Brennan, Victor Glass**

Brennas Crew Volume :

The Changing Postal and Delivery Sector Michael Crew, Pier Luigi Parcu, Timothy Brennan, 2017-01-20 This book addresses some of the major issues facing postal and delivery services throughout the world Postal operators worldwide have been slow to address the threats from and opportunities created by electronic competition The European Commission and member states are wrestling with these issues while at the same time continuing to deal with the interrelated issues of implementing entry into postal markets and maintaining the universal service obligation The Postal Accountability and Enhancement Act of 2006 in the U S exacerbated financial and managerial problems faced by USPS that result in part from electronic substitution for letter delivery Comprised of original essays by prominent researchers in the field this book addresses the new reality of the postal industry and proposes ways in which postal operators might reinvent themselves Issues discussed include cross border parcel delivery e commerce the transformation of postal networks and the effects of postal liberalization This book will be of interest to postal operators regulatory commissions consulting firms competitors and customers experts in the postal economics law and business and those charged with the responsibility for designing and implementing postal sector policies Researchers in regulatory economics transportation technology and industrial organization will also find useful information in this volume

The Future of the Postal Sector in a Digital World Michael Crew, Timothy J. Brennan, 2015-11-28 Worldwide postal operators have been slow to address the threats from and opportunities created by electronic competition The European Commission and member states are wrestling with these issues while at the same time continuing to deal with the interrelated issues of implementing entry into postal markets and maintaining the universal service obligation The Postal Accountability and Enhancement Act of 2006 in the U S exacerbated financial and managerial problems faced by USPS that result in part from electronic substitution for letter delivery A major aim of this book is to examine policies to address postal operations in a digital world and ways in which postal operators might reinvent themselves to respond to threats and exploit opportunities Potential opportunities examined include parcels e commerce digital delivery regulatory innovations and pricing This book will be of interest to postal operators regulatory commissions consulting firms competitors and customers experts in the postal economics law and business and those charged with the responsibility for designing and implementing postal sector policies Researchers in regulatory economics transportation technology and industrial organization will also find considerable food for thought in this volume

The Role of the Postal and Delivery Sector in a Digital Age Michael A Crew, Timothy J Brennan, 2014-01-31 This volume the result of the 21st Conference on Postal and Delivery Economics Ireland 2013 describes the continuing problem of the decline of the postal sector in the face of electronic competition and offers strategies for the survival of mail s

The Contribution of the Postal and Delivery Sector Pier Luigi Parcu, Timothy Brennan, Victor Glass, 2018-03-08 This book addresses major issues facing postal and delivery services throughout the world Worldwide there is currently a considerable amount of

interest in postal and delivery economics The industry is in a state of near crisis and drastic change is needed The European Commission and member States are still wrestling with the problem of how to implement entry liberalization into postal markets how to address digital competition and how to maintain the universal service obligation USO The Postal Accountability and Enhancement Act of 2006 in the U S has perhaps created and exacerbated the problems faced by USPS Post Offices POs have been slow to address the threat of electronic competition On the other hand e commerce presents opportunities for POs to expand their presence in parcel delivery and perhaps help finance or redefine the USO A major aim of this book is to address strategies POs can use to reinvent themselves for the digital age This book compiles original essays by prominent researchers in the field which will be selected and edited from papers presented at the 25th Conference on Postal and Delivery Economics held in Barcelona Spain May 24 27 2017 That conference and this volume commemorates the memory of Michael Crew who organized twenty four prior conferences and co edited previous conference volumes This book is a useful tool not only for graduate students and professors but also for postal administrations consulting firms and Federal Government departments

The Postal and Delivery Contribution in Hard Times Pier Luigi Parcu,Timothy J. Brennan,Victor Glass,2023-03-10 This book includes original essays by prominent researchers and practitioners in the field of postal and delivery economics originally presented at the 29th Conference on Postal and Delivery Economics held online September 1 3 2021 The central focus of the book is the short and long term impact of covid 19 pandemic on the sectors both from the economic and regulatory perspectives Other important topics include the unstoppable growth of e commerce and the implications for delivery market solutions for the last mile and the associated challenges in terms of sustainability Chapters also discuss traditional topics for postal and delivery sectors such as the competitive dynamics in the sector the business strategies of postal operators as well as the definition and funding of the Universal Service Obligation This book will be a useful tool not only for graduate students and professors interested in postal and regulatory economics but also for postal administrations consulting firms and federal government departments

The Routledge Companion to Network Industries Matthias Finger,Christian Jaag,2015-11-19 In recent decades network industries around the world have gone through periods of de and re regulation With vast amounts of sometimes conflicting research carried out into specific network industries the time has come for a critical overarching assessment of this entire industry in order to provide a platform of understanding to aid future research and practice This comprehensive resource provides an orientation for academics policy makers and managers as to the main economic regulatory and commercial challenges in the network industries The book is split into sections covering market policy regulation management perspectives whilst all of the key network industries are covered including energy transport water and telecommunications Overseen by world class Editors and experts in the field this interdisciplinary resource is essential reading for students and researchers in international business industrial economics and the industries

Postal Strategies Pier Luigi Parcu,Timothy J. Brennan,Victor Glass,2023-04-25 This edited

book includes original essays by prominent researchers and practitioners in the field of postal and delivery economics originally presented at the 30th Conference on Postal and Delivery Economics held in Rimini Italy May 25 27 2022 The central foci of the book are the role of digital platforms in the postal sector and the impact of vertically integrated firms in delivery markets Other important topics include the regulation of parcels and their environmental footprint in light of the innovations affecting the so called last mile and the effects of the COVID 19 pandemic on the postal sector on both the global and local levels Chapters also discuss traditional topics for postal and delivery sectors including postal costs the funding of Universal Service Obligation USO and the related role of Universal Service Providers This book is a useful tool not only for graduate students and professors interested in postal and regulatory economics but also for postal administrations consulting firms and federal government departments *Postal and Delivery Innovation in the Digital Economy* Michael A.

Crew, Timothy J. Brennan, 2014-12-12 Worldwide postal and delivery economics is the subject of considerable interest The postal industry's business model is in drastic need of change Notably the European Commission and member states are still wrestling with the problems of implementing liberalization of entry into postal markets addressing digital competition and maintaining the universal service obligation In the United States the Postal Accountability and Enhancement Act of 2006 has perhaps exacerbated some of the problems faced by the United States Postal Service USPS Currently the USPS has serious financial problems because of difficulties it faces in making changes and the failure of the Act to address problems that have been long standing Electronic competition is severe and affects post offices POs worldwide which have been slow to address the threat This book addresses this new reality and includes discussion of how POs may attempt to reinvent themselves Parcels and packets will play a major role in developing new business models for postal operators This book is of use not only to students and researchers interested in the field but also to postal operators consulting firms utilities regulatory commissions Federal Government Departments and agencies of the European Union and other countries **Economics and Business, Volume 31, Number 1**, 1978 Creepy Archives Volume 29 Hector Castellon, Bill Warren, Tom Sutton, T. Casey Brennan, William B. DuBay, Jack L. Butterworth, Doug Moench, Rich Margopoulos, Durañona, Bruce Bezaire, Cary Bates, Gerry Boudreau, Joe Brancatelli, Nicola Cuti, Chris Adames, Pierce Askegren, Jordan Black, Manuel Aud, Víctor de la Fuente, Kevin Duane, Danielle DuBay, 2019-08-06 Presents reprinted issues of the horror comic magazine Creepy
