Sum Swerve Gabriel Leif Bellman, 2003-11-10 SUM SWERVE short stories. Add it up: these short stories, songs, poems, plays, and operas have been assembled with the meaning of life in mind for fun. Written by a silverback gorilla in Java, translated to C, encrypted, mailed to the admissions office of a California law school during the Great Depression, and then held in probate for forty years before slipping in off the waitlist, SUM SWERVE slices the imagination, massages the prostate, and is yours to keep for a low, low price. These short stories love you. You need them. Put under the unbalanced leg of your pool table when facing the devil in a game of 8-ball with nothing less than your soul stake; here are stories to steady your cue when two banks corner pocket comes around. Strike it, sink it, and in the end, it was all propped up on SUM SWERVE.

Wishful Drinking Carrie Fisher, 2012-02-02 No motive is pure. No one is good or bad, but a hearty mix of both. And sometimes life actually gives to you by taking away. Carrie Fisher, in *Wishful Drinking*. In *Wishful Drinking*, Carrie Fisher told the true and intoxicating story of her life with inimitable wit. Born to celebrity parents, she was picked to play a princess in a little movie called *Star Wars* when only 19 years old. But it isn't all sweetness and light sabres. Alas, aside from a demanding career and her role as a single mother, not to mention the hyperspace hairdo, Carrie also spends her free time battling addiction and weathering the wild ride of manic depression. It's an incredible tale from having Elizabeth Taylor as a stepmother to marrying and divorcing Paul Simon and from having the father of her daughter leave her for a man to ultimately waking up one morning and finding a friend dead beside her in bed. Carrie Fisher's star-studded career included roles in numerous films such as *The Blues Brothers* and *When Harry Met Sally*. She was the author of four bestselling novels: *Surrender in the Pink*, *Delusions of Grandma*, *The Best Awful*, and *Postcards from the Edge*, which was made into a hit film starring Shirley MacLaine and Meryl Streep. Carrie's experience with addiction and mental illness and her willingness to talk honestly about them made her a sought-after speaker and respected advocate. She was truly one of the most magical people to walk among us. Dictionary of Occupational Titles, Supplement, Edition III, United States Employment Service, 1945

Empathy Magdalen Powers, 2017-09-01 Humans relate to one another in many ways, but no connections are as deep as those built around shared experiences. Empathy invites us to feel others' feelings, to see the world how they see it. The world seems to need empathy now more than ever.
