Atisa's Stages of the Path to Awakening James B. Apple, 2025-06-10 This book contains a lost Stages of the Path Lamrim work composed by the originator of the genre Atisa one of the greatest Indian Buddhist masters to ever set foot in Tibet Nearly a millennium ago the great Indian Buddhist master Atisa Dipamkarasrij ana ca 982 1054 wrote a guidebook for realizing all the stages to awakening at the repeated request of his closest Tibetan disciple Atisa is famously the author of the *Lamp for the Path to Awakening Bodhipathapradipa* a short work in verse but this longer prose work has been virtually unknown even in Tibet until now Atisa s *Stages of the Path Awakening Bodhipathakrama* translated here synthesizes all aspects of Buddhist practice from the very beginning of the path reflecting on the fortunate opportunity of human rebirth up through to attaining omniscient buddhahood by nondual meditation The Indian master s faithful disciple Dromt npa kept these teachings secret and they were only transmitted to select disciples in a closely guarded transmission but the lineage died out centuries ago after Dromt npa s Kadam school was eclipsed by history Now this significant work of Buddhist path literature has become available owing to recently recovered manuscripts of the Kadampas This book offers a study and complete translation from the Tibetan of this monument of guidance on the Buddhist path accompanied by the commentaries and ritual texts that were transmitted alongside Atisa s text Apple s substantial introduction includes a

structural comparison with Atisa's famous work charts the transmission lineage for the present work before it died out and explores various hypotheses for why their fates diverged. Recovered from the contingencies of history, this book brings to life one of the most holistic and integrated approaches to the highest realizations of the Indian Buddhist path ever transmitted in Tibet.
