The Battleship USS Arizona Waldemar Goralski, Leszek Wieliczko, 2013-10-01 USS Arizona was a Pennsylvania class battleship built for and by the United States Navy in the mid 1910s Named in honor of the 48th state s recent admission into the union the ship was the second and last of the Pennsylvania class of super dreadnought battleships Although commissioned in 1916 the ship remained stateside during World War I Shortly after the end of the war Arizona was one of a number of American ships that briefly escorted President Woodrow Wilson to the Paris Peace Conference The ship was sent to Turkey in 1919 at the beginning of the Greco Turkish War to represent American interests for several months Several years later she was transferred to the Pacific Fleet and remained there for the rest of her career [The Battleship USS North Carolina](#) Stefan Draminski, 2015-05-19 Launched in 1940 North Carolina was the first U S newly built battleship to have taken part in the war in the Pacific During her busy combat career she demonstrated that battleships could perform very well indeed in their new role as escorts for fleet aircraft carriers and weapon platforms providing fire support for ground troops Having earned no fewer than 15 Battle Stars during her wartime service North Carolina was the most highly decorated US Navy battleship of World War II After decommissioning she escaped the chopping block and is preserved to this day as a floating museum *The Battleship USS Missouri* Stefan Draminski, 2014-07-19 The text part of this book describes history of the ship s construction and service This is accompanied by more than 100 color illustrations showing USS Missouri s BB 63 appearance on 2 September 1945 when Japanese officials signed formal surrender on her board Elements that are shown in detail include superstructures armament fire control instruments aircraft boats equipment rig surrender deck fittings etc Blueprints in 1 350 1 200 1 100 and 1 50 scales general views and details are included on a separate sheet The publication is a great reference for building a detailed model of USS Missouri *Flying Magazine* ,2002-08 **Flying Magazine** ,2002-08 [Index to the Honolulu Advertiser and Honolulu Star-bulletin](#) ,1977 **Who's who in America** ,1956 *The Aircraft Carrier Kaga* Stefan Draminski, 2014-12-19 Japanese aircraft carrier Kaga She was initially being built as a battleship but as a result of a coincidence she became one of the first large carriers in history She was a part of Japanese Kid Butai a group of carriers that decided about the power of the Imperial Japanese Navy during the first half year of the war in Pacific After a daring attack on Pearl Harbor followed by a series of further victories there was a reversal during the battle of Midway when Kaga and three accompanying carriers were destroyed which ultimately buried Japan s chances for winning the war **The American Destroyer USS Fletcher 1942** Waldemar Góralski, 2020-04-19 When in the early 1930s the Americans began modernizing their navy they considered the replacement of old destroyers from the Great War as one of the most urgent tasks However the new projects disappointed and dissatisfied the sailors Some of these vessels were heavily overloaded e g Sims class and early Benson ships as a result some of the weaponry had to be removed By proceeding with the design of subsequent series of destroyers efforts were made to respect the Treaty

restrictions London 1936 The originally formulated requirements envisaged a destroyer with a displacement of 1 600 tons and armament consisting of not less than 4 5 inch 127 mm guns and 10 x 533mm torpedo tubes and a speed of 36 knots There were six variants of vessels slightly different from earlier Benson and Sims classes It soon became apparent that additional requirements could not be met within the limits of this displacement This mainly concerned making space for a 28 mm quadruple automatic cannon and more powerful ASuW weapons *The Battleship USS Missouri* Witold Koszela, 2014-11-19 32 pages 29 drawings sheets A4 color profiles 5 double B2 sheet with drawings sheets and colour scheme scales 1100 1200 1250 format sizes 210x297 mm booklet binding
