BlackBerry Application

Development For Dummies Karl G. Kowalski, 2010-09-07 The first introductory book to developing apps for the BlackBerry

If you're eager to start developing applications for the BlackBerry then this is the hands on book for you. Aimed directly at novice developers, this beginner guide introduces you to the basics of the BlackBerry API and shows you how to create a user interface, store and sync data, optimize code, manage applications, connect to a network, create enterprise applications using MDS Studio, create Web content, and more. Packed with examples, this straightforward guide takes you from the beginning of the BlackBerry application cycle completely to the end. Guides you through the process of developing applications for the BlackBerry. Presents an overview of the BlackBerry including detailed explanations on the architecture and an in-depth look at the programming API. Introduces MDS Studio which is the latest tool from RIM for building enterprise applications. Offers novice developers numerous reusable code examples that can be immediately used. Explains how to store and sync data, optimize code, manage applications, connect to networks, and more. **BlackBerry All-in-One For Dummies** Dante Sarigumba, Robert Kao, William Petz, Timothy Calabro, 2010-09-16. Go beyond BlackBerry basics and get everything your BlackBerry can deliver. BlackBerry is the leading smartphone for business users and its popularity continues to explode. When you discover the amazing array of BlackBerry possibilities in this fun and friendly guide, you'll be even happier with your choice of smartphones. BlackBerry All in One For Dummies explores every feature and application common to all BlackBerry devices. It explains the topics in depth with tips, tricks, workarounds, and includes detailed information about cool new third-party applications, accessories, and downloads that can't be missed. With several models available, the BlackBerry is the most popular smartphone for business users and that market continues to grow. This guide covers the basics common to all models and explores individual features in depth. Examines social networking, applications, navigation, organizing contacts, and the calendar and synchronization issues. Delves into multimedia including e-mail, photos, and the media player. Explores GPS, the internet, and connectivity. Great downloads, how to maximize third-party applications, and application development. Uses graphs, tables, and images to fully explain the features of each model. Author team is directly involved with BlackBerry application development. BlackBerry All in One For Dummies helps you take full advantage of everything your BlackBerry device can do for you.
