[Atlantis, Ancient Europe & the Mediterranean](#) David Hatcher Childress, 1996 Atlantis The legendary lost continent comes under the close scrutiny of archaeologist David Hatcher Childress From Ireland to Turkey Morocco to Eastern Europe or remote islands of the Mediterranean and Atlantic Childress takes the reader on an astonishing quest for mankind s past Ancient technology cataclysms megalithic construction lost civilisations and devastating wars of the past are all explored in this amazing book Childress challenges the sceptics and proves that great civilisations not only existed in the past but that the modern world and its problems are reflections of the ancient world of Atlantis **The Lost Land of Lemuria** Sumathi Ramaswamy, 2004-09-27 During the nineteenth century Lemuria was imagined as a land that once bridged India and Africa but disappeared into the ocean millennia ago much like Atlantis A sustained meditation on a lost place from a lost time this elegantly written book is the first to explore Lemuria s incarnations across cultures from Victorian era science to Euro American occultism to colonial and postcolonial India The Lost Land of Lemuria widens into a provocative exploration of the poetics and politics of loss to consider how this sentiment manifests itself in a fascination with vanished homelands hidden civilizations and forgotten peoples More than a consideration of nostalgia it shows how ideas once entertained but later discarded in the metropole can travel to the periphery and can be appropriated by those seeking to construct a meaningful world within the disenchantment of modernity Sumathi Ramaswamy ultimately reveals how loss itself has become a condition of modernity compelling us to rethink the politics of imagination and creativity in our day [The 6D Ascension Journey](#)
