Arching Backward Arching Backward:

Arching Backward Janet Adler, 1996-10-01 Arching Backward is the story of an American woman who found herself suddenly and violently immersed in a mystical initiation for which she was not consciously prepared For four years Janet Adler's life was dominated by the transforming experience of a primal energy and the visions that were created by it She was not seeking spiritual experience nor was she a student of any particular mystical tradition But the visions brought her into the realm of the sacred transforming her body into a conduit for spiritual energy The writings collected here record her visions and describe the way this contemporary woman dealt with the impact of this energy on her physical body her work and her relationships Her story offers a guide for others on this journey and provides a powerful affirmation of women's experience of the spirit
