Raffaella Di Napoli

Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory:

Beyond Constitutionalism Nico Krisch, 2010-10-28 Rejecting current arguments that international law should be constitutionalized this book advances an alternative pluralist vision of postnational legal orders It analyses the promise and problems of pluralism in theory and in current practice focusing on the European human rights regime the European Union and global governance in the UN

Constitutional Theory: Schmitt after Derrida Jacques de Ville, 2017-04-21 This book advances a new reading of the central works of Carl Schmitt and in so doing rethinks the primary concepts of constitutional theory In this book Jacques de Ville engages in a close analysis of a number of Schmitt's texts including Dictatorship 1921 The Concept of the Political 1927 Constitutional Theory 1928 Land and Sea 1942 Ex Captivitate Salus 1950 The Nomos of the Earth 1950 and The Theory of the Partisan 1963 This engagement takes place from the perspective of constitutional theory and focuses specifically on concepts or themes such as sovereignty the state the political constituent power democracy representation the constitution and human rights The book seeks to rethink the structure of these concepts in line with Derrida's analysis of Schmitt's texts on the concept of the political in Politics of Friendship 1993 This happens by way of an analysis of Derrida's engagement with Freud and other psychoanalysts Although the main focus in the book is on Schmitt's texts it further examines two texts of Derrida Kh ra 1993 and Fors The English Words of Nicholas Abraham and Maria Torok 1976 by reading these alongside Schmitt's own reflections on the positive concept of the constitution

Carl Schmitt's State and Constitutional Theory Benjamin A. Schupmann, 2017-11-17 Can a constitutional democracy commit suicide Can an illiberal antidemocratic party legitimately obtain power through democratic elections and amend liberalism and democracy out of the constitution entirely In Weimar Germany these theoretical questions were both practically and existentially relevant By 1932 the Nazi and Communist parties combined held a majority of seats in parliament Neither accepted the legitimacy of liberal democracy Their only reason for participating democratically was to amend the constitution out of existence This book analyses Carl Schmitt's state and constitutional theory and shows how it was conceived in response to the Weimar crisis Right wing and left wing political extremists recognized that a path to legal revolution lay in the Weimar constitution's combination of democratic procedures total neutrality toward political goals and positive law Schmitt's writings sought to address the unique problems posed by mass democracy Schmitt's thought anticipated constrained or militant democracy a type of constitution that guards against subversive expressions of popular sovereignty and whose mechanisms include the entrenchment of basic constitutional commitments and party bans Schmitt's state and constitutional theory remains important the problems he identified continue to exist within liberal democratic states Schmitt offers democrats today a novel way to understand the legitimacy of liberal democracy and the limits of constitutional change

The Metaethics of Constitutional Adjudication Bosko Tripkovic, 2018-01-11 In this book Bosko Tripkovic develops a theory of value based arguments in constitutional adjudication In contrast to the standard question of constitutional theory

that asks whether the courts get moral answers wrong it asks a more fundamental question of whether the courts get the morality itself wrong Tripkovic argues for an antirealist conception of value one that does not presuppose the existence of mind independent moral truths and accounts for the effect this ought to have on existing value based arguments made by constitutional courts The book identifies three dominant types of value based arguments in comparative constitutional practice arguments from constitutional identity common sentiment and universal reason and explains why they fail as self standing approaches to moral judgment It then suggests that the appropriate moral judgments emerge from the dynamics between practical confidence which denotes the inescapability of the self and the evaluative attitudes it entails and reflection which denotes the process of challenging and questioning these attitudes The book applies the notions of confidence and reflection to constitutional reasoning and maintains that the moral inquiry of the constitutional court ought to depart from the emotive intuitions of the constitutional community and then challenge these intuitions through reflective exposure to different perspectives in order to better understand and develop the underlying constitutional identity The book casts new light on common constitutional dilemmas and allows us to envisage new ways of resolving them *Handbook on Global Constitutionalism* Anthony F. Lang, Antje Wiener, 2023-11-03 This thoroughly revised Handbook presents an up to date political and philosophical history of global constitutionalism By exploring the constitutional like qualities of international affairs it provides key insight into the evolving world order Constitutional and Political Theory Ernst-Wolfgang Böckenförde, 2017 In this comprehensive edition of Ernst Wolfgang Böckenförde's definitive work in constitutionalism law and politics readers have access to the legal discourse of one of Germany's leading contemporary theorists and former judge of the federal constitutional court available in the English language for the first time **Reconceptualizing Sovereignty in the Post-National State: Statehood Attributes in the International Order** Flavio G. I. Inocencio, 2014-08-18 This book offers a multidisciplinary approach to the study of the concept of sovereignty This book outlines the origins context and evolution of the concept of sovereignty as an essential attribute of the modern territorial State since the Peace of Westphalia in 1648 The book identifies two competing traditions of the concept of sovereignty the tradition inaugurated by Jean Bodin in 1576 in his work *The Six Books of the Commonwealth* and another that started with Johannes Althusius in 1603 considered the father of federal theory in his less known work *Politica* In order to understand the concept of sovereignty it is necessary to understand the constitutional rules of each international system and the fact that the States are the primary polities in the international arena The rise of International Organizations and the increasing institutionalization of the international system challenges this state centric world considering their exercise of sovereign powers Following authors such as Daniel Elazar the book discusses the importance of federalism as political theory which offers a different understanding of the concept of sovereignty The book discusses the European Union as a paradigmatic case of a postmodern confederation which challenges the notion of sovereignty as an absolute and exclusive statehood attribute Furthermore the reconceptualization of

