SAAB Cars 1949 to 2011 Julian Parish, 2025-10-14

More than a dozen years after the last cars rolled off the production lines in Trollhättan Saab still commands a keen following among car enthusiasts around the world During the 60 years of its existence Saab became renowned for the aerodynamic design technical innovation and sturdy construction of its cars which famously appealed to individualists and creative thinkers This handy full colour guide covers the complete history of Saab's cars The story begins with the UrSaab prototype and the original 92 which went into production in 1949 as the company branched out from aircraft manufacture after the war it continues through to the final second generation 95 models in 2011 launched when the company was struggling to stay afloat Individual chapters are devoted to each of Saab's models including the 93 and 96 saloons which enjoyed much success in rallying the 95 station wagon and the striking Sonett sports cars The Saab 900 caravan and the Formula Junior racing car that Saab built during this period are also presented These early models were followed by the larger 99 and the much loved and highly successful 900 range The book features detailed specifications for each version of these two models including the first turbocharged variants with which Saab has become synonymous In 1985 the 9000

took the marque further upmarket and into partnership with Fiat Lancia and Alfa Romeo The guide continues into the 1990s and 2000s when General Motors progressively took control of Saab's automotive division Its bestsellers during this period were its 9 3 and 9 5 ranges based on GM platforms Less well known especially in Europe are its 9 4X and 9 7X all wheel drive models not forgetting the 9 2X a badge engineered version of the Subaru Impreza All these models are also presented Each chapter provides an introduction to the development and evolution of each model as well as comprehensive technical information Production numbers and dates are given as well as details of limited editions The book is extensively illustrated in full colour with many archive photographs from Saab Automobile and the Saab Car Museum showing the cars interior and exterior design
