Futurecide W. Douglas Smith, 2024-04-26 Every civilization in history has faced moments of overwhelming existential crises and they all eventually collapsed Was this failure inherent in the evolution of civilization something within the human

species or a combination of both More importantly was it predictable and unavoidable Most civilizations believed they had a special relationship with the divine and were beyond the laws of nature Our current economic civilization is now global and interdependent Today s economy is responsible for the most rapid mass extinction in Earth s history We face imminent catastrophic climate change and environmental disruption yet the same sense of exceptionalism and hubris clouds humanity s judgement and ability to act rationally Environmental disruption is making the planet uninhabitable No economy can consume its way out of scarcity This law of nature conflicts with many longstanding economic theories Sheltered and self absorbed elitists promote lies and prey on humanity s most vulnerable instincts of pecking order conformity and obedience to authority These primal instincts may be maladapted to civilization in its current form Today s elitists are choosing mass extinction in a false belief in their own invincibility To survive humanity can no longer follow delusional leaders to self destruction In non technical language the author explores common phases in the development of past civilizations and the critical junctures and decisions that made collapse inevitable He investigates the linkages and contradictions between human social behavior the economy and the environment In the closing pages he identifies a clear path to redemption

Weather of the San Francisco Bay Region Harold Gilliam,2002-06-27 Harold Gilliam California s premiere environmental journalist never fails to bring the power and beauty of nature home to the most citified readers In this eloquent little book he transforms the local climate into an entire ecological education Theodore Roszak author of The Voice of the Earth Ask Hal Gilliam How s the weather out there and as always you get an eloquent exciting and updated answer this time to journalism s most fascinating topic William German Editor Emeritus San Francisco Chronicle In this enjoyable volume Harold Gilliam a pre eminent California nature writer enlightens us about the weather in the San Francisco Bay region He makes sometimes abstruse concepts easily understandable and brings the vagaries and variations of Bay Area weather into sharp focus The book should be of interest to the many Bay Area residents for whom weather is a matter of daily concern Edgar Wayburn M D Honorary President of the Sierra Club
