A Pocket Guide To Vietnam 1962:

A Pocket Guide to Vietnam, 1962 United States. Department of Defense, 2011 For many Americans in the early 1960s Vietnam was a far away place of which they had little knowledge Soon thousands of young American men and women would find themselves on the other side of the globe fighting and in many cases living side by side with the Vietnamese To lessen the culture shock the US Department of Defense prepared a publication along the lines of the instructions for servicemen issued in the Second World War This rather unassuming Pocket Guide was designed to instill in the soldier an understanding of and respect for the Vietnamese so as to gain their support In less than 8 000 words the author of the Pocket Guide creates a highly sympathetic account of Vietnam s history culture politics infrastructure geography and people The author stresses shared values common to both the United States and Vietnam Viewed from the intervening distance of four decades this is a fascinating comment on the political aspirations of a former age It remains a compelling introduction to the enduring qualities of Vietnamese culture
