A SHORT HISTORY of ROMANIA

A Short History Of Romania

Richard Clogg

A Short History Of Romania:

A Short History of Romania Ion Bulei, 2005 **A Short History of Romania** James Samuelson, 2018-03-04 Although the earliest authentic records of Romania or more correctly speaking of Dacia the Roman province which embraced Romania Transylvania and some adjoining territories of today do not reach further back than about the century immediately preceding the Christian era a good deal of information is to be gathered from the writings of Herodotus Dion Cassius and other early historians regarding the Get the race from whom the Dacians sprang The Get were in all probability a branch of the Thracians who were amongst the earliest immigrants from the East and for some time before they appeared in Dacia which was situated on the northern side of the Danube or Ister as it was called by the Romans they had settled between the south bank of that river and the Balkans Mount Olympus of the Romans About the fourth century b c however the Get had crossed the river either driven north by an inimical neighbouring tribe the Triballi or in consequence of the growth of the nation itself When they were first encountered by the Greeks they occupied the eastern part of Dacia reaching probably to one portion of the Black Sea and some account of them is given by Ovid who was exiled to their vicinity but little is known of them until they came in contact with the Roman armies The Get have little direct interest for us but as we find associated with them the names of Philip of Macedon Alexander the Great and Lysimachus a few words concerning their connection with those heroes may not be out of place and will at least serve to fix a period in the history of the people ***A Short History of Romania*** Ion Bulei, 2015 **Romanians and Romania** Ioan Aurel Pop, 1999 The volume provides a comprehensive yet brief analysis of the evolution of Romanian history and civilization from the first century BC to the present Its principal attraction to readers is the conceptual and analytical approach designed to provide an intelligent yet scholarly overview of Romanian history and a clear understanding of the problems facing the country rooted in that history in the post communist period of transition of the 1990s and most likely also in the new millennium **A Short History of the Crusades** Jacob Isidor Mombert, 1894 **Language and Travel Guide to Romania** Rosemary Rennon, 2007 Rosemary Rennon discovered Romania in 1993 when she went hunting for the small village where her father was born She was captivated by its scenery and by the simplicity of a country just awakening from its long communist nightmare Unfamiliar to many due to its long isolation Romania is comprised of five distinct regions resulting from both their unique landscapes and their historical populations of Dacians Romanians Germans Hungarians and Turks In addition to its rolling green hills and valleys with the arc of the Carpathian mountain chain in its centre the country's southeastern region on the Black Sea provides a massive wildlife refuge as well as miles of sandy beach resorts Its cities are filled with outstanding architectural gems and modern activities All this plus a fascinating turbulent history and the lovely Romanian tongue considered by many to be the original romance language belong to a culture one will never want to leave **Sinology during the Cold War** Antonina Łuszczkiewicz, Michael Brose, 2022-05-18 This volume provides the first study of the history of sinology aka China studies as

charted across several communist states during the Cold War The People's Republic of China was created in the first years of the Cold War with its early history and foreign policy intimately bound up in that larger geopolitical fight All the seismic changes in China's geopolitical landscape from its emergence and close relationship with the Soviet Union to the Sino Soviet split and the eventual rapprochement with the United States resulted in a great deal of interest by journalists politicians and scholars Yet although scholars across the Soviet Bloc produced an impressive body of work on a range of sinological studies with rare exceptions most of those scholars and their work remains unknown outside their own intellectual circles This book redresses this dearth of knowledge of sinological scholarship providing invaluable and unique glimpses of Soviet Bloc sinologists and their work during the Cold War including cutting edge research on lesser studied communist states such as Poland Hungary Mongolia and others International in scope this book is ideal for scholars and researchers of modern history Chinese studies sinology and the Cold War

A Short History of Modern Bulgaria R. J. Crampton, 1987-03-12 This survey of Bulgaria traces its history from the liberation from the Ottoman Empire to 1985

A Short History of Modern Greece Richard Clogg, 1986-11-28 This history surveys the history of the Greek people from the declining years of the Byzantine Empire to the late twentieth century The second edition includes a topical chapter to bring the account up to the late 1980s

A Short History of Greece W. A. Heurtley, 1967
