Bombshell Women And Terrorism:

Bombshell Mia Bloom, 2012-08-13 Between 1985 and 2008 female suicide bombers committed more than 230 attacks about a quarter of all such acts Women have become the ideal stealth weapon for terrorist groups They are less likely to be suspected or searched and as a result have been used to strike at the heart of coalition troops in Iraq and Afghanistan This alarming tactic has been highly effective garnering extra media attention and helping to recruit more numbers to the terrorists cause Yet as Mia Bloom explains in *Bombshell Women and Terrorism* female involvement in terrorism is not confined to suicide bombing and not limited to the Middle East From Northern Ireland to Sri Lanka women have been engaged in all manner of terrorist activities from generating propaganda to blowing up targets What drives women to participate in terrorist activities Bloom a scholar of both international studies and women s studies blends scrupulous research with psychological insight to unearth affecting stories from women who were formerly terrorists She moves beyond gender stereotypes to examine the conditions that really influence female violence arguing that while women terrorists can be just as bloodthirsty as their male counterparts their motivations tend to be more intricate and multilayered Through compelling case studies she demonstrates that though some of these women volunteer as martyrs many more have been coerced by physical threats or other means of social control As evidenced by the March 2011 release of Al Qaeda s magazine *Al Shamikha* dubbed the jihadi *Cosmo* it is clear that women are the future of even the most conservative terrorist organizations *Bombshell* is a groundbreaking book that reveals the inner workings of a shocking unfamiliar world *Female Terrorism in America* Jonathan Matusitz, Elena Berisha, 2020-09-17 This book provides a comprehensive analysis of female terrorism in America both past and present The volume takes a fresh look at women s actions of left wing political violence right wing political violence and religious extremist violence among others It also examines the multitude of roles that women have played over the past few decades in such organizations including leadership positions and more passive roles not to mention the diverse methods of recruitment radicalization and propaganda The objective of this book is to examine using a wide range of case studies facts statistics and theoretical methodologies how collective or personal factors have influenced or reinforced the actions that these women take Government agencies continue to underestimate the ability of women to support and perpetrate terrorism As such the United States is facing a wholly inaccurate and incomplete picture of the complexities of domestic terrorism and this is contributing to a serious neglect of the issue at the national level This volume ultimately aims to offer policy relevant solutions to decrease the threat of domestic female political violence in the United States *Female Terrorism in America* will be of much interest to students of terrorism and political violence American politics gender studies and sociology **The Terrorism Lectures** James Forest, 2013-12-13 The authoritative compendium for students of terrorism and counterterrorism *Handbook of Terrorist and Insurgent Groups* Scott N. Romaniuk, Animesh Roul, Pamela Fabe, János Besenyő, 2024-10-24 *Handbook of Terrorist and Insurgent Groups* A Global Survey of Threats Tactics

and Characteristics examines the most current and significant terrorist and insurgent groups around the world. The purpose is to create a descriptive mosaic of what is a pointedly global security challenge. The volume brings together conceptual approaches to terrorism, insurgency and cyberterrorism with substantive and empirical analyses of individual groups, organisations and networks. By doing so, not only does the coverage highlight the past, present and future orientations of the most prominent groups, but it also examines and illustrates their key characteristics and how they operate, including key leaders and ideologues. Highlighting specific individual groups, the chapters collectively present a robust and comprehensive outlook on the current geography of terrorism and insurgency groups operating in the world today. This comprehensive volume brings the collective expertise and knowledge of more than 50 academics, intelligence and security officials and professionals together, all of whom are considered subject experts in their respective areas of research and practice. The volume is based on both desk-based and fieldwork conducted by experts in these areas, incorporating analyses of secondary literature but also the use of primary data, including first-hand interviews on the various groups, regions of operation, their tactics and how their ideologies motivate their actions.

Women and the Lebanese Civil War Jennifer Philippa Eggert, 2021-11-09. This book analyses the reasons for women's participation in the various Lebanese and Palestinian militias involved in the Lebanese Civil War, 1975-1990. Whilst most existing accounts of the Civil War in Lebanon either overlook the roles and experiences of women entirely or focus on women as victims or peacemakers only, *Women and the Lebanese Civil War* highlights that women were involved as militants and often also as fighters in all of the militias partaking in the war. Analysing individual motivations, organisational characteristics, security-related aspects and societal factors, the book explains why women were included as fighters in some of the militias but not in others. Based on extensive fieldwork in Lebanon, the book is the first comprehensive study of female perpetrators and supporters of political violence during the Lebanese Civil War. Beyond the case of Lebanon, it questions widespread assumptions about the roles of women at times of violent conflict and war.

