Faking Death Penny Cousineau-Levine, 2003 In Faking Death Penny Cousineau Levine examines the work of over 120 Canadian photographers revealing important aspects of Canadian identity and imagination Contrasting Canadian photography with American and European traditions she shows that Canadian photographers are often preoccupied with a place that is elsewhere a doubling and duality that also occurs in Canadian literature film and political life Subverting the documentary tradition and other stylistic idioms for their own distinctive ends Canadian photographers exhibit an ambivalent preoccupation with death and dying bondage and entrapment Cousineau Levine argues that this is characteristically a faked death that expresses a collective Canadian wish for a symbolic passage to national maturity The book includes 16 colour reproductions and 150 duotones by artists such as Raymonde April Jeff Wall Lynne Cohen Charles Gagnon Evergon Michel Lambeth Thaddeus Holownia Geoffrey James Genevi ve Cadieux Shelley Niro Diana Thorneycroft Jin me Yoon Ian Wallace and Ken Lum This work provides a visual introduction to one of Canada s most vibrant and internationally recognized artistic media

VanderVeen, 2021-03-02 *Gender Supernatural Beings and the Liminality of Death* Monstrous Males Fatal Females examines representations of the supernatural dead to demonstrate shifts in the manifestation of gender Including readings of East Asian detectives cyborgs Iranian vampires and African zombies among others This collection offers a multi faceted look at myth legend and popular culture representations of the gendered supernatural from a broad range of international contexts The contributors show that as creatures pass through the liminal space of death their new supernatural forms challenge cultural conceptions of gender masculinity and femininity **The Odyssey Experience** Neil J. Smelser, 2009-03-05 This bold and innovative book traces the phenomenon of the odyssey experience as it shapes informs and defines our lives Drawing on an astonishing range of examples Neil J Smelser focuses on how such experiences enhance our lives and provide us with meaning and dignity The odyssey experience as Smelser advances it is generic widespread and recurring It is a finite period of disengagement from the routines of life and immersion into a simpler transitory often collective usually intense period of involvement that culminates in some kind of regeneration By examining a variety of topics as part of a larger overarching phenomenon Smelser transforms their study from the particular to the comparative The Odyssey Experience thus reaches beyond a simple description of where and how transformations occur in daily life to offer a profound explanation for why they are there Entrepreneurial Goals Itamar Dubinsky, 2022-07-26 The idea that the African private sector will generate economic prosperity and social wealth an objective many governments and foreign charitable organizations have failed to achieve continues to attract attention in business and policy circles Yet little research has actually been conducted on Africapitalist endeavors With the immense popularity of sports and the many aspirations they foster the successes and shortcomings of soccer academies have kicked their way into the spotlight *Entrepreneurial Goals* breaks away from studies that focus on the international relations consequences of soccer ventures which are often rebuked as extended forms of European colonialism and exploitation of local talent and instead centers Ghanaian establishments and the opportunities they create for local development within their surrounding communities Itamar Dubinsky s extensive ethnographic research offers an innovative theoretical approach by assessing three institutions Mandela Soccer Academy Kumasi Sports Academy and Unistar Soccer Academy through an Africapitalist prism He demonstrates that these business endeavors when viewed from the perspective of local interests realize many of the educational financial and community building ambitions of the region This pioneering examination of locally owned academies in Ghana reflects Dubinsky s aim of illuminating the entrepreneurs and programs whose success passes to participating youth and their families while also exposing the contradictions of for profit development initiatives that purport to reap collective social benefits *The LGBTQ+ Comics Studies Reader* Alison Halsall, Jonathan Warren, 2022-09-20 Winner of the 2023 Eisner Award for Best

Ritual Performance in the Fiction of Flannery O'Connor
 Cynthia Seel, 2001 The study begins with an exploration of O'Connor's Southern milieu a survey of relevant scholarship particularly feminist theory and a clarification of essential terms and concepts surrounding ritual The remaining chapters are then dedicated to the six short stories each of which depicts certain ritual patterns and archetypal models In this way the study furnishes a prototype that can be applied to O'Connor's entire oeuvre Ritual Performance in the Fiction of Flannery O'Connor is an excellent resource for teachers and students of American literature Southern Studies feminist theory and ritual studies Because it is story centered rather than theory driven it will appeal to those who are looking for ways to read and teach O'Connor's astonishing stories more deeply
