Advanced Placement Economics Student Resource Manual:

Advanced Placement Economics Margaret A. Ray, 2012

Advanced Placement Economics - Macroeconomics

Margaret A. Ray, 2012 *Advanced Placement Macroeconomics* is the go to guide for helping high school teachers to prepare their students for the AP Macroeconomics Exam administered by the College Board. It is designed to provide a basic framework around which you can design an AP Macroeconomics course that best meets the needs of your students. The Teacher Resource Manual provides unit overviews, lesson plan objectives, Teacher Alerts, Bell Ringer activities to jump start each class, visuals, and answers to the student activities. The lessons include instructional activities that are not in the Student Resource Manual. By dividing the Macroeconomics and Microeconomics Teacher Resource Manuals in two and compartmentalizing various elements such as student activities, solutions, and sample multiple choice question answer keys, the materials provide a more intuitive structure and easier navigation of content.

International Handbook on Teaching and Learning Economics Gail Mitchell Hoyt, Kim Marie McGoldrick, 2012

The *International Handbook on Teaching and Learning Economics* is a power-packed resource for anyone interested in investing time into the effective improvement of their personal teaching methods and for those who desire to teach students how to think like an economist. It sets guidelines for the successful integration of economics into a wide variety of traditional and non-traditional settings in college and graduate courses, with some attention paid to primary and secondary classrooms. The *International Handbook on Teaching and Learning Economics* is highly recommended for all economics instructors and individuals supporting economic education in courses in and outside of the major. This Handbook provides a multitude of rich resources that make it easy for new and veteran instructors to improve their instruction in ways promising to excite an increasing number of students about learning.
