Assyrians Kurds And Ottomans Intercommunal Relations On The Periphery

Sargon Donabed

Assyrians Kurds And Ottomans Intercommunal Relations On The Periphery:

Assyrians, Kurds, and Ottomans Hirmis Aboona, 2008 Many scholars in the U S and elsewhere have decried the racism and Orientalism that characterizes much Western writing on the Middle East Such writings conflate different peoples and nations and movements within such peoples and nations into unitary and malevolent hordes uncivilized reservoirs of danger while ignoring or downplaying analogous tendencies towards conformity or barbarism in other regions including the West Assyrians in particular suffer from Old Testament and pop culture references to their barbarity and cruelty which ignore or downplay massacres or torture by the Judeans Greeks and Romans who are celebrated by history as ancestors of the West This work through its rich depictions of tribal and religious diversity within Mesopotamia may help serve as a corrective to this tendency of contemporary writing on the Middle East and the Assyrians in particular Furthermore Aboona's work also steps away from the age old oversimplified rubric of an Arab Muslim Middle East and into the cultural mosaic that is more representative of the region In this book author Hirmis Aboona presents compelling research from numerous primary sources in English Arabic and Syriac on the ancient origins modern struggles and distinctive culture of the Assyrian tribes living in northern Mesopotamia from the plains of Nineveh north and east to southeastern Anatolia and the Lake Urmia region Among other findings this book debunks the tendency of modern scholars to question the continuity of the Assyrian identity to the modern day by confirming that the Assyrians of northern Mesopotamia told some of the earliest English and American visitors to the region that they descended from the ancient Assyrians and that their churches and identity predated the Arab conquest It details how the Assyrian tribes of the mountain dioceses of the Nestorian Church of the East maintained a surprising degree of independence until the Ottoman governor of Mosul authorized Kurdish militia to attack and subjugate or evict them Assyrians Kurds and Ottomans is a work that will be of great interest and use to scholars of history Middle Eastern studies international relations and anthropology

Reforging a Forgotten History: Iraq and the Assyrians in the Twentieth Century Sargon Donabed, 2015-02-01 Who are the Assyrians and what role did they play in shaping modern Iraq Were they simply bystanders victims of collateral damage who played a passive role in the history of Iraq And how have they negotiated their position throughout various periods of Iraq's state building processes This book details the narrative and history of Iraq in the 20th century and reinserts the Assyrian experience as an integral part of Iraq's broader contemporary historiography It is the first comprehensive account to contextualize this native people's experience alongside the developmental processes of the modern Iraqi state Using primary and secondary data this book offers a nuanced exploration of the dynamics that have affected and determined the trajectory of the Assyrians experience in 20th century Iraq

Social Relations in Ottoman Diyarbekir, 1870-1915 Joost Jongerden, Jelle Verheij, 2012-08-03 Social Relations in Ottoman Diyarbekir 1870-1915 offers new perspectives on the political conflicts and violent events that shaped the history of the region

Assyrians in Modern Iraq Alda Benjamen, 2022-02-03 Examines the role of minorities and identity in twentieth century

