advanced societies and ultimately challenges our understanding of the origins politics and future of the breast cancer movement Maren Klawiter holds a PhD in sociology from the University of California Berkeley She is currently pursuing a law degree at Yale University The Voice of Breast Cancer in Medicine and Bioethics Mary C. Cromptvoets, 2006-04-13 An examination of surgical breast reconstruction which establishes a strong link between on the one hand the personal feelings and actions of women with breast cancer and on the other powerful discourses and practices of the breast cancer movement **The Cultural Politics of Femvertising** Joel Gwynne, 2022-05-18 This book addresses the merits and limitations of femvertising explores the operations of advertising and commodity feminism in a global context and presents case studies from Anglo American South American and East Asian national contexts The range of topics include the femvertising of beauty products contraception lingerie breast cancer awareness financial services and corporate branding Focusing on the ways in which neoliberalism and postfeminism interact with foundational issues of feminist politics the chapters in this book situate global femvertising as a complex and exciting advertising strategy which holds the potential for social change amidst an uneasy cohabitation with capitalism and commercial culture **The Breast Cancer Wars** Barron H.
