

Carlos Eire

Best-selling author of *Waiting for Snow in Havana*

A Very Brief History of

Eternity

A Very Brief History Of Eternity

John Corrigan

A Very Brief History Of Eternity:

A Very Brief History of Eternity Carlos Eire, 2009-10-12 From the author of *Waiting for Snow in Havana* a brilliant cultural history of the idea of eternity What is eternity Is it anything other than a purely abstract concept totally unrelated to our lives A mere hope A frightfully uncertain horizon Or is it a certainty shared by priest and scientist alike and an essential element in all human relations In *A Very Brief History of Eternity* Carlos Eire the historian and National Book Award winning author of *Waiting for Snow in Havana* has written a brilliant history of eternity in Western culture Tracing the idea from ancient times to the present Eire examines the rise and fall of five different conceptions of eternity exploring how they developed and how they have helped shape individual and collective self understanding A book about lived beliefs and their relationship to social and political realities *A Very Brief History of Eternity* is also about unbelief and the tangled and often rancorous relation between faith and reason Its subject is the largest subject of all one that has taxed minds great and small for centuries and will forever be of human interest intellectually spiritually and viscerally **Beyond Help** Camaron J. Thomas Ph. D., 2011-10 We live in a time when attention spans are shrinking while demands on our emotions are accelerating at ever increasing rates The media that once brought us news now seems determined to interpret it forcing us to take sides rather than come to understanding This growing white noise of conflict threatens to overwhelm our ability to find peace of mind How can we clear away the unnecessary clutter and help ourselves and others lead lives of true contentment and continuing growth The answer to this question is found in a remarkable new book *Beyond Help* by Dr Camaron J Thomas It is a breakthrough guide that shows us step by step how we can help ourselves and others become better human beings in a dehumanizing world Thomas text is profound yet easy to grasp and richly illustrated by examples taken from her long experience as a professional mediator It leads the reader through the challenges and pitfalls of self perception to the heights of the abiding presence showing us how to cast debilitating baggage aside along the way so we can rise to our fullest potential *Beyond Help* breaks the mold of self help publications by empowering rather than manipulating the reader It is a lifeline to anyone struggling to evolve in the turbulent waters racing beneath the surface of today's social network

Emptiness John Corrigan, 2015-05-27 For many Christians in America becoming filled with Christ first requires being empty of themselves a quality often overlooked in religious histories In *Emptiness* John Corrigan highlights for the first time the various ways that American Christianity has systematically promoted the cultivation of this feeling Corrigan examines different kinds of emptiness essential to American Christianity such as the emptiness of deep longing the emptying of the body through fasting or weeping the emptiness of the wilderness and the emptiness of historical time itself He argues furthermore that emptiness is closely connected to the ways Christian groups differentiate themselves many groups foster a sense of belonging not through affirmation but rather avowal of what they and their doctrines are not Through emptiness American Christians are able to assert their identities as members of a religious community Drawing much needed attention

to a crucial aspect of American Christianity Emptiness expands our understanding of historical and contemporary Christian practices

Marks of Toil Justin Vicari, 2014-09-23 Are people nothing more than their physical capital what their bodies can produce and provide This philosophical treatise examines the idea of mutational bodies as it has appeared in fiction and cinema since the industrial era theorizing that capitalism and other modern collective systems require transformations both literal and figurative for the individual to survive Infringements on individualism include both the concept of eternity which asks that we resign ourselves to life and death as endless waiting and the Hegelian dialectic itself which has been reversed by neoconservative thinkers into a new conviction that the rich are oppressed by the poor In response this work suggests the inauguration of a post dialectic ethical materialism Subjects considered include the films of Charlie Kaufman and Stan Brakhage the fiction of Philip Roth and Don DeLillo the feminist art criticism of Lucy Lippard and the meanings of virtuality and the internet

Dying and the Virtues Matthew Levering, 2018-01-23 In this rich book Matthew Levering explores nine key virtues that we need to die and live well love hope faith penitence gratitude solidarity humility surrender and courage Retrieving and engaging a variety of biblical theological historical and medical resources Levering journeys through the various stages and challenges of the dying process beginning with the fear of annihilation and continuing through repentance and gratitude suffering and hope before arriving finally at the courage needed to say goodbye to one's familiar world Grounded in careful readings of Scripture the theological tradition and contemporary culture *Dying and the Virtues* comprehensively and beautifully shows how these nine virtues effectively unite us with God the One who alone can conquer death

The Spiritual Practice of Remembering Margaret Bendroth, 2013-11-11 We often dismiss history as dull or irrelevant but our modern disengagement from the past puts us fundamentally out of step with the long witness of the Christian tradition Yet says Margaret Bendroth the past tense is essential to our language of faith and without it our conversation is limited and thin This accessible beautifully written book presents a new argument for honoring the past The Christian tradition gives us the powerful image of a vast communion of saints all of God's people both living and dead in vital conversation with each other This kind of connection with our ancestors in the faith Bendroth maintains will not happen by wishing or by accident She argues that remembering must become a regular spiritual practice part of the rhythm of our daily lives as we recognize our world to be in many ways a gift from others who have gone before