sovereignty in International Law should consider the rise of regional and functional legal orders the different understandings of sovereignty offered by the federalist tradition and the processes of deterritorialization and disaggregation of authority The book concludes with the idea that concept of sovereignty in International Law should be seen as a flexible concept which is not an exclusive attribute of the modern territorial state This book is required reading for all interested in the history and the evolution of the concept of sovereignty

Constituent Power and the Law Joel I. Colón-Ríos, 2020 Constituent power is the power to create new constitutions Since it is frequently exercised during or after political revolutions it has been historically associated with extra legality and violations of the established legal order This book examines the relationship between constituent power and the law and the place of constituent power in constitutional history focusing on the legal and institutional implications that theorists politicians and judges have derived from it Since the 18th and 19th centuries commentators and citizens have relied on the concept of constituent power to defend the idea that electors have the right to instruct representatives and that the creation of new constitutions must take place through extra legislative entities such as primary assemblies open to all citizens More recently several Latin American constitutions explicitly incorporate the theory of constituent power and allow citizens acting through popular initiative to trigger constitution making episodes that may result in the replacement of the entire constitutional order Constitutional courts have employed constituent power to justify their jurisdiction to invalidate constitutional amendments that alter the fundamental structure of the constitution and thus amount to a constitution making exercise Some governments have reverted to it to defend the legality of transforming the constitutional order through procedures not contemplated in the constitution s amendment rule but considered participatory enough to be equivalent to the people in action and these attempts have sometimes been sanctioned by courts Building on these findings *Constituent Power and the Law* argues that the exercise of constituent power unlike sovereignty should be understood as ultimately based on a popular mandate to produce a particular type of legal content In practice this makes it possible for a constitution making body to be understood as legally subject to the conditions arising from a constituent referendum

Legitimacy Wojciech Sadurski, Michael Sevel, Kevin Walton, 2019-03-28 Traditionally legitimacy has been associated exclusively with states But are states actually legitimate And in light of the legalization of international norms why should discussions of legitimacy focus only on the nation state The essays in this collection examine the nature of legitimacy the legitimacy of the state and the legitimacy of supranational institutions The collection begins by asking What sort of problem is legitimacy Part I considers competing theories in particular the work of John Rawls Part II looks at the legitimacy of state apparatus its institutions officials and the rule of law and the future of state sovereignty Part III expands the scope of legitimacy beyond the state to supranational institutions and international law Written by theorists of considerable standing the essays in this volume will be of interest to students and scholars of law politics and philosophy looking for ways of approaching the problem of how extra territorial affairs affect a state s written and unwritten agreements with its citizens in

a world where laws and norms with legal effect are increasingly made beyond the state **The Global Model of Constitutional Rights** Kai Möller, 2012-10-25 The rapid spread of judicially enforced constitutional rights has been one of the most dramatic developments in modern law This book argues that there is now a global model for how such rights should function and develops an original philosophically grounded account of their nature and scope

Immerse yourself in heartwarming tales of love and emotion with Crafted by is touching creation, Tender Moments: **Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory** . This emotionally charged ebook, available for download in a PDF format (PDF Size: *), is a celebration of love in all its forms. Download now and let the warmth of these stories envelop your heart.

Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory Introduction

In today's digital age, the availability of Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory books and manuals for download has revolutionized the way we access information. Gone are the days

of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast

collection of digitized books and historical documents. In conclusion, Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory books and manuals for download and embark on your journey of knowledge?

FAQs About Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory Books

1. Where can I buy Beyond Constitutionalism The Pluralist Structure Of Postnational Law Oxford Constitutional Theory books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
