A Walk in the Rain UDAI YADLA, 2015-01-05 Love is poison that kills you Love is elixir that keeps you alive An unreciprocated love keeps you alive but kills every day Heartbroken Sunny lives a reclusive life trapped in the past living in his memories He has no complaints about his life but refuses to embrace the present Saloni is a prostitute who is desperate to earn money by any means She does not care about exploiting others to fulfill her purpose Fate unites the loner and the prostitute to embark on a life changing journey of retribution and self discovery Lovelorn Sunny turns misogynistic after Sandy the only girl he loved walks away from his life unannounced He suffers painful solitude for almost two decades with the relentless haunting of her thoughts A distressed friend Imran vows to change his life forever A surprise planned for his birthday turns into a tragedy that claims the life of his dear friend triggering a series of unbelievable events As Imran gets killed by a stranger Sunnys calm life suddenly turns into a turbulent storm With nothing left to live for vengeance becomes his ultimate mission His reluctant alliance with a prostitute to trace the killer sets him onto a nerve racking adventure of life and death Both are bound to a common goal with different motives but destiny has its own motive

Walking in the Rain Dept Ltd, 2017-10-19 Getting lost and feeling found I only went out for a walk and finally concluded to stay out till sundown for going out I found was really going in John Muir John of the Mountains Walking is medicine for the mind It helps us slow down and think things through It also helps us perk up and generate new ideas There are few activities as readily available and revitalizing as a brisk walk or as soothing and stimulating as a long walk Wonderful things can happen when we set out on two feet Within these pages you will find stories from artists designers writers psychologists and speakers who are inspired by the effect of pacing outdoors You will hear of walks in the city hikes through woods at dawn and epic adventures involving long journeys on foot No matter the scale of the tale the writer offers lessons they learned of a simple human nature that we can all understand In each chapter you will discover suggestions and ideas about how to create simple daily habits from the writer s thinking In a world where so much of the noise around us suggests we are not good enough as we are and that we must seek to change these accounts try to do something different They aim instead to invite a stroll into the complex pathways of the mind to discover the beauty of our own quirky individuality

Experiment in barefoot walking, pain-free hiking on the Camino Portugues, the Portuguese Way of St. James. Oliver Schael, 2022-10-30 Just try to experience your time off differently throw your fears and prejudices overboard don t buy your vacation with your hard earned money Live at least the few days a year not planned and structured Just live into the day This book is not a travel guide Why barefoot Quite simply For some time now we ve taken a liking to long hikes but time and time again we ve been painfully reminded during or after hikes that it s not that easy especially for the bones The only solution More and more expensive equipment I want to share with you this adventure experiment with all the experiences and knowledge I have made I am not a doctor or a healer but an engineer however I know a lot about mechanics and forces So I look at the influences of barefoot walking from a purely physical point of view just as the engineer does I on the other hand want to systematically strengthen the walking apparatus and thus ensure that I get fewer complaints when walking After a short period of training I felt the effect and was fit enough to feel good for the Camino I had

no significant discomfort neither during nor after the hike The taped knees the limping people and the stories of painkillers encouraged me to implement the decision I had made earlier to put the experiences in writing The stories are written in the form of a diary and in retrospect I realize how much the Camino has changed me But there s something else I started out to walk a well maintained easy trail that had good infrastructure But I discovered the Camino Humanity humility and a closeness that I had not experienced in this form for a long time An experience that is difficult to convey but so exhilarating that I decided to walk the path regularly
