Sub: Thank you letter

Dear sir,
I would like to thank you for providing me an opportunity to appear in interviews of college admissions. I am interested in engineering research since my childhood and I have developed several projects and prototypes and submitted it's details to the interviewer at college. I request you to go through my research projects and provide me an opportunity to study at your college. I assure you to give my best efforts in research if I get a chance to study at High world engineering college.

Thanks,

In the Basement of the Ivory Tower Professor X, 2011-03-31 A caustic expose of the deeply state of our colleges America's most expensive Ponzi scheme What drives a former English major with a creative writing degree several unpublished novels three kids and a straining marriage to take a job as a night teacher at a second rate college An unaffordable mortgage As his house starts falling apart in every imaginable way Professor X grabs first one then two jobs teaching English 101 and 102 composition and literature at a small private college and a local community college He finds himself on the front lines of America's academic crisis It's quite an education This is the story of what he learns about his struggling pupils about the college system a business more bent on its own financial targets than the wellbeing of its students about the classics he rediscovers and about himself Funny wry self deprecating and a provocative indictment of our failing schools In the Basement of the Ivory Tower is both a brilliant academic satire and a poignant account of one teacher's seismic frustration and unlikely salvation as his real estate woes catapult him into a subprime crisis of an altogether more human nature
