A Rendezvous With Clouds:

Privacy and Anonymity in the Digital Era Stefanos Gritzalis, 2006 This e book discusses the issues surrounding informational privacy assuming that privacy is the indefeasible right of an individual to control the ways in which personal information is obtained processed distributed shared and used by any other entity The review of current research work in the area of user privacy has indicated that the path for user privacy protection is through the four basic privacy requirements namely anonymity pseudonymity unlinkability and unobservability By addressing these four basic requirements one aims to minimize the collection of user identifiable data

Breaking Through the Clouds Richard F. Fleck, 2004 Inspired by his ranger days in Rocky Mountain national park over forty years ago and by his recent pilgrimage to Hareny Peak in the Black Hills of South Dakota Richard Fleck has created these descriptive essays The mountains are a constant source of spiritual renewal enabling him to become more aware and whole
