A Ministry Of Presence Chaplaincy Spiritual:

A Ministry of Presence Winnifred Fallers Sullivan, 2022-12-22 Most people in the United States today no longer live their lives under the guidance of local institutionalized religious leadership such as rabbis ministers and priests rather liberals and conservatives alike have taken charge of their own religious or spiritual practices This shift along with other social and cultural changes has opened up a perhaps surprising space for chaplains spiritual professionals who usually work with the endorsement of a religious community but do that work away from its immediate hierarchy ministering in a secular institution such as a prison the military or an airport to an ever changing group of clients of widely varying faiths and beliefs In *A Ministry of Presence* Winnifred Fallers Sullivan explores how chaplaincy works in the United States and in particular how it sits uneasily at the intersection of law and religion spiritual care and government regulation Responsible for ministering to the wandering souls of the globalized economy the chaplain works with a clientele often unmarked by a specific religious identity and does so on behalf of a secular institution like a hospital Sullivan s examination of the sometimes heroic but often deeply ambiguous work yields fascinating insights into contemporary spiritual life the politics of religious freedom and the never ending negotiation of religion s place in American institutional life *Chaplaincy: A Ministry of Presence* Matt Sanders, 2014-04-05 At the heart of the role of chaplaincy is PRESENCE This manual designed for new chaplains explores four dimensions of presence 1 As the chaplain is present to him herself with compassion and awareness and 2 is present to The Presence with sensitivity and authenticity he she then 3 moves outward to others with simple skillful means to help lighten their loads in life and 4 helps others to connect more deeply to The Presence in ways that serve their highest good This is part training manual part memoir part prayer book and part self care handbook The author provides practical suggestions for pastoral support and prayer with others offers bits of wisdom to apply in one s ministry and uses stories from his pastoral work in detention and hospital ministries to provide concrete examples of ways to apply these ideas Additionally this book is meant to help the chaplain nurture his her own soul through self care and prayer MINISTRY OF PRESENCE Whit Woodard, 2011-01-01 MINISTRY OF PRESENCE speaks to the heart of chaplaincy It deals with the history and definition of chaplaincy as well as the chaplain s call to ministry and relationship to his church Specific challenges within the framework of chaplain ministry such as pluralism prayer and proselytizing are also addressed MINISTRY OF PRESENCE would easily fit in the library of those already in the chaplaincy chaplain candidates who are preparing for ministry or anyone who is interested in learning about chaplaincy The principles presented are not simply theory but have been born out of the context of Whit s experience and practicing what he preaches His insights will encourage and challenge anyone seeking to minister from a biblical perspective in any venue of chaplaincy *Combat Trauma* Nadia Abu El Haj, 2022-09-27 Americans have long been asked to support the troops and care for veterans psychological wounds Who though does this injunction serve As acclaimed scholar Nadia Abu El Haj argues here in the American public s imagination the traumatized soldier

stands in for destructive wars abroad with decisive ramifications in the post 9 11 era Across the political spectrum the language of soldier trauma is used to discuss American warfare producing a narrative in which traumatized soldiers are the only acknowledged casualties of war while those killed by American firepower are largely sidelined and forgotten In this wide ranging and fascinating study of the meshing of medicine science and politics Abu El Haj explores the concept of post traumatic stress disorder and the history of its medical diagnosis While antiwar Vietnam War veterans sought to address their psychological pain even as they maintained full awareness of their guilt and responsibility for perpetrating atrocities on the killing fields of Vietnam by the 1980s a peculiar convergence of feminist activism against sexual violence and Reagan s right wing war on crime transformed the idea of PTSD into a condition of victimhood In so doing the meaning of Vietnam veterans trauma would also shift moving away from a political space of reckoning with guilt and complicity to one that cast them as blameless victims of a hostile public upon their return home This is how in the post 9 11 era of the Wars on Terror the injunction to support our troops came to both sustain US militarism and also shields American civilians from the reality of wars fought ostensibly in their name In this compelling and crucial account Nadia Abu El Haj challenges us to think anew about the devastations of the post 9 11 era

Chaplaincy and Spiritual Care in the Twenty-First Century Wendy Cadge, Shelly Rambo, 2022-03-15 Wendy Cadge and Shelly Rambo demonstrate the urgent need highlighted by the COVID 19 pandemic to position the long history and practice of chaplaincy within the rapidly changing landscape of American religion and spirituality This book provides a much needed road map for training and renewing chaplains across a professional continuum that spans major sectors of American society including hospitals prisons universities the military and nursing homes Written by a team of multidisciplinary experts and drawing on ongoing research at the Chaplaincy Innovation Lab at Brandeis University Chaplaincy and Spiritual Care in the Twenty First Century identifies three central competencies individual organizational and meaning making that all chaplains must have and it provides the resources for building those skills Featuring profiles of working chaplains the book positions intersectional issues of religious diversity race ethnicity gender sexuality and other markers of identity as central to the future of chaplaincy as a profession

