A Nation Forsaken Emp The Escalating Threat Of An American Catastrophe:

A Nation Forsaken Michael Maloof, 2013 Analyzes the threat of an electromagnetic pulse event arguing that America's defenses are not prepared for a natural or man made incident that could devastate a country almost entirely dependent on its electrical grid for power and communication [US Narratives of Nuclear Terrorism Since 9/11](#) David Seed, 2019-04-06 This study examines the US fiction and related films which makes a series of interventions in the cultural debate over the threat of nuclear terrorism It traces the beginnings of this anxiety from the 1970s which increased during the 1990s after the collapse of the Soviet Union The traumatic events of 9 11 became a major reference point for this fiction which expressed the fear that of a second and worse 9 11 The study examines narratives of conspiracies which are detected and forestalled and of others which lead to the worst of all outcomes nuclear detonations sometimes delivered by suitcase nukes In some of these narratives the very fate of the nation hangs in the balance in the face of nuclear apocalypse The discussion considers cases of attacks by electromagnetic pulse EMP cyberterrorism and even bioterrorism Some of the authors examined are present or former politicians members of the CIA and former president Bill Clinton **Biblical Eschatology:** Dr. Justin G. Prock, 2021-06-20 In recent history men from a variety of backgrounds have come to the same conclusion that the Bible is about Israel only For example In 1861 John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come O Come Emmanuel Ever since 1861 Christians have sung that hymn at Christmas time especially at Advent Do you know what the words really mean that you are singing In 1878 Edward Hine wrote an article titled Seven Eighths of the Bible Misunderstood wherein he explains that seven eighths of the Bible is about national salvation i e the national salvation of True Israel whereas only one eighth of the Bible is about personal salvation Did you know that In the 1960 s Pastor Sheldon Emry wrote an article title An Open Letter to Any Minister Who Teaches the Jews Are Israel wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible In 1998 Arnold E Kennedy wrote a book titled The Exclusiveness of Israel wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel So here we are in the Twenty First Century and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A D by Yahshuah and His disciples i e the Gospel of the Kingdom So where did the so called churches and pastors go wrong By the way is there really a hierarchy in the Bible In order to find out what the truth really is we have to look at the original languages in which the Bible was written and then translated For example the Old Testament was written in Hebrew and Aramaic then translated into Greek The New Testament was written in Hebrew and Greek Both Testaments were put together and translated into Latin then German and finally into English from which the entire world received their own translation of the Bible So what was the original meaning of the words used in the original languages i e the etymology of the words Once that is determined then we can go onto the next phase and discuss types in the Bible From there what is the Law of First Mention How should Bible prophecy be Interpreted Who are the keys to Bible

prophecy Where are we in the Bible prophecy timeline During these discussions we will find out who Yahweh chose of all the families of the earth to make His own The churches teach universalism The question then becomes Who was Yahweh's Law given to What are the Laws of Yahweh And then the even bigger question becomes Who was Yahshuah sent to All of these questions and more will be answered as you read this book *Why Did Yahweh and His Son Yahshuah Say What They Said?* Dr. Justin G. Prock, 2020-05-07 YAHWEH The LORD God and His Son YAHSHUAH Jesus Christ made statements with regard to Eschatology that have been Spiritualized for over a Millennium which has led to the belief in Universalism the belief that YAHSHUAH died for EVERYONE Well after one studies the original languages of the Hebrew Aramaic and Greek the message of the Kingdom of God was preached to and accepted by a certain House in the Bible The other House rejected this message and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit There are only the House of Israel the House of Judah and the House of David mentioned in the Bible All three existed then as they do today However most of today's Babylonian Priesthood Churchianity refuses to accept the secular historical position with regard to the House of Israel and who they are today The people groups which YAHWEH and YAHSHUAH addressed still exist today However these people are all mixed up and known by different names but they DO exist This book goes back to the origin of these people groups in the Bible and brings them forward to the present using their old names in order to understand Eschatology This brings us to the major question of Is the Bible only about Israel And if so how does it affect our Eschatology today This book answers these hard questions *Protection of Substation Critical Equipment Against Intentional Electromagnetic Threats* Vladimir Gurevich, 2017-03-20 The modern microprocessor based electronic equipment most vulnerable to Intentional Destructive Electromagnetic Interferences IDEI includes High Altitude Electromagnetic Pulse HEMP in all substation equipment However power equipment and especially transformers are also subject to the influence of HEMP The book discusses problems and solutions for both kinds of substation equipment Separated into eight chapters the book covers Technological progress and its consequences Intentional Destructive Electromagnetic Interferences IDEI Methods and means of Digital Protective Relay DPR protection from electromagnetic pulse Passive methods and means of DPR protection from electromagnetic pulse Active methods and means of DPR protection from electromagnetic pulse Tests of DPR resistance to IDEI impacts Organizational and technical measures to protect DPR from HEMP and Protection of power equipment and transformers from HEMP Key features Practical approach focusing on technical solutions for difficult problems Full data on electromagnetic threats and methods of their prevention are concentrated Addresses a gap in knowledge in the power system industry This book emphasizes practical recommendations on protection of power substations electric equipment from IDEI that intended for not only staff operating electric equipment but also for manufacturers of this equipment specialists of designing companies managers of electric energy industry as well as for teachers and postgraduate students **Protecting Electrical Equipment** Vladimir

