Beloved by enthusiasts worldwide, it is the series benchmarked by all other manufacturers. Whether daily driven, tracked, or raced, BMW's 3 Series delivers the goods. **BMW 3 Series 50 Years** charts the 3 Series design and technical evolution from the 1970s to today, from the clean classic two-box design of the E21 and E30 to the handsome E46 to today's sophisticated G20. The book features a detailed history of the BMW 3 Series by automotive historian and industry analyst Tony Lewin, first person interviews with key designers and engineers, photography from BMW's archive as well as commissioned contemporary photography.
