Albrecht Altdorfer And The Origins Of Landscape Revised And Expanded Second Edition:

Albrecht Altdorfer and the Origins of Landscape Christopher S. Wood, Albrecht Altdorfer, 1993-12 Altdorfer's landscapes offer a densely textured interpretation of that quintessentially German place the forest interior As Wood explains however these scenes far from doctrinally innocent the forest that Altdorfer painted drew and etched is both a refuge from Christian rites and a mythical setting of idolatry In producing his landscapes Altdorfer flaunted and exaggerated the formal principles of a regional pictorial tradition Wood demonstrates that the abrasive surface effects incessant ornamental movement and structural impenetrability of these pictures make them the incunabula of a self resistance to literal readings Altdorfer's landscapes also resemble the exactly contemporary pastorals and allegories of Giovanni Bellini Lorenzo Lotto and Giorgione Because of Altdorfer's influence on the next generation of German and Netherlandish artists his work forms a crucial link between Northern religious imagery and the modern development of landscape of a genre **Albrecht**

Crime Scenery in Postwar Film and Photography Henrik Gustafsson, 2019-05-24 This book offers a rare and innovative consideration of an enduring tendency in postwar art to explore places devoid of human agents in the wake of violent encounters To see the scenery together with the crime elicits a double interrogation not merely of a physical site but also of its formation as an aesthetic artefact and ultimately of our own acts of looking and imagining Closely engaging with a vast array of works made by artists filmmakers and photographers each who has forged a distinct vantage point on the aftermath of crime and conflict the study selectively maps the afterlife of landscape in search of the political and ethical agency of the image By way of a thoroughly interdisciplinary approach **Crime Scenery in Postwar Film and Photography** brings landscape studies into close dialogue with contemporary theory by paying sustained attention to how the gesture of retracing past events facilitates new configurations of the present and future *Play Among Books* Miro
