In the competitive work environment today, irrespective of who you are—a start-up entrepreneur, a C-level executive, a manager, or an entry-level employee—if you are unable to shape up, the only option left is to ship out. This is probably why the global corporate training industry is in high demand and is one of the fastest-growing sectors, with a valuation of 300 billion and growth of 8% per annum. While employees joining organisations are reasonably trained for the work, they are often not sufficiently trained for the workplace. In this book, IITian turned ISKCON monk Rasikraman Das tries to plug in this gap with a unique blend of ethics from the ancient epics such as the Ramayana and also the Bhagavad Gita, as well as techniques of successful tycoons of our times such as Steve Jobs and Bill Gates. He shares success hacks for crucial workplace skills such as communication, decision-making, teamwork, leadership, strategic planning, change management, etc., which shall make you stand out and succeed at your workplace. Each chapter comes armed with ready-to-apply models and worksheets to use the knowledge as we go along. *Be the Smarter You Workplace* is the book you need to be your best self professionally. *Walter Isaacson Great Innovators e-book boxed set* Walter Isaacson, 2011-10-24