Gurevich,2021-02-22 How do you protect electrical systems from high energy electromagnetic pulses This book completes the overview of systems and practices against EMPs from high altitude sources started with the previous Protecting Electrical Equipment Good Practices for preventing high altitude electromagnetic pulse impacts including practical protection methods and means for evaluating their effectiveness

Military Neuroscience and the Coming Age of Neurowarfare Armin Krishnan,2016-10-04 Krishnan describes military applications of neuroscience research and emerging neurotechnology with relevance to the conduct of armed conflict and law enforcement This work builds upon literature by scholars such as Moreno and Giordano and fills an existing gap not only in terms of reviewing available and future neurotechnologies and relevant applications but by discussing how the military pursuit of these technologies fits into the overall strategic context The first to sketch future neurowarfare by looking at its potentials as well as its inherent limitations this book s main theme is how military neuroscience will enhance and possibly transform both classical psychological operations and cyber warfare Its core argument is that nonlethal strategies and tactics could become central to warfare in the first half of the twenty first century This creates both humanitarian opportunities in making war less bloody and burdensome as well as some unprecedented threats and dangers in terms of preserving freedom of thought and will in a coming age where minds can be manipulated with great precision

Strategic A2/AD in Cyberspace Alison Lawlor Russell,2017-02-01 Strategic A2 AD in Cyberspace focuses on exclusion from cyberspace or the ability of a state to be cut off entirely from cyberspace Strategic anti access and area denial A2 AD operations are common in other domains but before now they have not been examined for their relevance to cyberspace This book examines how strategic A2 AD operations can cut off states from cyberspace through attacks at either the physical or logic layers of cyberspace The result of strategic cyber A2 AD operations could be catastrophic for modern economies governments military forces and societies yet there has been surprisingly little study of these threats to states access to cyberspace This book examines the implications of strategic cyber A2 AD operations for deterrence strategy and proposes a new view of how exclusion from cyberspace can be used as a coercive tool in diplomacy

Keeping Watch Tom Killoran,2015-09-17 Jesus commanded that his followers faithfully watch for his return This command clearly implies there is something to watch for But what exactly is that How are we to recognize the specific signs of his coming What differentiates false messiahs wars and rumors of war famines pestilence persecution and earthquakes the signs Jesus gave from those same afflictions that have plagued man since the beginning What is it that makes the period of history immediately prior to Jesus return identifiably different Keeping Watch unveils the answer identifying the specific signs of Jesus return and why these signs are unique to a particular event at a particular moment in history an event already beginning to unfold Keeping Watch clarifies the biblical precepts by which God judges people and nations The application of these precepts to the book of Revelation reveals that the seals the first set of seven so called judgments are not actually judgments at all but rather a series of events fulfilling the signs of Jesus return When considering

the signs and their fulfillments together the story of a world shaking conflict unfolds a conflict that brings nations to their knees while fulfilling every sign Jesus gave his disciples Jesus declared When you see all these things you know that he is near at the very gates Truly I say to you this generation will not pass away until all these things take place We are that generation
