Baseball Acceptance Letter:

Baseball's Creation Myth Brian Martin, 2013-05-28 The story about baseball's being invented in Cooperstown New York in 1839 by Abner Doubleday served to prove that the U S national pastime was an American game not derived from the English children's game of rounders as had been believed The tale embraced by Americans has long been proven false but to this day Cooperstown is celebrated as the birthplace of baseball The story has captured the hearts of millions But who spun that tale and why This book provides a surprising answer about the origins of America's most durable myth It seems that Abner Graves who espoused Cooperstown as the birthplace of the game likely was inspired by another story about an early game of baseball The stories were remarkably similar as were the men who told them For the first time this book links the stories and lives of Graves a mining engineer and Adam Ford a medical doctor both residents of Denver Colorado While the actual origins of the game of baseball remain subject to debate and study new light is shed on the source of baseball's durable creation myth

Baseball's First Inning William J. Ryczek, 2014-11-29 This history of America's pastime describes the evolution of baseball from early bat and ball games to its growth and acceptance in different regions of the country Such New York clubs as the Atlantics Excelsiors and Mutuals are a primary focus serving as examples of how the sport became more sophisticated and popular The author compares theories about many of baseball's inventors exploring the often fascinating stories of several of baseball's oldest founding myths The impact of the Civil War on the sport is discussed and baseball's unsteady path to becoming America's national game is analyzed at length

Contraction: Baseball's Failed Attempt at Eliminating Two Teams Michael Grant, 2020-02-17 In the five year period from 1995 through 1999 revenues in baseball as a whole had doubled But the revenue growth was disproportionately higher among large market teams and teams that had recently opened new ballparks In baseball's salary cap less economic structure massive gaps in player payroll between high revenue and low revenue clubs resulted in competitive balance issues Major League Baseball Commissioner Bud Selig and the team owners decided after the 2001 season that the best way to combat this issue was to eliminate its two lowest revenue clubs the Montreal Expos and the Minnesota Twins This strategy wouldn't go as smoothly as baseball had anticipated Poor planning from the outset coupled with a lawsuit in Minnesota and a three owner franchise swap between the Expos Florida Marlins and Boston Red Sox orchestrated by Commissioner Selig doomed contraction This is a story of greed and failure in one of North America's major sports leagues

Baseball's Antitrust Exemption United States. Congress. House. Committee on the Judiciary. Subcommittee on Economic and Commercial Law, 1993 *The League That Lasted* Neil W. Macdonald, 2004-05-18 In the early 1870s baseball was chaos mired in mismanagement and corruption William Hulbert the owner of Chicago's National Association team believed that a league run efficiently with honest competition would survive and flourish Hulbert relying on his pragmatic philosophy of molasses now vinegar later and working with his prize recruit Albert Spalding founded the National League in 1876 That inaugural season of the National League is chronicled in

this heavily documented work The league fell far short of Hulbert's dreams in its first season but he stuck to his belief that integrity would win out in the end He not only prohibited Sunday baseball and the sale and consumption of alcohol within the league's ballparks but ousted two teams New York and Philadelphia from the league because they failed to meet their obligation to finish out the season Despite the setbacks scandals and considerable opposition all of which are thoroughly covered here the National League survived its first year Hearings United States. Congress. House,1957 **Organized Professional Team Sports** United States. Congress. House. Committee on the Judiciary,1957 Committee Serial No 8 pt 1 Considers legislation on the applicability of the antitrust laws to organize professional sports enterprises pt 2 Continuation of hearings on sports teams and antitrust legislation pt 3 Continuation of antitrust hearings on professional sports antitrust exemptions **Hearings** United States. Congress. House. Committee on the Judiciary,1957 Baseball's Leading Lady Andrea Williams,2021-01-05 For fans of Hidden Figures and Steve Sheinkin's Undeclared Andrea Williams's Baseball's Leading Lady is the powerful true story of Effa Manley the first and only woman inducted into the National Baseball Hall of Fame Before Jackie Robinson broke Major League Baseball's color barrier in 1947 Black athletes played in the Negro Leagues on teams coached by Black managers cheered on by Black fans and often run by Black owners Here is the riveting true story of the woman at the center of the Black baseball world Effa Manley co owner and business manager of the Newark Eagles Elegant yet gutsy she cultivated a powerhouse team Yet just as her Eagles reached their pinnacle so did calls to integrate baseball a move that would all but extinguish the Negro Leagues On and off the field Effa hated to lose She had devoted her life to Black empowerment but in the battle for Black baseball was the game rigged against her *Baseball's Antitrust Immunity* United States.
