Climate Change Daniel Bedford, John Cook, 2016-07-18 Climate change is one of the most controversial and misunderstood issues of the 21st century This book provides a clear understanding of the issue by presenting scientific facts to refute falsehoods and misinformation and to confirm the validity of other assertions Is public understanding of global warming suffering from politically biased news coverage Is it true that the global scientific community has not reached a consensus on whether humans are causing climate change This important book addresses these questions and many more about global warming identifying common claims about climate change and using quantifiable evidence based information to examine their veracity The authors of this work examine 35 specific claims that have been made about global climate change by believers and skeptics These assertions some true some false will guide readers to a much deeper understanding of the extent of climate change whether any climate change that is taking place is human caused whether climate change is likely to be a serious problem in the future whether scientists agree on the fundamentals of climate change and whether climate change impacts can be mitigated Examples of specific issues that are scrutinized and explained in the book include trends in the extent and condition of Arctic and Antarctic Sea ice packs the accuracy of climate forecasting models whether extreme weather events are increasing as a result of climate change and the benefits and drawbacks of various schemes to limit greenhouse gas emissions

Answer to the Riddle of 666 Adam Soul, 2007-04-01 In his book Adam Soul renders a compelling interpretation to the riddle of 666 that is based on science the Bible and common knowledge that the people of Earth have today Soul shows how the answer is not about an antichrist but is rather an ancient message sent to give mankind one last chance to survive the future From this ancient message Soul

develops a simple 18 step plan for survival that he calls The Vision of Backwards Bound Soul s interpretation is not satanic in any way but in the third part of his book Adam Soul does make a plea to the religious realms to see the wisdom of the message in the riddle and to change accordingly The verse begins with the words Here is wisdom Discover for yourself the wisdom of the riddle and the road to life for the future of all mankind **Solutions for a Cleaner, Greener Planet** Marc Zimmer,2019-01-01 Many of the most toxic materials on Earth from arsenic to plutonium occur naturally but manufacturers have also used them in products such as paints plumbing pesticides nuclear fuel and weaponry Without careful management toxins can leach into groundwater or pollute our environment Exposure to toxins leads to various cancers impairment of the immune and reproductive systems as well as cognitive problems What can be done Solutions include a wide range of infrastructure approaches such as better water filtration governmental and manufacturing regulations outright bans on certain chemicals careful monitoring and the use of alternative fuels Learn more about key contaminants and their impact on health as well as solutions on a global and individual level