Dying, Death, Burial and Commemoration in Reformation Europe Elizabeth C. Tingle, Jonathan Willis, 2016-03-09 In recent years the rituals and beliefs associated with the end of life and the commemoration of the dead have increasingly been identified as of critical importance in understanding the social and cultural impact of the Reformation The associated processes of dying death and burial inevitably generated heightened emotion and a strong concern for religious propriety the ways in which funerary customs were accepted rejected modified and contested can therefore grant us a powerful insight into the religious and social mindset of individuals communities Churches and even nation states in the post reformation period This collection

provides an historiographical overview of recent work on dying death and burial in Reformation and Counter Reformation Europe and draws together ten essays from historians literary scholars musicologists and others working at the cutting edge of research in this area As well as an interdisciplinary perspective it also offers a broad geographical and confessional context ranging across Catholic and Protestant Europe from Scotland England and the Holy Roman Empire to France Spain and Ireland The essays update and augment the body of literature on dying death and disposal with recent case studies pointing to future directions in the field The volume is organised so that its contents move dynamically across the rites of passage from dying to death burial and the afterlife The importance of spiritual care and preparation of the dying is one theme that emerges from this work extending our knowledge of Catholic *ars moriendi* into Protestant Britain Mourning and commemoration the fate of the soul and its post mortem management the political uses of the dead and their resting places emerge as further prominent themes in this new research Providing contrasts and comparisons across different European regions and across Catholic and Protestant regions the collection contributes to and extends the existing literature on this important historiographical theme

Digital Memory Studies Andrew Hoskins, 2017-09-27 Digital media networks and archives reimagine and revitalize individual social and cultural memory but they also ensnare it bringing it under new forms of control Understanding these paradoxical conditions of remembering and forgetting through today's technologies needs bold interdisciplinary interventions Digital Memory Studies seizes this challenge and pioneers an agenda that interrogates concepts theories and histories of media and memory studies to map a holistic vision for the study of the digital remaking of memory Through the lenses of connectivity archaeology economy and archive contributors illuminate the uses and abuses of the digital past via an array of media and topics including television videogames and social media and memory institutions network politics and the digital afterlife

Renegades Robert Harkins, 2011-07 In the wee hours of December 16 1773 Boston Massachusetts citizens in a feat of magnificent defiance joined together in a tea party that would breathe into being the American Revolution a conservative constitution a sovereign people and the United States Today more than two hundred years later it's time for a new revolution In *Renegades Their Betrayal of America Her Rebellion and Response* author Robert Harkins outlines the reasons for a new revolution It's not the British we must defy but the intellectual elite whom Harkins calls the renegade liberal as did George Orwell in his unpublished preface to *Animal Farm* The intellectual elite seek to dismantle American civilization and diminish people they believe are so intellectually vacuous and religiously provincial they must in all things great and small be carefully monitored and told precisely what and how to think believe and live This cannot be Americans must discover again their ancient roots their mythos creed and identity They must commit themselves again to moral and rational excellence *Renegades Their Betrayal of America Her Rebellion and Response* is a tribute to American virtue and serves a starting point for Americans to return to excellence *Renegades Their Betrayal of America Her Rebellion and Response* is a historic treasure Robert Harkins's understanding of history culture and America is unsurpassed

and these pages will reveal why past civilizations have gone extinct More importantly Harkins s words are a roadmap for each of us to preserve liberty and freedom for our children and grandchildren right here in America man s last best hope on earth Jeff Crank radio talk show host and Colorado Director of Americans for Prosperity Robert Harkins received his law degree from St Mary s University in Texas where he received honors for exceptional scholastic excellence in the disciplines of federal and constitutional law He taught business and constitutional law as a guest teacher at the University of Texas and served as a Texas judge for seven years during which time he graduated from the Texas and National Colleges of the Judiciary He now lives with his wife Hyosuk in Colorado

Shakespeare and the Afterlife John S. Garrison, 2018-10-18

The question of what happens after death was a vital one in Shakespeare s time as it is today And like today the answers were by no means universally agreed upon Early moderns held surprisingly diverse beliefs about the afterlife and about how earthly life affected one s fate after death Was death akin to a sleep where one did not wake until judgment day Were sick bodies healed in heaven Did sinners experience torment after death Would an individual reunite with loved ones in the afterlife Could the dead communicate with the world of the living Could the living affect the state of souls after death How should the dead be commemorated Could the dead return to life Was immortality possible The wide array of possible answers to these questions across Shakespeare s work can be surprising Exploring how particular texts and characters answer these questions Shakespeare and the Afterlife showcases the vitality and originality of the author s language and thinking We encounter characters with very personal visions of what awaits them after death and these visions reveal new insights into these individuals motivations and concerns as they navigate the world of the living Shakespeare and the Afterlife encourages us to engage with the author s work with new insight and new curiosity The volume connects some of the best known speeches characters and conflicts to cultural debates and traditions circulating during Shakespeare s time

Enjoying the Track of Phrase: An Emotional Symphony within **A Very Brief History Of Eternity**

In a global taken by screens and the ceaseless chatter of fast conversation, the melodic beauty and mental symphony developed by the prepared term usually fade in to the background, eclipsed by the relentless sound and distractions that permeate our lives. Nevertheless, set within the pages of **A Very Brief History Of Eternity** an enchanting fictional treasure filled with raw feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this captivating masterpiece conducts viewers on a mental journey, well unraveling the hidden songs and profound affect resonating within each carefully crafted phrase. Within the depths of the moving review, we can examine the book is main harmonies, analyze their enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
