Bricks And Brickmaking A Handbook For Historical Archaeology:

Bricks and Brickmaking Karl Gurcke, 1987 The purpose of this study is simply to provide the information necessary for the proper interpretation of kiln fired clay bricks found at archaeological sites Bricks made of adobe cement or sand lime are not included Much of the emphasis has been placed on manufacturing techniques and the traces these processes leave behind because they are a rich source of information that has been ignored by archaeologists Brand names or trademarks found on some bricks have also been researched This has led to the surprising conclusion that during the nineteenth century large quantities of firebricks were imported into the Pacific Northwest from England and Scotland Size color and composition of bricks have also been examined Extensive historical evidence as well as data from several archaeological sites complete the picture of an early and vigorous industry in the Pacific Northwest Preface Archeological Investigation of the Carriage House, James A. Garfield National Historic Site, Mentor, Ohio William J. Hunt (Jr.), 1999 **From the miners'**

doublehouse Karen Bescherer Metheny, 2007 In *From the Miners Doublehouse* archaeologist Karen Metheny uses an interpretive contextual approach to examine the physical and cultural landscape of the now abandoned coal mining town of Helvetia in western Pennsylvania The author weaves together documentary sources oral history and archaeological evidence to reveal the ways in which mine workers constructed a sense of community in this company town from the late nineteenth century to the mid twentieth As the first archaeological and historical study of a coal company town that focuses upon the strategies its residents used to manipulate landscape and material culture to achieve personal and social goals *From the Miners Doublehouse* makes a significant contribution to historical and industrial archaeology This book will be of interest to scholars in industrial and environmental history geography and industrial sociology It will also appeal to general readers interested in coal s history and the Appalachian coal mining region **Historical Archaeology at Locality 6 of the Fort Ellsworth Site (14EW26), Kanopolis Lake, Ellsworth County, Kansas** Robert J. Ziegler, 2001 *The Oxford Handbook of the Archaeology and Anthropology of Hunter-Gatherers* Vicki Cummings, Peter Jordan, Marek Zvelebil, 2014-04-24 For more than a century the study of hunting and gathering societies has been central to the development of both archaeology and anthropology as academic disciplines and has also generated widespread public interest and debate *The Oxford Handbook of the Archaeology and Anthropology of Hunter Gatherers* provides a comprehensive review of hunter gatherer studies to date including critical engagements with older debates new theoretical perspectives and renewed obligations for greater engagement between researchers and indigenous communities Chapters provide in depth archaeological historical and anthropological case studies and examine far reaching questions about human social relations attitudes to technology ecology and management of resources and the environment as well as issues of diet health and gender relations all central topics in hunter gatherer research but also themes that have great relevance for modern global society and its future challenges The Handbook also provides a strategic vision for how the integration of new methods approaches and study

regions can ensure that future research into the archaeology and anthropology of hunter gatherers will continue to deliver penetrating insights into the factors that underlie all human diversity *A Building History of Northern New England* James L. Armstrong, 2022-09-09 Harriet Tubman's social activism as well as her efforts as a soldier nurse and spy have been retold in countless books and films and have justly elevated her to iconic status in American history Given her fame and contributions it is surprising how little is known of her later years and her continued efforts for social justice women's rights and care for the elderly Tubman housed and cared for her extended family parents brothers sisters nieces and nephews as well as many other African Americans seeking refuge Ultimately her house just outside of Auburn New York would become a focal point of Tubman's expanded efforts to provide care to those who came to her seeking shelter and support in the form of the Harriet Tubman Home for the Aged In this book Armstrong reconstructs and interprets Tubman's public and private life in freedom through integrating his archaeological findings with historical research The material record Tubman left behind sheds vital light on her life and the ways in which she interacted with local and national communities giving readers a fuller understanding of her impact on the lives of African Americans Armstrong's research is part of a wider effort to enhance public interpretation and engagement with the Harriet Tubman Home
