Megachurches in Africa

Babatunde A. Adedibu, Felicity Apaah, Okelloh Ogera, Benson O. Igboin, 2024-10-04 The idea of megachurch is pivotal to the nature characteristics and vision of megachurches as a social divine structure grounded on the belief in grand mega God whose omnipotence is revealed encountered and dramatised in space and place Although the concept of megachurch has been discursively and theoretically problematic sprouting and scouting for a big idea grasping that is in itself elusive the book takes a pragmatic detour to engage and nuance and also beat into manageable shape what can readily be construed as megachurch at least in Africa It argues that megachurch is not only related to from the prism of its exponentiality and grandiosity a feature that is pervasive in its conceptualisation but it is also much more inserted into a socio cultural political and religious context that is at once empirical and relatable responsible and responsive daring and appealing local and transnational spiritual and mundane controversial and soothing The institutionalisation of megachurch legitimises its existence radar and reach in terms of social mobilisation charismatics and incarnationality Central to the praxis of megachurches is digital turn that zooms out the Mega Mega powers and affluence of mega pastors mega narratives mega miracles and mega messes All of this is sited and situated most profoundly within the mega failure of state to be responsible and account for mega wealth that African political rulers vanquished into their private lounges The megachurch and state relations might appear complexified and mutually beneficial the knack with which some Africa s megachurches pastors churches churches dribble and meander through this midfield constantly calls to mind the Megachurches Megachurches claim of divine imprimatur and the future of its pentecostality

Assemblies of God in Fiji. National Sunday School Department, **20 Pentecostal Pioneers in Nigeria** Israel O. Olofinjana, 2011-02-04 Ever so often a book comes along that I feel should have been written years ago and this book is one of them As a Christian who found faith in Nigeria in the 80s I was intrigued by stories about God Generals those men and women that led 20th century revivals across the world most of them in the West Now I have in my hands a book that shares some of the stories of some of my fellow countrymen who shaped the faith landscape in Nigeria I am really impressed with the diversity of the leaders identified and the depth of the research undertaken This book in my view should be a must read for anyone interested in origins of Pentecostalism in Nigeria Keno Ogbo Co editor The Black Church in the 21st Century The Lord joined us to the ministry of Benson Idahosa for

20 years and we saw firsthand the reality and power of the gospel in Africa that has touched the world The Lord's sovereign work in the continent is going to impact the globe for generations to come Thank God for the African church of Jesus Christ Millions of strong and faithful believers are coming forth at this critical time as God builds His church Dr Kent Ruth Hodge President of Christian Faith Institute Jos Nigeria Christianity has been recognised to be a growing religion in Sub Sahara Africa The expression of Christianity that is expanding in Africa is Pentecostalism One reason for this growth is the renewal factor which has engulfed the whole continent Nigeria is one of the countries that has and is still experiencing revival that is contributing to local and global Christianity What is the origin of Pentecostalism in Nigeria What contributions did the late Archbishop Benson Idahosa make to the Pentecostal scene in Africa Why is RCCG one of the fastest growing Churches in the World This book considers the history of Pentecostalism in Nigeria by looking at the pioneering efforts of men and women who laid the foundation of the Movement

Teaching in the Life of the Church Darin R. Clements, 2025-04-28 I chose to publish my dissertation for two reasons First though quite narrow in scope as good qualitative research should be this research makes a modest contribution to the growing scholarship on Christianity in Cambodia Second this research makes an empirical contribution to the field of nonformal Christian Education from an Asian context in which Christians are a tiny minority As my literature review indicates the field of nonformal CE is dominated by a North American point of view which ironically is facing a general breakdown of historical CE institutions like Sunday school While much of the literature is useful in the Majority World it does not take into account the education levels educational contexts and social dynamics of places like Cambodia For example the findings from my cases indicate that nonformal CE in Cambodia has more in common with the Sunday school movement in the 19th century than with the functions organizational structures and teaching approaches discussed in current literature As I have presented these ideas in class feedback from students has consistently confirmed that my findings resonate with contexts across Asia Pacific
