Does A Modest Proposal appeal to character, emotion, and/or reason? Cite specific moments in the text where Swift employs any or all of these persuasive tools

In *A Modest Proposal*, Jonathan Swift satirically addresses the deplorable living conditions that the people of Ireland experienced during the eighteenth century. With this well-written satire, Swift employs an argumentative style, character, detached tone, and emotion to create and implement the shocking revelation. Swift stirs emotions in this proposal but the idea is communicated in a systematic way opposing moral and emotional methods. Swift strikes the reader's emotions in the very first paragraph of the proposal. The description of the women and children in rags is real but at the same time compassionate.

To emphasize emotions, Swift states that "these mothers instead of being able to work for their honest livelihoods, are forced to employ all their time in strolling to beg sustenance for their helpless infants who, as they grow up, either turn thieves for want of work, or leave their dear native country, to fight for the Pretender in Spain, or sell themselves to Barbados." The pathos, ethos, and logos in this proposal show that the author does appeal to reason, character, and emotions. The author's appeal to reason is seen in the itemized list whereby Papists are plenty.

The proposal contains ethical and logical arguments that elicit the reader's emotions especially on the suggestion that "whoever has a cheap solution to the dilemma in Ireland should have a statue put up in their own." Concerning Swift's description of the young lads and maidens, he focuses on the character and ethics of the society.

A Modest Proposal Rhetoric And Style Answers:

A Modest Proposal in the Context of Swift's Irish Tracts Maria-Angeles Ruiz Moneva, 2020-06-12 Swift's A Modest Proposal has always aroused the interest not just of literary critics but also of linguists and pragmatists. Within the latter approaches the study of irony and more concretely the intentions and attitudes that must have guided the production of such an intricate work have always been paramount. However it seems that within pragmatics the analysis has been restricted so far to the 1729 work itself. In the present author's view it is interesting to contextualise this masterpiece of irony and satire within Swift's wider writing on Ireland an approach that remains to be carried out. Accordingly this work sets out to analyse a selection of Swift's Irish Tracts with a view to tracing the evolution within Swift's literary production of his views and attitudes towards the situation of his homeland. Although different pragmatic approaches are applied the emphasis is laid upon the contributions that the relevance theoretical framework and its studies on irony may bring to the understanding of this particular Tract. The works selected are meant to cover and also be representative of the main phases currently distinguished within Swift's writing on the Irish Question. It is therefore hoped that a deeper analysis of the former works by Swift on this topic will provide new insights for a better understanding of A Modest Proposal.