No Godforsaken Place Sarah C. Jobe, 2025-10-16 How does the life arrest trial conviction execution and release from state supervision of Jesus Christ enact the salvation of the cosmos How does that one carceral life in death link up with life in the face of prison death today Jobe explores the spiritual and religious life contained within America s prison systems as it shows up in the profession of prison chaplaincy The theological foundations of the text coherently link Barth s experience of prison chaplaincy and his Christological theology with the theological understandings in the chaplains interviews and Jobe s practical soteriology emerges in a thoroughly intricate and compelling contextualized vision This book weaves careful ethnographic work the systematic theology of Karl Barth and biblical interpretation to craft a textured exploration of life after death work

The Chaplain's Presence and Medical Power Richard Coble, 2017-12-20 Why is loss present but rarely spoken of in the

hospital system How does such silence carry over to the practices of chaplains who accompany dying patients and grieving families Richard Coble critically examines his experiences as a hospital chaplain to analyze the place of spiritual care in wider trends vexing healthcare today including its persistent disparities and its related inability to reckon with human decline Simultaneously he offers routes for chaplains to be a force of change

Negotiating a Presence-Centred Christian Counselling Simon Shui-Man Kwan, 2016-04-26 How Christian is Christian counselling In what ways should one's counselling practice be conducted in order to fulfil one's role as a Christian counsellor Is there a counselling practice that truly penetrates into the secular approaches while remaining faithful to the Christian traditions of healing What are the theological roots of secular counselling How may secular counselling both reinforce and challenge the Christian faith In answering these questions this book engages readers to navigate between two frames of reference one Eastern secular social scientific and modern the other Western Christian theological and traditional At levels of both theory and practice this book undertakes to integrate synthesize hybridize revise dichotomize and antagonize the two It proposes a revised presence centred counselling approach which may serve as a perspective that helps us to see things in more depth as we shuttle back and forth between the two frames This book thus negotiates a revised presence centred form of counselling that is theologically grounded social scientifically informed and cross culturally sensitive As the author's counselling practice proceeds mainly in societies where Chinese is the majority the cross cultural examinations and proposals offered in this book have been bred in a space where Chinese culture meets the Christian Protestantism in particular West This book is an outgrowth of the author's experience teaching Christian counselling courses for 17 years and his 30 year clinical practice experience in places where East meets West namely Hong Kong and South China Guangdong Province

A Handbook of Chaplaincy Studies Christopher Swift, Mark Cobb, Andrew Todd, 2016-03-09 A Handbook of Chaplaincy Studies explores fundamental issues and critical questions in chaplaincy spanning key areas of health care the prison service education and military chaplaincy Leading authors and practitioners in the field present critical insight into the challenges and opportunities facing those providing professional spiritual care From young men and women in the military and in custody to the bedside of those experiencing life's greatest traumas this critical examination of the role played by the chaplain offers a fresh and informed understanding about faith and diversity in an increasingly secular society An invaluable compendium of case studies academic reflection and critical enquiry this handbook offers a fresh understanding of traditional contemporary and innovative forms of spiritual practice as they are witnessed in the public sphere Providing a wide ranging appraisal of chaplaincy in an era of religious complexity and emergent spiritualities this pioneering book is a major contribution to a relatively underdeveloped field and sets out how the phenomenon of chaplaincy can be better understood and its practice more robust and informed

Situating Spirituality Brian Steensland, Jaime Kucinskis, Anna Sun, 2021-12-14 Spirituality is in the spotlight While levels of religious belief and observance are declining in much of the Western world the number of people

who identify as spiritual but not religious is on the rise Practices such as yoga meditation and pilgrimage are surging in popularity Wellness regimes offer practitioners a lexicon of spirituality and an array of spiritual experiences Commentators talk of a new spiritual awakening after religion And global mobility is generating hybrid practices that blur the lines between religion and spirituality The essays collected in *Situating Spirituality Context Practice and Power* examine not only individual engagements with spirituality but they show how seemingly personal facets of spirituality as well as definitions of spirituality itself are deeply shaped by religious cultural and political contexts The volume is explicitly cross national and comparative The contributors are leading scholars of major global regions North America Central America East Asia South Asia Africa and the African Diaspora Western Europe and the Middle East They study not only Christian Jewish and Islamic societies but also non Abrahamic societies with native as well as transnational sacred traditions
