Annual Report On Sexual Harassment And Violence At The Military Service Academies

Robert Lopresti

Annual Report On Sexual Harassment And Violence At The Military Service Academies:

Annual Report on Sexual Harassment and Violence at the Military Service Academies Department of Defense, 2015-03-15 Each year the Department is required to conduct an assessment of policies and programs to address sexual harassment and sexual assault at the Military Service Academies MSAs The following is a brief synopsis of last year's key findings compared with this year's key findings This Year's Key Findings APY 12 13 Reports of sexual assault decreased at two of three MSAs with 53 reports made by cadets and midshipmen during APY 12 13 for events they experienced while they were in military service Of the 53 reports 89% involved cadet midshipman on cadet midshipman crime An additional 5 reports involved civilian victims who reported being sexually assaulted by a cadet or midshipman No unwanted sexual contact rate is available as no survey was conducted during this academic program year A survey is being fielded in 2014 to update past year prevalence rates of unwanted sexual contact and sexual harassment The 53 victims who reported a sexual assault for an incident that occurred while they were in military service during APY 12 13 is less than the 58 victims that reported in APY 11 12 Because there was no survey to establish a prevalence rate for this past academic year the Department cannot say with certainty whether the decrease in reporting this year at the MSAs was due to fewer assaults occurring or due to fewer victims opting to report Given focus group feedback cadets and midshipmen feel that incidents would be taken seriously by MSA leadership and dealt with immediately However they remain concerned that reporting a sexual assault will impact their reputation and social standing with classmates In the report that follows the Department has made numerous recommendations that will help address perceptions that deter reporting and advance and sustain an environment of dignity and respect at the MSAs

Sexual Assault in the U.S. Military Rosemarie Skaine, 2015-12-01 This book provides an in depth analysis of sexual assault in the military from historical and contemporary perspectives offering suggestions that could change the existing culture and approaches that will reduce or eliminate sexual assault in the armed forces Sexual assault has been an aspect of the U S military historically and is today widely recognized as a significant problem with far reaching repercussions How does sexual assault negatively impact not only the victims themselves but also the U S military's strength readiness and morale This book answers these questions and documents the problems with reporting and prosecuting sexual assault complaints within our armed forces examines the current policy and laws to identify what changes are needed and analyzes recent efforts to prevent sexual assault Author Rosemarie Skaine introduces the subject with a historical perspective that covers women men gays and lesbians and non military personnel as the subjects of sexual assault and provides readers with clear definitions of sexual harassment and sexual assault The chapters explain how sexual assault negatively affects the military's performance as a whole thereby serving to undermine national security and covers preventative approaches and legislation intended to change the current military culture The book also includes a bibliography tables of key figures and footnotes and endnotes that fully document the data presented

Military Sexual

Trauma: Current Knowledge and Future Directions Carolyn Allard, Melissa Platt, 2014-06-11 Military Sexual Trauma Current Knowledge and Future Directions showcases the work of several prominent military sexual trauma MST researchers scholars and clinicians from across the United States A review of existing research and original empirical findings converge to indicate that MST contributes to a range of physical health problems complex posttraumatic responses and other mental health consequences above and beyond the effects of other types of traumatic experiences This collection also presents evidence suggesting that MST is often difficult to identify both within the individual military member and within the military population as a whole Recommendations are offered for addressing this problem In addition to the research review and empirical findings an evolutionary framework for understanding sexual assault of women in the military is presented Taken together this collection of works may inform MST intervention and prevention efforts This book was originally published as a special issue of Journal of Trauma Dissociation Department of Defense FY 2008 Report on Sexual Assault in the Military Kay Whitley, 2009-09 This report includes reports from the Military Services which provide data on reported sexual assault allegations involving members of the Armed Forces that occurred during FY 2008 They also summarize the policies and procedures that the DoD and the Military Services implemented to provide a solid foundation for DoD s goals of prevention through training and education victim care and support and accountability Illustrations **Women in Combat** Rosemarie Skaine, 2011-01-19 This handbook provides a straightforward account of how women have served in combat roles and explains the ongoing controversy surrounding efforts to legalize combat assignments for female service members Women have been excluded from combat roles for most of American history During conflicts such as the American Civil War a few women enlisted as men in some cases their identities as women were not discovered until after their deaths Today the nontraditional battlefields of Iraq and Afghanistan have no clearly defined front lines and many female soldiers have found themselves face to face with the enemy Yet despite the realities of modern warfare the subject of women serving in combat roles remains highly controversial Women in Combat A Reference Handbook examines the historical background current dilemmas and global context of this contentious issue The author explores both sides of the argument presenting information from leading sources and gleaned from personal interviews Statistical data primary source documents a directory of organizations and print and electronic resources offer additional insight The Cambridge Handbook of Sociology: Volume 1 Kathleen Odell Korgen, 2017-08-11 Whether a student an instructor a researcher or just someone interested in understanding the roots of sociology and our social world The Cambridge Handbook of Sociology Volume 1 is for you This first volume of the Handbook focuses on core areas of sociology such as theory methods culture socialization social structure inequality diversity social institutions social problems deviant behavior locality geography the environment and social change It also explains how sociology developed in different parts of the world providing readers with a perspective on how sociology became the global discipline it is today Each essay includes a discussion of how the respective subfield contributes to the

