Between Two Worlds, 2005 **Between Two Worlds** Siegbert Salomon Prawer, S. S. Prawer, 2007 Jews have been well represented in the cinema industry from the beginning of the film era behind the screen as producers distributors directors script writers composers set designers and on the screen as Jewish actors and as named Jewish characters in the film's plot Some of these characters are fictional others ranging from Rabbi Loew of Prague to Ferdinand Lassalle and Alfred Dreyfus have a historic original This book examines how a variety of German and Austrian films treat aspects of Jewish life at home and in the synagogue and Jewish interaction with fellow Jews in different cultural environments conflicts and accommodations between Jews and non Jews at various times ranging from the medieval to the contemporary The author one of the best known scholars in film history theory and criticism offers the reader a rich panorama of the many Jews involved in all spheres of the cinema and who as the author reminds us repeatedly together with their non Jewish contemporaries created a great industry and new forms of art Jews, Cinema and Public Life in Interwar Britain Gil Toffell, 2018-11-03 This book investigates a Jewish orientation to film culture in interwar Britain It explores how pleasure politics and communal solidarity intermingled in the cinemas of Jewish neighbourhoods and how film was seen as a vessel through which Jewish communal concerns might be carried to a wider public Addressing an array of related topics this volume examines the lived expressive cultures of cinemas in Jewish areas and the ethnically specific films consumed within these sites the reception of film stars as representations of a Jewish social body and how an antisemitic canard that understood the cinema as a Jewish monopoly complicated its use as a base for anti fascist activity In shedding light on an unexplored aspect of British film reception and exhibition Toffell provides a unique insight into the making of the modern city by migrant communities The title will be of use to anyone interested in Britain's interwar leisure landscape the Jewish presence in modernity and a cinema studies sensitised to the everyday experience of audiences Antisemitism in Film Comedy in Nazi Germany Valerie Weinstein, 2020-03-04 How party propagandists worked behind the scenes to create unspoken racist messages in the German

culture even in the most lighthearted of movies Today many Germans look back fondly on 1930s film comedies viewing them as a part of the Nazi era that was not tainted with antisemitism Here Valerie Weinstein scrutinizes these comic productions and demonstrates that film comedy despite its innocent appearance was a critical component in the effort to separate Jews from Germans physically economically and artistically Weinstein highlights how the German propaganda ministry used directives pre and post production censorship financial incentives and influence over film critics and their judgments to replace Jewish wit with a slower simpler and more direct German humor that affirmed values that the Nazis associated with the Aryan race Through contextualized analyses of historical documents and individual films Weinstein reveals how humor coded hints and traces absences and substitutes in Third Reich film comedy helped spectators imagine an abstract Jewishness and a German identity and community free from the former As resurgent populist nationalism and overt racism continue to grow around the world today Weinstein s study helps us rethink racism and prejudice in popular culture and reconceptualize the relationships between film humor national identity and race

Translating Silent Cinema Dror Abend-David, 2025-09-17 Translating Silent Cinema examines closely the translation adaptation and reception of three silent films in English German and Yiddish to argue that the study of film translation should extend beyond textual translation to a wide selection of primary materials and the consideration of social economic cultural and historical contexts Close readings of *Der Kaufmann von Venedig* *The Merchant of Venice* 1923 *Das alte Gesetz* *The Ancient Law* 1923 and *Ost und West* *East and West* 1923 raise a theoretical question Can we discuss films in the same way that we discuss theater productions regarding each individual screening as a performance and compose a performance history of different films As no two film screenings are the same the author highlights the importance of a multidisciplinary approach to translation that combines insights from film studies translation studies and cultural and historical contexts Furthermore in linguistic comparison and in the study of the reception of the films in each language this book argues that each film is the subject of very different receptions under very different circumstances It also analyzes the relevance of films that were made in Austria and in Germany during the 1920s on Jewish themes to a contemporary debate about immigration racism and discrimination This book s pioneering analysis of the study of film translation encompasses a wide context of multiplicity of ideologies economic interests and historical contexts It will be of interest for readers in translation studies particularly in audiovisual translation film studies German studies and German cinema and Jewish studies and cinema

The Emergence of Film Culture Malte Hagener, 2014-09-01 Between the two world wars a distinct and vibrant film culture emerged in Europe Film festivals and schools were established film theory and history was written that took cinema seriously as an art form and critical writing that created the film canon flourished This scene was decidedly transnational and creative overcoming traditional boundaries between theory and practice and between national and linguistic borders This new European film culture established film as a valid form of social expression as an art form and as a political force to be reckoned with By examining the extraordinarily

rich and creative uses of cinema in the interwar period we can examine the roots of film culture as we know it today
