contributes to the growing conversation on American inequality by highlighting one of its prime causes unequal credit Mehrsa Baradaran examines how a significant portion of the population deserted by banks is forced to wander through a Wild West of payday lenders and check cashing services to cover emergency expenses and pay for necessities all thanks to deregulation that began in the 1970s and continues decades later Baradaran argues persuasively that the banking industry fattened on public subsidies including too big to fail bailouts owes low income families a better deal *How the Other Half Banks* is well researched and clearly written The bankers who fully understand the system are heavily invested in it Books like this are written for the rest of us Nancy Folbre New York Times Book Review *How the Other Half Banks* tells an important story one in which we have allowed the profit motives of banks to trump the public interest Lisa J Servon American Prospect

Rule of the Robots Martin Ford, 2021-09-14 The New York Times bestselling author of *Rise of the Robots* shows what happens as AI takes over our lives If you have a smartphone you have AI in your pocket AI is impossible to avoid online And it has already changed everything from how doctors diagnose disease to how you interact with friends or read the news But in *Rule of the Robots* Martin Ford argues that the true revolution is yet to come In this sequel to his prescient New York Times bestseller *Rise of the Robots* Ford presents us with a striking vision of the very near future He argues that AI is a uniquely powerful technology that is altering every dimension of human life often for the better For example advanced science is being done by machines solving devilish problems in molecular biology that humans could not and AI can help us fight climate change or the next pandemic It also has a capacity for profound harm Deep fakes AI generated audio or video of events that never happened are poised to cause havoc throughout society AI empowers authoritarian regimes like China with unprecedented mechanisms for social control And AI can be deeply biased learning bigoted attitudes from us and perpetuating them In short this is not a technology to simply embrace or let others worry about The machines are coming and they won't stop and each of us needs to know what that means if we are to thrive in the twenty first century And *Rule of the Robots* is the essential guide to all of it both AI and the future of our economy our politics our lives

The Birth of Grapevine Health Lisa K. Fitzpatrick, 2023-09-18 The COVID 19 pandemic has taught the world many things but one of the most crucial is the need to communicate tailored health information through trusted messengers effectively *The Birth of Grapevine Health* chronicles the experiences of one physician Dr Lisa Fitzpatrick a CDC trained medical epidemiologist on a mission to deliver trusted health information to the Black community through Grapevine Health a community and health outreach organization she started with the aim to improve patient engagement and health literacy in underserved communities through the digital delivery of tailored health messages Fitzpatrick reveals why she began building an organization that in 2020 appeared tailored for the COVID 19 pandemic long before that crisis unfolded across the globe Frustrated by the lack of progress in addressing health inequity Dr Lisa moved into an under resourced community to become proximal enough to better understand health inequity and the structural and policy changes needed to address it She

weaves her professional experiences with storytelling and lessons learned into a call to action for healthcare leaders decisionmakers and funders to move beyond data collection and shift toward action to focus on health prevention move our health support further upstream and ultimately improve health outcomes for underserved communities The Birth of Grapevine Health is part memoir part health equity playbook and offers a roadmap to actions needed to achieve health equity At a time when health equity conversations seem ubiquitous what sets The Birth of Grapevine Health apart is its embrace and integration of community voice This book delivers deep insights and at times uncomfortable advice through the eyes of Black and brown patients and their communities about what it will take to achieve health equity *KILL BILLS!* Joel Gibson,2019-10-01 Kill Bills is the bible for saving thousands of dollars on your major household bills From power bills to telco mortgage insurance credit cards petrol and groceries it describes the 9 Insider Tricks You Need to Win the War on Household Bills You ll start saving straight away thanks to simple strategies with names like The De Niro The Mystery Shopper The Elizabeth Taylor and The Red Dog Backed by the team of money saving experts at One Big Switch Joel Gibson has gathered 7 years of shortcuts hacks and loopholes all so you don t have to In a hurry There s a step by step guide to saving over 1000 in an afternoon Got a big power bill or insurance renewal Kill Bills will help you take the power and the dollars back with in depth chapters on 9 of the major household bills and how those industries work Want to become a fully fledged money saving black belt Read this book from cover to cover and it will arm you with everything you need to kick some serious household bill backside *InfoWorld* ,2001-06-11 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects The Marketing Plan William Luther,2011-03-09 The rules for creating a knock out marketing plan have completely changed With the advent of digital business strategies it may seem like you need to start from scratch In his trusted classic now completely updated to reflect the latest changes in digital marketing Bill Luther shows readers how to navigate this perilous landscape while staying true to your current marketing strategy and the tools that work best for your business With answers to important marketing questions in each chapter readers will identify their marketing objectives and deploy specific strategies for every stage of the marketing cycle from competitive and market analysis to planning budgeting brand development and management The up to the minute fourth edition of The Marketing Plan pairs case studies and examples from major brand successes of the last ten years with access to online software that aids in decision making pricing budget calculations and sales projections providing everything you need to produce an impressive and professional marketing plan A Practical Guide to Computer Forensics Investigations Darren R.