overall discipline and to society Written by some of the most respected scholars teachers and public sociologists in the world the essays are highly readable and authoritative **Victimology** William G. Doerner, Steven P. Lab, 2017-03-16 **Victimology** Eighth Edition shows how to transform the current criminal justice system into a victim's justice system Doerner and Lab both well regarded scholars write compellingly about the true scope of crime victims suffering in the United States They lay out the sources of evidence available to victimology researchers In later chapters theory is woven together with the description of each topic and illustrated with specific examples The second part of the book addresses the full impact of victimization Part III Types of Victimization details specific problems ranging from violent crimes child and elder abuse and property crime to crime in the workplace The authors emphasize their concern with the extent of criminal victimization explain how obstacles hinder the pursuit of justice and introduce the idea that reforms have rendered the system much more victim friendly Appropriate for undergraduate as well as early graduate students in Victimology courses in Criminology Criminal Justice and Sociology programs as well as Justice Studies this book offers an instructor's manual with a test bank as well as PowerPoint lecture slides and a companion site with student resources **When Women Didn't Count** Robert Lopresti, 2017-06-22 Erroneous government generated data is more problematic than it would appear This book demonstrates how women's history has consistently been hidden and distorted by 200 years of official government statistics Much of women's history has been hidden and filtered through unrealistic expectations and assumptions Because U S government data about women's lives and occupations has been significantly inaccurate these misrepresentations in statistical information have shaped the reality of women's lives They also affect men and society as a whole these numbers influence our investments our property values our representation in Congress and even how we see our place in society This book documents how U S federal government statistics have served to reveal and conceal facts about women in the United States It reaches back to the late 1800s when the U S Census Bureau first listed women's occupations and forward to the present when the U S government relies on nonprofit groups for statistics on abortion Objective and accurate **When Women Didn't Count** isn't focused on numbers and census results as much as on recognizing problems in data exposing the hidden facets of government data and using critical thinking when considering all seemingly authoritative sources Readers will contemplate how the government decided that a farmer's wife could be a farmer how the ongoing battle over abortion has been reflected in the numbers the government is allowed to keep and publish the consequences of the Census Bureau correcting reports of women in unusual occupations in 1920 and why the official count of women owned businesses dropped 20 percent in 1997 **United States Code** United States, 2018 **Reflecting on America** Clare L. Boulanger, 2017-07-05 Anthropologists travel back in time and across the globe to understand human culture but surprise there is culture right here in the United States This second edition of the best selling textbook and anthology **Reflecting on America** again focuses on how we can recognize the common cultural thread running through diverse American phenomena from heroin addiction and

Big Business's efforts to shape the identities of children to Civil War reenactments and the popularity of burlesque in the Midwest. In addition, this second edition includes chapters written especially for this volume on striptease, Burning Man, The Big Bang Theory TV show, and Groundhog Phil. Written throughout with verve and quirky humor and offering questions for discussion after every article, this book is perfect for undergraduate classes in anthropology and American studies. Drawing together twenty-two scholars with expertise in anthropological ideas about culture, *Reflecting on America* examines what it means to be American.

This book delves into Annual Report On Sexual Harassment And Violence At The Military Service Academies. Annual Report On Sexual Harassment And Violence At The Military Service Academies is a vital topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Annual Report On Sexual Harassment And Violence At The Military Service Academies, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Annual Report On Sexual Harassment And Violence At The Military Service Academies
 - Chapter 2: Essential Elements of Annual Report On Sexual Harassment And Violence At The Military Service Academies
 - Chapter 3: Annual Report On Sexual Harassment And Violence At The Military Service Academies in Everyday Life
 - Chapter 4: Annual Report On Sexual Harassment And Violence At The Military Service Academies in Specific Contexts
 - Chapter 5: Conclusion
2. In chapter 1, this book will provide an overview of Annual Report On Sexual Harassment And Violence At The Military Service Academies. The first chapter will explore what Annual Report On Sexual Harassment And Violence At The Military Service Academies is, why Annual Report On Sexual Harassment And Violence At The Military Service Academies is vital, and how to effectively learn about Annual Report On Sexual Harassment And Violence At The Military Service Academies.
3. In chapter 2, the author will delve into the foundational concepts of Annual Report On Sexual Harassment And Violence At The Military Service Academies. This chapter will elucidate the essential principles that must be understood to grasp Annual Report On Sexual Harassment And Violence At The Military Service Academies in its entirety.
4. In chapter 3, the author will examine the practical applications of Annual Report On Sexual Harassment And Violence At The Military Service Academies in daily life. This chapter will showcase real-world examples of how Annual Report On Sexual Harassment And Violence At The Military Service Academies can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Annual Report On Sexual Harassment And Violence At The Military Service Academies in specific contexts. The fourth chapter will explore how Annual Report On Sexual Harassment And Violence At The Military Service Academies is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Annual Report On Sexual Harassment And Violence At The Military Service Academies. This chapter will summarize the key points that have been discussed throughout the book. The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Annual Report On Sexual Harassment And

Violence At The Military Service Academies.
