Beijing From Imperial Capital To Olympic City:

Beijing Lillian M. Li, 2007 Beijing , 2007 **Beijing** Lillian M. Li, Alison Dray-Novey, Haili Kong, 2008-04-29

Chronicles the history of Beijing from its earliest days to the twenty first century discussing how economic growth as well as preparations for the 2008 Olympics have affected the city **Emperor Qianlong's Hidden Treasures** Nicole T. C. Chiang, 2019-08-15 In this stunning reassessment Nicole T C Chiang argues that the famous Qianlong art collection is really the collection of the imperial household in the Qianlong reign The distinction is significant because it strips away the modern Eurocentric preconceptions that have led scholars to misconstrue the size of the collection the role of nationalism in its formation the distinction between art and artifact and the actual involvement of the emperor in assembling the collection No one interested in Chinese art will be able to ignore the ramifications of this important study Emperor Qianlong s Hidden Treasures Reconsidering the Collection of the Qing Imperial Household argues that the size of the collection was actually smaller than previously stated Moreover the idea that the collection put the whole of the empire on display and thereby promoted political unity does not square with the reality that most of the collection was hidden away Instead the collection was primarily for the emperor s gaze alone Chiang further explains that the collection was largely the product of work done by many specialists working at the Qianlong court noting that the emperor often assumed a more supervisory role Preliminary drawings patterns models and prototypes of the items made in the imperial workshops also formed an important part of the collection as they served to establish standardized models used to run the imperial household The collection was thus both broader and narrower than previously stated Chiang has identified many misguided assumptions about the Qing imperial collection In their place she proposes a new definition of an imperial collection that does not give primacy to art objects This bold revisionist thesis may be controversial but it is important and deserves to be read widely for this exact reason Dorothy Ko Barnard College Columbia University Chiang makes a new argument which will contribute to the literature on Qing imperial art She shows that a distinction should be made between the Qianlong emperor s activities in commissioning objects from the palace workshop and his activities in accumulating assessing and cataloguing objects that went into what she calls the imperial household collection This work will attract wide attention from scholars in art history Evelyn S Rawski University of Pittsburgh Mapping Modern Beijing Weijie Song, 2017-11-17 Mapping Modern Beijing investigates the five methods of representing Beijing a warped hometown a city of snapshots and manners an aesthetic city an imperial capital in comparative and cross cultural perspective and a displaced city on the Sinophone and diasporic postmemory by authors travelling across mainland China Taiwan Hong Kong and overseas Sinophone and non Chinese communities The metamorphosis of Beijing s everyday spaces and the structural transformation of private and public emotions unfold Manchu writer Lao She s Beijing complex about a warped native city Zhang Henshui s popular snapshots of fleeting shocks and everlasting sorrows illustrate his affective mapping of urban transition and human manners in

Republican Beijing Female poet and architect Lin Huiyin captures an aesthetic and picturesque city vis vis the political and ideological urban planning The imagined imperial capital constructed in bilingual transcultural and comparative works by Lin Yutang Princess Der Ling and Victor Segalen highlights the pleasures and pitfalls of collecting local knowledge and presenting Orientalist and Cosmopolitan visions In the shadow of World Wars and Cold War a multilayered displaced Beijing appears in the Sinophone postmemory by diasporic Beijing native Liang Shiqiu Taiwan sojourners Zhong Lihe and Lin Haiyin and migr martial arts novelist Jin Yong in Hong Kong Weijie Song situates Beijing in a larger context of modern Chinese language urban imaginations and charts the emotional topography of the city against the backdrop of the downfall of the Manchu Empire the rise of modern nation state the 1949 great divide and the formation of Cold War and globalizing world Drawing from literary canons to exotic narratives from modernist poetry to chivalric fantasy from popular culture to urban planning Song explores the complex nexus of urban spaces archives of emotions and literary topography of Beijing in its long journey from imperial capital to Republican city and to socialist metropolis

Sport, Revolution and the Beijing Olympics Grant Jarvie, Dong-Jhy Hwang, Mel Brennan, 2008-05-15 The 2008 Olympic Games will be held in Beijing but many human rights activists support a boycott They liken the circumstances to previous governments that used the games to glorify their regimes most notoriously the Nazis in 1936 What has led to this perception and is it fair Sport Revolution and the Beijing Olympics is a cultural history of sport in China that challenges many such ingrained Western assumptions The authors unpick the relationship of sport to imperialism and revolution and examine its significance in both China and Taiwan at governmental and everyday levels In the process they successfully debunk harmful myths such as the prevalence of drugs in Chinese sport among women athletes and present a balanced view that is a much needed corrective to popular