Iraqi political and cultural history through the relationship between the state and the Assyrians *Genocide in the Ottoman Empire* George N. Shirinian, 2017-02-01 The final years of the Ottoman Empire were catastrophic ones for its non Turkish non Muslim minorities From 1913 to 1923 its rulers deported killed or otherwise persecuted staggering numbers of citizens in an attempt to preserve Turkey for the Turks setting a modern precedent for how a regime can commit genocide in pursuit of political ends while largely escaping accountability While this brutal history is most widely known in the case of the Armenian genocide few appreciate the extent to which the Empire s Assyrian and Greek subjects suffered and died under similar policies This comprehensive volume is the first to broadly examine the genocides of the Armenians Assyrians and Greeks in comparative fashion analyzing the similarities and differences among them and giving crucial context to present day calls for recognition *The Assyrian Genocide* Hannibal Travis, 2017-07-20 For a brief period the attention of the international community has focused once again on the plight of religious minorities in Iraq Syria and Turkey In particular the abductions and massacres of Yezidis and Assyrians in the Sinjar Mosul Nineveh Plains Baghdad and Hasakah regions in 2007 2015 raised questions about the prevention of genocide This book while principally analyzing the Assyrian genocide of 1914 1925 and its implications for the culture and politics of the region also raises broader questions concerning the future of religious diversity in the Middle East It gathers and analyzes the findings of a broad spectrum of historical and scholarly works on Christian identities in the Middle East genocide studies international law and the politics of the late Ottoman Empire as well as the politics of the Ottomans British and Russian rivals for power in western Asia and the eastern Mediterranean basin A key question the book raises is whether the fate of the Assyrians maps onto any of the concepts used within international law and diplomatic history to study genocide and group violence In this light the Assyrian genocide stands out as being several times larger in both absolute terms and relative to the size of the affected group than the Srebrenica genocide which is recognized by Turkey as well as by international tribunals and organizations Including its Armenian and Greek victims the Ottoman Christian Genocide rivals the Rwandan Bengali and Biafran genocides The book also aims to explore the impact of the genocide period of 1914 1925 on the development or partial unraveling of Assyrian group cohesion including aspirations to autonomy in the Assyrian areas of northern Iraq northwestern Iran and southeastern Turkey Scholars from around the world have collaborated to approach these research questions by reference to diplomatic and political archives international legal materials memoirs and literary works Historical Dictionary of the Kurds Michael M. Gunter, 2018-02-20 The failed states of Iraq and Syria plus the rise and fall of ISIS have helped lead to near Kurdish statehood in Iraq the KRG and Kurdish autonomy in Syria Rojava In Turkey too as illustrated by its negotiations and temporary cease fire with the PKK and the rise of the HDP as the first pro Kurdish party to be elected to the Turkish parliament as a party and not as mere independents the Kurds have reached new heights of recognition These major developments and much more are prominently reflected and developed in this new third edition of *Historical Dictionary of the Kurds*

the Kurds This third edition of Historical Dictionary of the Kurds contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture of the Kurds This book is an excellent resource for students researchers and anyone wanting to know more about the Kurds **Syrian-Kurdish Intersections in the Ottoman Period** Stéfan Winter,Zainab

HajHasan,2024-07-31 Syrian Kurdish Intersections in the Ottoman Period is a collection of essays on different aspects of the history of the Kurdish people in Syria under the Ottoman Empire by specialists from Canada Cyprus Germany Iran Japan Jordan Lebanon the Netherlands Syria Turkey and the United States The book explores the junctures and crossings of Kurdish lives Syrian geography in the broadest terms and the Ottoman rule The contributors draw on new research in Ottoman Turkish and Arabic and a range of other archival and narrative sources to examine the history of Kurdish settlement in Syria including Ottoman sedentarization policies Kurdish notable families trade landowning Kurdish Bedouin relations Kurdish Ottoman civil servants Sufism and nineteenth century state reforms Syrian Kurdish Intersections in the Ottoman Period traces a social political economic and religious history across nearly 400 years **Discourses and Practices of**

Othering Banu Baybars,Sarphan Uzunoğlu,Mine Bertan Yılmaz,2022-12-21 This book undertakes the theme of othering as a broad set of practices and discourses It includes as many perspectives as possible while simultaneously providing a focused environment for discussions on how otherization is built across media genres and policy making through cultural and political articulations The book includes a set of chapters that investigate how and to what end others are manufactured and how they are anchored in the collective memory Through an analysis of various media such as film news media and social media it sheds light on the institutional political social and economic forces that form and transform the discourses and practices of othering **The Ottoman East in the Nineteenth Century** Ali Sipahi,Dzovinar Derderian,Yasar Tolga Cora,2016-06-10

The Ottoman East what is also called Western Armenia Northern Kurdistan or Eastern Anatolia compared to other peripheries of the Ottoman Empire has received very little attention in Ottoman historiography So called taboo subjects such as the fate of Ottoman Armenians and the Kurdish Question during the latter years of the Ottoman Empire have contributed to this dearth of analysis By integrating the Armenian and Kurdish elements into the study of the Ottoman Empire this book seeks to emphasise the interaction of different ethno religious groups As an area where Ottoman centralization faced unsurpassable challenges the Ottoman East offers an ideal opportunity to examine an alternative social and political model for imperial governance and the means by which provincial rule interacted with the Ottoman centre Discussing vital issues across this geographical area such as trade routes regional economic trends migration patterns and the molding of local and national identities this book offers a unique and fresh approach to the history and politics of modernization and empire in the wider region

As recognized, adventure as with ease as experience virtually lesson, amusement, as capably as harmony can be gotten by just checking out a book **Assyrians Kurds And Ottomans Intercommunal Relations On The Periphery** next it is not directly done, you could endure even more nearly this life, in relation to the world.
