Beyond Belief Jenna Miscavige Hill, Lisa Pulitzer, 2013-02-05 Jenna Miscavige Hill niece of Church of Scientology leader David Miscavige was raised as a Scientologist but left the controversial religion in 2005 In *Beyond Belief* she shares her true story of life inside the upper ranks of the sect details her experiences as a member Sea Org the church's highest ministry speaks of her disconnection from family outside of the organization and tells the story of her ultimate escape Piercing the veil of secrecy that has long shrouded the world of Scientology this insider reveals unprecedented firsthand knowledge of the religion its obscure rituals and its mysterious leader David Miscavige From her prolonged separation from her parents as a small child to being indoctrinated to serve the greater good of the Church from her lack of personal freedoms to the organization's emphasis on celebrity recruitment Jenna goes behind the scenes of Scientology's oppressive and alienating culture detailing an environment rooted in control in which the most devoted followers often face the harshest punishments when they fall out of line Addressing some of the Church's most notorious practices in startling detail she also describes a childhood of isolation and neglect a childhood that painful as it was prepared her for a tough life in the Church's most devoted order the Sea Org Despite this hardship it is only when her family approaches dissolution and her world begins to unravel that she is finally able to see the patterns of stifling conformity and psychological control that have ruled her life Faced with a heartbreaking choice she mounts a courageous escape but not before being put through the ultimate test of family faith and love At once captivating and disturbing *Beyond Belief* is an eye opening exploration of the limits of religion and the lengths to which one woman went to break free *Reclaiming My Decade Lost in Scientology* Sands

Hall, 2018-03-01 With its keen attention to the language and tactics of the church Hall's memoir is unique among the assortment of Scientology reports and exposes offering insight into the certainties that its subjects gain *The Nation* In the secluded canyons of 1980s Hollywood Sands Hall a young woman from a literary family strives to forge her own way as an artist But instead Hall finds herself increasingly drawn toward the certainty that Scientology appears to offer Her time in the Church includes the secretive illness and death of its founder L Ron Hubbard and the ascension of David Miscavige In this compelling memoir Hall reveals what drew her into the religion with its intrigues and unique contemporary vision and how she came to confront its darker sides and finally escape Some of the most penetrating illuminating prose about how an educated and skeptical person could get so deeply into and then struggle to escape what everyone around her warned was a dangerous cult brilliant *The Underground Bunker* If it is Scientology's offer of a life with meaning that hauls her in it is its approach to meaning that keeps her Hall's fascination with this is palpable Camille Ralphs *The Times Literary Supplement*

Handbook of Scientology James R. Lewis, 2017-01-05 *The Handbook of Scientology* brings together a collection of fresh studies of the most persistently controversial of all contemporary New Religions In recent years increasing scholarly attention has been directed at the Church of Scientology resulting in a small tsunami of new scholarship We have finally

reached a point in time where a book on Scientology need not restrict itself to basics Thus for example the historical chapters in the present volume are not really aimed at providing elementary facts on Scientology s background but rather focus on understanding how the Church of Scientology developed over the years In short the Handbook of Scientology will provide a wealth of new information on a topic that one might otherwise have thought exhausted Contributors are Matthew Charet Dorthe Refslund Christensen Carole M Cusack Bernard Doherty Marco Frenschkowski Liselotte Frisk Kjersti Helles y Don Jolly James R Lewis Renee Lockwood Andr s M t T th G bor D niel Nagy Johanna Petsche Erin Prophet Susan Raine David G Robertson Mikael Rothstein Lisbeth Tuxin Rubin Nicole S Ruskell Shannon Trospen Schorey Michelle Swainson Inga B rdsen T llefsen Hugh G Urban Donald A Westbrook and Benjamin Zeller Terror, Love and Brainwashing Alexandra Stein,2016-11-03 Written by a cult survivor and renowned expert on cults and totalitarianism Terror Love and Brainwashing draws on the author s 25 years of study and research to explain how almost anyone given the right set of circumstances can be radically manipulated to engage in otherwise incomprehensible and often dangerous acts Illustrated with compelling stories from a range of cults and totalitarian systems from religious to political to commercial the book defines and analyses the common and identifiable traits that underlie almost all these groups It focuses on how charismatic authoritarian leaders control their followers attachment relationships via manipulative social structures and ideologies so that emotionally and cognitively isolated they become unable to act in their own survival interests Using the evolutionary theory of attachment to demonstrate the psychological impact of these environments and incorporating the latest neuroscientific findings Stein illustrates how the combined dynamic of terror and love works to break down people s ability to think and behave rationally From small local cults to global players like ISIS and North Korea the impact of these movements is widespread and growing This important book offers clarity and a unique perspective on the dynamics of these systems of control and concludes with guidance to foster greater awareness and prevention It will be essential reading for mental health professionals in the field as well as policy makers legal professionals cult survivors and their families as well as anyone with an interest in these disturbing groups Students of social and developmental psychology will also find it fascinating *The Kingdom of the Cults* Walter Martin,2019-05-21 In an era of rapid growth of false religions worldwide Christians need information they can trust This comprehensive new edition of the leading book on cults will equip you no matter your background to understand and use biblical truth to counter false religions including many that masquerade as mainstream Christianity Reflecting the developments in cults and world religions in recent years this edition updated by expert Jill Martin Rische daughter of Walter Martin gives you the authoritative information you need to know As our culture becomes less and less outwardly Christian awareness of the belief systems of those around us has never been more vital Readable and reliable for everyone whether you re a teacher a pastor or a regular church attender The Kingdom of the Cults remains the go to reference book on this crucial topic *Giving the Devil His Due* Michael Shermer,2020-04-09 Explores how free speech and open inquiry are

integral to science politics and society for the survival and progress of our species

Escaping Utopia Janja Lalich, Karla McLaren, 2017-09-01 We think of cults as bizarre inexplicable or otherworldly places that only strange people inhabit but cults and other abusive and high demand groups and relationships are actually quite commonplace In fact the behaviors social pressures and authoritarian structures that create cults exist to a greater or lesser extent in every human relationship and every human group In the first in depth research of its kind the author interviewed sixty five people who were born in or grew up in thirty nine different cultic groups spanning more than a dozen countries What s especially interesting about these individuals is that they each left the cult on their own without outside help or internal support In *Escaping Utopia Growing Up in a Cult Getting Out and Starting Over* the authors craft Lalich s original and groundbreaking research into an accessible and engaging book the first of its kind focusing on this particular population
