Albanian National Awakening Princeton Library:

The Albanian National Awakening Stavro Skendi, 2015-12-08 Professor Skendi a native of Albania traces the progress and setbacks of Albania's long struggle for national unity during this least known period of its intricate history. He discusses the heritage of its people and examines in detail the developments that led to Albanian independence, national resistance to the decisions of the Congress of Berlin, later opposition to Turkey and the struggle between the Albanians and the Young Turks. Consideration is given to such internal problems as geographic configuration, religious and political division and to such external problems as Italo-Austrian rivalry, political interference from neighboring states and the involvement of great powers. Originally published in 1967, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Britain, the Albanian National Question and the Fall of the Ottoman Empire, 1876-1914 Daut Dauti, 2023-09-21 All too often Albania has been considered a relatively minor player in late 19th and early 20th century history. By contrast, this book highlights the significance of this nation and the Albanian question at this time through a detailed analysis of the relationship between Albania, Britain and the Ottoman Empire from 1876 to 1914. Making use of a wide range of archival source materials, some of which are published here in English for the first time, this book explores British foreign policy towards the development of the Albanian national movement and the parallel demise of the Ottoman Empire. In doing so, it illuminates the objectives of the British government as well as shining a spotlight on the public opinion of both the British people towards Albanian nationalism and on the reaction of the Albanians towards the British diplomatic position. By looking through such a unique lens, here Daut Dauti is able to provide fresh insight into why the Albanians were not supported by the Great Powers in their national quest in the way that other Balkan countries were and draws significant new conclusions on British Balkan and Ottoman relations. As such, this nuanced study is vital reading for all scholars interested in modern Albanian history, the turn of the century British international relations and the fall of the Ottoman Empire more broadly.

Isolationist States in an Interdependent World Helga Turku, 2009 Using historical comparative and inductive analysis, Helga Turku explains why states may choose to isolate themselves both domestically and internationally. The book examines extreme forms of self-imposed domestic and international isolation in an interdependent international system, noting the effects on both the immediate interests of a ruling regime and the long-term national interests of the state and the populace.

The Politics of Nation-Building Harris Mylonas, 2013-02-18 What drives a

state's choice to assimilate, accommodate or exclude ethnic groups within its territory. In this innovative work on the international politics of nation building, Harris Mylonas argues that a state's nation building policies toward non-core groups (individuals perceived as an ethnic group by the ruling elite of a state) are influenced by both its foreign policy goals and its relations with the external patrons of these groups. Through a detailed study of the Balkans, Mylonas shows that how a state treats a non-core group within its own borders is determined largely by whether the state's foreign policy is revisionist or cleaves to the international status quo and whether it is allied or in rivalry with that group's external patrons. Mylonas injects international politics into the study of nation building, building a bridge between international relations and the comparative politics of ethnicity and nationalism. *Catalog of Copyright Entries. Traditional Songs and Music of the Korçë Region of Albania Eno Koço, 2018-04-18 This book is concerned with the repertory of traditional urban song and music of the Kor area in general and more specifically the *karakteristike* (characteristic or distinctive song) associated with Kor city, Albania. The first half of the 20th century marked the climax of an evolution which started in the mid 19th century with the oral tradition of urban song in Kor. While the translation of *Korçë Karakteristike* into English as *Kor are Distinctive Song* seems to be an odd name for a genre, it is however a translation as close as possible to the original Albanian, denoting the characteristic songs of Kor. The term *characteristic* implies peculiar or specific songs different not only from the traditional urban song of Kor but also from any kind of song, whether folk, popular, traditional, urban or art, composed and performed among the Kor people. The book also introduces the *Kor are* urban song and urban lyric song as well as the *Saze* music which were introduced during the Ottoman domination of the Balkans.

Kosovo, A Documentary History Robert Elsie, Bejtullah D. Destani, 2018-01-30 The question of Kosovan sovereignty and independence has a history which stretches far back beyond the outbreak of war in 1998. This volume is a compilation of key documents on Kosovo from the first half of the twentieth century. These texts, including numerous diplomatic despatches from the British Foreign Office, deal initially with the Albanian uprising against Ottoman rule in the spring of 1912 and in particular with the period of the Serbian invasion of Kosovo in late 1912 and the repercussions of the conquest for the Albanian population. The documents from 1918 to the early 1920s focus mainly on endeavours by Albanian leaders, including those of the so-called Kosovo Committee in exile, to bring the plight of their people to the attention of the outside world, endeavours which largely failed. Further documents reflect the situation in Kosovo up to the outbreak of World War II. This collection provides new perspectives on the Kosovo question and includes many documents which have been largely unavailable up to now. It sheds new light on many of the major and minor episodes that channelled and determined subsequent events, including the Kosovo War of 1998-1999 and the declaration of independence in February 2008. **Ethnic Interest Groups and U.S. Foreign Policy** Fron Nahzi, 2025-10-29 In 1999, Albanian American community leaders sat with President Bill Clinton in the White House discussing NATO's intervention in Yugoslavia, a moment that played a pivotal role in

Kosovo's path to independence How did a small ethnic community of roughly 250 000 people gain such remarkable political influence in the United States Ethnic Interest Groups and U S Foreign Policy The Albanian American Movements offers a front row seat to the evolution of Albanian American political activism uncovering the strategies movements and relationships that helped shape U S foreign policy Drawing from exclusive interviews firsthand observations and declassified documents it traces the three defining political movements of Albanian Americans from an early 20th century struggle for Albanian statehood to the grassroots movement's political access and influence at the highest levels today With deep analysis and untold stories Ethnic Interest Groups and U S Foreign Policy The Albanian American Movements reveals how a determined diaspora transformed its influence from the fringes of U S politics to the heart of American foreign policy The book is essential reading for scholars and students studying the impact of interest groups on American foreign policy Balkan history and contemporary issues diaspora movements and immigration and ethnic identity development generally
