Introduction

The TEAS® study manual, now redesigned for the Test of Essential Academic Skills (TEAS), this book provides you with an overview of the content and skills included on the TEAS along with suggestions for effectively preparing for the test. Also, this guide will outline the parts of the test. The TEAS covers a broad range of essential skills in reading, math, science, and English and includes sample questions that you have developed over the course of your academic career. Now, this guide will help you create a study plan to prepare for each subject area. Finally, this study guide provides features covering each discipline of the TEAS test plan. Contents include: overview, diagrams, and practice questions to help you better lay the test. Each section ends with practice questions similar to those you will encounter on the TEAS. A detailed explanation of the correct answer for each question is also included to ensure you understand how concepts that will appear on the TEAS.

TEAS SUBJECT AREAS

The TEAS test was designed for health science students to measure the academic preparedness of prospective students. Questions on the TEAS assess student knowledge of key disciplines that address areas presented in grades 7-12 in the respective discipline areas and concepts that health science students receive as most important for success in health science programs. The disciplines cover the academic subject areas of:

- Reading
- Math
- Science
- English and Language Usage

The TEAS is broken into three general sections for each of the key disciplines of the TEAS. Help to recall that the questions provided in the manual are not comprehensive. They do not include all of the possible concepts appropriate to the discipline. The diagrams, the diagrams, provide a clear overview of the content and skills you will encounter on the TEAS.

TEAS QUESTIONS

The TEAS is composed of five tests that include 20 answered practice items, the majority of which are four options, multiple choice questions. With the introduction of the TEAS 7.0 test plan in 2024, additional test types will start to be incorporated into the test. These include:

- Multiple select (select all that apply)
- Apply content (20 in the TEAS, content required)
- Ordering (one option in the correct sequence)
- Drag and drop (no use of an image)

The test is available in both paper and online multiple-choice questions only, and includes an answer sheet format. Questions from the four subject areas are grouped in separate sections, and each test is separate, individual test form. The following table provides the number of questions and time limits for each section of the TEAS, listed in order of administration.

Subject Area	Number of Questions	Test Time
Reading	40 questions (20 practice) 20 min

Science	30 questions (15 practice) 20 min	
English and Language Usage	20 questions (10 practice) 20 min
