Forensic Psychology and Neuropsychology for Criminal and Civil Cases Harold V. Hall, 2007-11-19 Greater Understanding Better Evaluations Today s increasingly sophisticated psychological and neuropsychological assessments allow for greater understanding and evaluations in forensic psychology By integrating discussions of modern psychological and neuropsychological tests with extant civil and criminal cases this book presents a unique resource for insight into the impact of modern behavioral science on the legal system Foundational Criminal and Civil Issues Divided into three parts this timely

compilation of articles from national and international experts begins with foundational issues such as the legal ethical and applied aspects of mitigation evaluations It examines violence prediction and risk analysis violence in the family and the detection of malingering and deception in forensic evaluations Part 2 looks at the psychological issues found in criminal forensic evaluation This section discusses assessments of competence to stand trial mitigatory defenses and hostage negotiation as well as the psychological impact of officer involved shootings The final part focuses on neuropsychological evaluation as it is relevant to civil cases including worker s compensation malingered pain and memory deficits and parental assessment in child maltreatment cases Template Case Studies Providing several full case studies in more than a dozen appendices this book addresses both psychological and neuropsychological concepts in the context of the legal system and allows for a practical understanding and application of behavioral legal and ethical issues in civil and criminal cases

Forensic Mental Health Assessment in Criminal Contexts Noah K Kaufman,Shane S Bush,Nicole R.

Schneider,Scotia J. Hicks,2022-02-09 This valuable compendium advances the understanding of mental health case law making it highly accessible to practicing forensic professionals Divided into two parts the first section focuses on explaining important topics related to forensic psychological and forensic neuropsychological assessment while the second section stands on its own as a collection of fascinating legal cases with high relevance to mental health and legal professionals interested in how mental health disorders impact criminal behavior among juveniles and adults The book begins with an accessible primer on abnormal behavior exploring the links between criminal behavior and mental health disorders It goes on to thoroughly describe what goes into forensic psychological and forensic neuropsychological evaluations including discussion about the Federal Rules of Evidence as they pertain to evidence generation during the mental health evaluation process The book also focuses on psychometric concepts including reliability validity sensitivity and specificity as well as an exploration of science and the law which includes a discussion about the difference between science and pseudoscience the different sources of law constitutions statutes and case law and how the intellectually competitive practice of law is similar to the enterprise of science Ethical issues faced by the forensic mental health worker are also addressed The second section of the book Legal Cases for the Forensic Mental Health Professional is an alphabetical summary of important and interesting legal cases with relevance for mental health professionals These cases offer real world significance while summarizing complex legal decisions through a neuropsychological sieve to allow both legal and psychological communities to better understand each other s professions This book will be an invaluable resource for forensic psychologists forensic neuropsychologists forensic psychiatrists and other mental health professionals whose work brings them into contact with the juvenile justice and adult criminal justice system It will also be of interest to legal professionals criminal justice departments and law schools *Forensic Neuropsychological Evaluation of the Violent Offender* Charles J. Golden,Lisa Lashley,2014-03-13 This book focuses on the importance of using a brain behavior relationship framework for the successful

use of neuropsychological evaluations for courtroom purposes It stresses the need to understand the offender as a unique individual assessed accordingly from cognitive and personality perspectives The desired goal is to reach a more nuanced evaluation rather than a compilation of test scores This book clearly explains the circumstances that prevent proper testing including batteries that are confusing or frustrating to the person being tested or those that cause fatigue thus interfering with an appropriate picture of cognitive motor and sensory skills Irrelevance of some tests for addressing the reason for referral is also covered as is the importance of setting and adequate time for evaluation When dealing with court cases involving the violent offender the evaluation is critical to the establishment of the factors that motivated the crime In most cases the issue is not insanity but rather an understanding for legal purposes of the cognitive and emotional processes that explain how a crime occurred This book provides a concise overview of the issues involved and how to provide the best scientific information to satisfy the pursuit of justice

The Making of Lee Boyd Malvo Carmeta Albarus, 2012-08-28 The best explanation I have yet read for the madness that was the Beltway sniper spree can be found in the pages of this fascinating new book The Atlantic In October of 2002 a series of sniper attacks paralyzed the Washington Beltway turning normally placid gas stations parking lots restaurants and school grounds into chaotic killing fields After the spree ten people were dead and several others wounded The perpetrators were forty one year old John Allen Muhammad a veteran of the first Gulf War and his seventeen year old protégé Lee Boyd Malvo In this intimate and carefully documented account social worker Carmeta Albarus who served on Malvo's defense team and researched his background details the nature of Malvo's tragic attachment to his perceived hero father his indoctrination and his subsequent dissociation She recounts her role in helping to extricate Malvo from the psychological clutches of Muhammad which led to a dramatic courtroom confrontation with the man who manipulated and exploited him Psychologist Jonathan H Mack identifies and analyzes the underlying clinical psychological and behavioral processes that led to Malvo's dissociation and turn toward serial violence With this tragic tale the authors emphasize the importance of parental attachment and the need for positive and loving relationships during the critical years of early childhood development By closely examining the impact of Lee Boyd Malvo's childhood on his later development they reach out to parents social workers and the community for greater awareness and prevention The book can be illuminating especially when Albarus describes what it was like to pierce Malvo's shield and help wrest his psyche from Muhammad The Newark Star Ledger Fascinating Publishers Weekly

[A Closer Look at Juvenile Homicide](#) Katelyn A. Hernandez, Sara Ferguson, Tom D. Kennedy, 2020-02-29 This book focuses on the small but disturbing percentage of homicides by children that occur each year providing a brief overview of the legal individual and social aspects of this phenomenon Since the 1980s these crimes have been on the rise and the resulting legal response has been harsher punishments as well as treatment of children like adults This has led to a host of failures in the juvenile justice system wherein recidivism is high and general outcome is low The book reviews the literature on youth homicide including gender

age and race factors as well as individual familial and environmental risks The authors seek to aid in the identification and understanding of juvenile homicide to raise awareness of both a population that receives little formal psychological intervention and of the systemic deficiencies that affect these individuals as well as society itself Exploring current theories trends and common factors in juvenile homicide this brief aims to improve prevention intervention and reintegration of young offenders into the community

A Casebook of Ethical Challenges in Neuropsychology Shane S. Bush,2004-11-23 The American Psychological Association published a revision of the Ethical Principles of Psychologists and Code of Conduct in 2002 This text a companion to the 2002 text Ethical Issues in Clinical Neuropsychology by Bush and Drexler presents the reader with common ethical challenges in neuropsychology This text examines the differences between the 1992 and 2002 APA Ethics Codes as they relate to neuropsychological activities The authors present cases and discuss ethical issues related to neuropsychological practice with a variety of patient populations and in a variety of clinical settings In addition ethical issues in neuropsychological research and test development are examined The text also includes chapters on emerging and particularly challenging aspects of neuropsychological practice such as the assessment of response validity and the use of information technology and telecommunications Through the use of case illustrations the authors examine ethical issues in neuropsychology and the new Ethics Code offering a practical approach for understanding and promoting ethical neuropsychological practice
