the case of Ex 15 of which the stanzaic division is already known the attention shifts to the lower levels The contours and rhythms of its short cola and its verses and strophes are studied and accounted for The chapter on Job 3 has a special feature The count of premasoretic syllables is shown to be an essential part of the numerical perfection of this poem A major point of departure for this book which is corroborated by its results is that these poems are so complex read of such many layered significance that they cannot be given their due by a simple set of techniques or fixed canon of interpretive procedures This poetry requires a flexible approach which tries to cover the full range of its brilliant usage of language style and structure
