A Visual Guide To The Left Behind Series:

A Visual Guide to the Left Behind Series Tim LaHaye, Jerry B. Jenkins, 2001-11 The Left Behind Fantasy William Powell Tuck, 2010-02-18 The popular Left Behind series by Tim LaHaye and Jerry Jenkins has sold more than 62 million copies since the first volume appeared in 1995 Jerry Falwell pronounced it the most important series of books in the history of modern Christianity Many readers have assumed it gives the true facts about the way the world will end and what will happen to all the people in it But according to real biblical scholarship this series is seriously flawed Based on a misreading of many scriptures including Daniel and the Book of Revelation it has fed a kind of hysteria in the Christian populace that has led many people to reorder their existence in expectation of an impending doom and the sudden unexpected return of Jesus In this book William Powell Tuck carefully and authoritatively refutes the premises and faulty theology of the Left Behind books critiquing them in the light of genuine biblical scholarship and common sense **Plotting Apocalypse** Jennie Chapman, 2013-09-13 It is the not too distant future and the rapture has occurred Every born again Christian on the planet has without prior warning been snatched from the earth to meet Christ in the heavens while all those without the requisite faith have been left behind to suffer the wrath of the Antichrist as the earth enters into its final days This is the premise that animates the enormously popular cultural phenomenon that is the Left Behind series of prophecy novels co written by Tim LaHaye and Jerry Jenkins and published between 1995 and 2007 But these books are more than fiction it is the sincere belief of many evangelicals that these events actually will occur soon Plotting Apocalypse delves into the world of rapture prophecy and tribulation in order to account for the extraordinary cultural salience of these books and the impact of the world they project Through penetrating readings of the novels Chapman shows how the series offers a new model of evangelical agency for its readership The novels teach that although believers are incapable of changing the course of a future that has been preordained by God they can become empowered by learning to read the prophetic books of the Bible and the signs of the times correctly Reading and interpretation become key indices of agency in the world that Left Behind limns Plotting Apocalypse reveals the significant cultural work that Left Behind performs in developing a counter narrative to the passivity and fatalism that can characterize evangelical prophecy belief Chapman s arguments may bear profound implications for the future of American evangelicalism and its interactions with culture society and politics **Armageddon Now** Jim Willis, Barbara Willis, 2005-09-01 Covering all doomsday prophecies whether by fire or ice bang or whimper asteroid or alien act of God or human folly Environmental disasters ebola outbreaks war in the Middle East political riots and upheavals may all be signs that the end times are coming The timeless notion that the end is near is once again exerting a powerful influence on politics religion and pop culture Omens and prophecies asteroid collisions and nuclear war global warming and virus pandemics alien intervention act of God or human folly doomsday prophecies abound within the pages of Armageddon Now The End of the World A to Z as we speculate how we might soon greet the eve of destruction From alpha to omega and

predictions from Nostradamus to the ancient Mayans this tome is packed with 200 entries 100 illustrations and an extensive index Satan saints survivalists and evangelical preachers known for their views on biblical prophecies receive their due The End has never been so thoroughly covered as in Armageddon Now It s the last word for the end user So don t be left behind Save yourself by buying this book *Rapture Culture* Amy Johnson Frykholm,2004-03-04 In the twinkling of an eye Jesus secretly returns to earth and gathers to him all believers As they are taken to heaven the world they leave behind is plunged into chaos Cars and airplanes crash and people search in vain for loved ones Plagues famine and suffering follow The antichrist emerges to rule the world and to destroy those who oppose him Finally Christ comes again in glory defeats the antichrist and reigns over the earth This apocalyptic scenario is anticipated by millions of Americans These millions have made the Left Behind series novels that depict the rapture and apocalypse perennial bestsellers with over 40 million copies now in print In *Rapture Culture* Amy Johnson Frykholm explores this remarkable phenomenon seeking to understand why American evangelicals find the idea of the rapture so compelling What is the secret behind the remarkable popularity of the apocalyptic genre One answer she argues is that the books provide a sense of identification and communal belonging that counters the social atomization that characterizes modern life This also helps explain why they appeal to female readers despite the deeply patriarchal worldview they promote Tracing the evolution of the genre of rapture fiction Frykholm notes that at one time such narratives expressed a sense of alienation from modern life and protest against the loss of tradition and the marginalization of conservative religious views Now however evangelicalism s renewed popular appeal has rendered such themes obsolete Left Behind evinces a new embrace of technology and consumer goods as tools for God s work while retaining a protest against modernity s transformation of traditional family life Drawing on extensive interviews with readers of the novels *Rapture Culture* sheds light on a mindset that is little understood and far more common than many of us suppose **Apocalypses in Context, 2nd Edition** Kelly J. Murphy,Justin Jeffcoat Schedtler,2025 *Apocalypses in Context* is designed for the classroom bringing together the insights of scholars and using different methods to discuss the manifestations of apocalyptic enthusiasm in different ages The second edition includes four new chapters on topics relevant to the modern student and revisions based on classroom feedback *Blake's 7: A Critical Guide to Series 1-4* Rodney Marshall,2015-04-05 Political satire comic strip action adventure science fiction space opera Orwellian dystopia costume drama Western Drawing on a range of genres Terry Nation s *Blake s 7* resists categorisation or labelling a ground breaking piece of television drama Presenting itself as easy viewing early evening entertainment for a largely teenage audience which on one level it was it tackles state surveillance propaganda corruption genocide revolution and terrorism Avengers expert Rodney Marshall turns his attention to *Blake s 7* offering unauthorised entertaining thought provoking critical guides to all fifty two episodes in Series 1 4 Horizon the official *Blake s 7* fan club moderator Alex Pinfold has added a Foreword to this third edition while television historian Matthew Lee has penned an essay on Terry Nation and *Blake s 7* Combining dark
