Addition Subtraction Facts To 10 Workbook:

Addition and Subtraction Facts to 10 Workbook Maria Miller, 2016-01-02 Addition Subtraction Facts to 10 Workbook deals with basic addition and subtraction facts within 0 10 and is appropriate for students in first grade The final goal is to learn to use the addition facts to find the answer to subtraction problems For example once the student knows that $5 + 5 = 10$ then this fact is used to solve $10 - 5 = 5$ For this purpose the student must learn well the connection between addition and subtraction This is why this book concentrates heavily on the connection between addition and subtraction with several lessons ending up with the concept of fact families In this book we encounter several lessons named Addition and Subtraction Facts with They aim at helping the child to memorize the basic addition and subtraction facts We are approaching it from the concept of fact families These lessons have a lot of practice problems Use your judgment as to whether the student will need to do all of the problems If he/she masters the facts quickly you can skip some of them Besides the written problems I encourage you to use the games that are explained on the next page Children like to play and using the addition and subtraction facts in a game gives them fun and education in the same package Addition Subtraction to 10.
