The Genesis of Perfection Gary A. Anderson,2002-04-15 A careful examination of the earliest biblical interpretations of Genesis considers such topics as human destiny the Creation sexuality sin and forgiveness from the perspectives of both Judaism and Christianity

The Bible, Sexuality, and Culture Brian Neil Peterson,2021-05-26 We are living in a rapidly changing culture Since the 1960s the changes in our sexual ethics have become increasingly problematic How are people especially Evangelicals and other conservative Christians supposed to respond Does the Bible address these seismic changes How is a believer supposed to raise a family in the cultural chaos of the twenty first century If you have asked any of these questions before then this book is for you Peterson argues forcefully that the changes in our culture are a direct result of a postmodern and post Christian cultural rejection of the mandates established by God in the opening two chapters of Genesis The reason Western culture is imploding morally is directly connected to the Enemy s undoing of each of the Genesis mandates established by God for human and cultural flourishing With Western culture s rejection or undoing of every one of God s mandates in Genesis is there any hope for the survival of once thriving Judeo Christian cultures Peterson tackles these and many other issues in a forthright and unreserved manner This book is not for the faint of heart It is a call for a return to cultural sanity rooted in the fear of God and his Word

Forbidden Fruit Mark D. Regnerus,2009-08-19 Americans remain deeply ambivalent about teenage sexuality Many presume that such uneasiness is rooted in religion But how exactly does religion contribute to the formation of teenagers sexual values and actions What difference if any does religion make in adolescents sexual attitudes and behaviors Are abstinence pledges effective What does it mean to be emotionally ready for sex Who expresses regrets about their sexual activity and why Tackling these and other questions

Forbidden Fruit tells the definitive story of the sexual values and practices of American teenagers paying particular attention to how participating in organized religion shapes sexual decision making Merging analyses of three national surveys with stories drawn from interviews with over 250 teenagers across America Mark Regnerus reviews how young people learn and what they know about sex from their parents schools peers and other sources He examines what experiences teens profess to have had and how they make sense of these experiences in light of their own identities as religious moral and responsible persons Religion can and does matter Regnerus finds but religious claims are often swamped by other compelling sexual scripts Particularly interesting is the emergence of what Regnerus calls a new middle class sexual morality which has little to do with a desire for virginity but nevertheless shuns intercourse in order to avoid risks associated with pregnancy and STDs And strikingly evangelical teens aren't less sexually active than their non evangelical counterparts they just tend to feel guiltier about it In fact Regnerus finds that few religious teens have internalized or are even able to articulate the sexual ethic taught by their denominations The only and largely ineffective sexual message most religious teens are getting is Don't do it until you're married Ultimately Regnerus concludes religion may influence adolescent sexual behavior but it rarely motivates sexual decision making

What the Bible "Really" Says about Sex Tom Gruber, 2001 What the Bible Really says About Sex and what many people think the Bible says about sex are two different things Although the Bible clearly condemns immoral sexual behaviour to go beyond what the Bible clearly teaches is legalism Words like adultery fornication and lust do not mean the same things today that they meant in biblical times We've also lost sight of the reasons behind the rules What the Bible Really says about Sex makes a compelling biblical case for responsible non monogamy also known as polyamory It also grapples with other difficult ethical questions concerning nudity prostitution pornography homosexuality situation ethics polygamy the sin of Adam and Eve procreation marriage safe sex love sex after the resurrection and family values Tom Gruber gets to the crux of the matter with laser sharp clarity Gruber writes in a style that a layman can easily understand a skeptic cannot easily refute and a scholar cannot easily dispute This highly controversial book is a must read for all open minded individuals seeking an accurate understanding of What the Bible Really says About Sex

Sex Was God's Idea Dean Robertson, 2023-01-18 Heretic a person who differs in opinion from established religious dogma Well this is clearly a convincing look at a subject that differs in opinion from established religious dogma Lust marriage sex prostitution concubines a wondering eye sin fornication church history and other previously lustful taboo topics are bravely and carefully exposed in the light of Bible passages This timely work is a scriptural look at long held Christian doctrine that makes good sense It will stretch your mind and may well bring peace to other wise troubled and tormented souls It is backed point by point by considerable scriptures without stretching it and it may well leave you saying I have always suspected that The author lays out clear repeated biblical evidence after clear repeated biblical evidence that the Christian world has rarely had the courage to look at and still not throw the baby out with the bath water on this topic Dive into this well presented book and you may well be the recipient of the author's desire to set men and women free from guilt and bondage concerning sex and marriage Father Bernard Hemmingsworth retired World Wide Anglican Communion 2

What the Bible Says About Sex Jeremiah Cataldo, 2022-08-12 When it comes to sex the Bible is marred by inequality To address the consequences of that What the Bible Says About Sex asserts that modern perspectives on sexuality and gender should be separated from the more constraining historical views of traditional biblical interpretation What does the Bible say about sexuality How have traditions of biblical interpretation influenced our understanding of sex and gender What the Bible Says About Sex answers that and many other questions Not shy it analyzes why the Church claimed dominion over marriage while the female body remained a source of potential evil It wrestles with how sexuality is used not only in the past but also in the present to reinforce notions of honor and how it can be used to manipulate others Deftly it handles a discussion of semen as both profane and the seed of life It looks brazenly at the pornographic and the erotic passages of the Bible and how traditions of interpretation veiled them With the Bible frequently invoked to support arguments in the present age over the moral limits of sexuality and gender having a greater awareness of what the Bible says about sex and how it is and has been interpreted is critical now more than ever What the Bible Says About Sex is suitable for students scholars and the general reader with an interest in sexuality and the Bible and sex and desire in both ancient and modern Christianity