Gender and Crime Sandra L. Browning, Leah C. Butler, Cheryl Lero Jonson, 2024-05-23. This volume takes stock of contemporary perspectives on gender and crime. In 1975, Freda Adler published her pathbreaking book *Sisters in Crime: The Rise of the New Female Criminal*. She made the bold claim that changes in American society, including changing attitudes and opportunities, would allow for greater participation of women in criminal enterprises. Beyond her substantive thesis, which turned out to be partially accurate, Adler opened up a vibrant new area within criminology: the study of gender and crime. Now, nearly a half-century later, the field of criminology is replete with women scholars who are making plentiful and important contributions. As a result, this volume explores cutting-edge issues. Part I starts by laying out a theoretical foundation, focusing on the origins of theories of female criminality and then providing an overview of more contemporary perspectives. Part II explores the role of race in shaping women's criminality, drawing on the novel approaches of Black Criminology and the study of intersectionality. Part III gives attention to issues that heretofore were male-centric, illuminating

female desistance from crime the effects of peer groups and gender differences in attitudes toward criminal justice policies Finally Part IV considers the explanation of three important realms of criminality risky lifestyles white collar crime and terrorism This volume will be of interest to a wide range of criminologists and is an ideal choice for use in graduate seminars and upper level undergraduate courses

Women vs. Women Joan Johnson-Freese, 2022-04-21 Women vs Women is a book about power dynamics and competition between women The author argues that women have been mired in competitive quicksand since the beginning of time often beginning in earnest during adolescence to their social economic and political detriment Exacerbating differences between women has become a strategy for maintaining male dominated power structures so while competition will always exist and can at times be useful self inflicted and counterproductively imposed competition between women must end as it dilutes their power and opportunities From a security perspective gender inequality is a destabilizing societal force This book represents a confluence of ideas First the ill effects of gender inequality from the individual to the national and global level and the fact that this is far from being universally recognized and addressed Second the negative influence of extremes especially political and religious on society at large and women in particular Third the societal stresses imposed on girls and the subsequent lifetime effects While the challenges of careers motherhood and old age are all significant for women the author contends that how they handle these challenges can be shaped by adolescent experiences As a multidisciplinary work this book is intended as a supplementary text in undergraduate and graduate courses on American politics American foreign policy gender and diversity studies global studies sociology security studies culture focused courses economics and religion It will also interest general audiences increasingly eager to understand the dynamics of the world they live in

Cyberspace, Cyberterrorism and the International Security in the Fourth Industrial Revolution Reza Montasari, 2024-01-18 This book represents an interdisciplinary academic endeavour intended to provide readers with a comprehensive balanced and nuanced examination of critical issues at the intersection of cyberspace cyberterrorism and national and international security It draws insights from a range of diverse fields including Computer Science Social Science Political Science International Relations Criminology and Law Furthermore the book investigates the field of Artificial Intelligence AI and related technologies exploring their dual role in this dynamic landscape of contemporary cyberthreats with both constructive and malicious implications The book comprises four distinct themes with each theme represented by a dedicated Part Within this organisational framework each overarching theme is systematically explored through a series of chapters providing readers with a clear and thematic roadmap for their journey through the content Part I Understanding Terrorism and Counter Terrorism Strategies of the book explores complexities surrounding contemporary global security challenges It serves as the foundational segment of the book consisting of three chapters that critically analyse various dimensions of terrorism and the strategies implemented to combat it Part II Cyberterrorism Landscape of the book offers an in depth assessment of the current cyberterrorism landscape This section

[Irish Women's Prison Writing](#) Red Washburn,2022-11-16 This book explores 50 years of Irish women s prison writing 1960s 2010s connecting the work of women leaders and writers in Northern Ireland during the Troubles This volume analyzes political communiqu s petitions news coverage prison files personal letters poetry and short prose and memoirs highlighting the personal correspondence auto biographical narratives and poetry of the following key women Bernadette McAliskey Eileen Hickey Mair ad Farrell S le Darragh Ella O Dwyer Martina Anderson Dolours Price Marian McGlinchey formerly Marian Price ine and Eibhl n Nic Giolla Easpaig Ann and Eileen Gillespie Roseleen Walsh and Margaretta D Arcy This text builds on different fields and discourses to reimagine gender and genre as central to an interdisciplinary and intersectional prison archive Centering Irish women s prison writings in order to challenge canonization in history and literature this volume argues that women s lives and words offer a different view of gender and nation as well as offer a fuller and more inclusive archive of Irish history and literature Additionally this book will point to the ways in which their politics of everyday life and their cultural work is a form of anti colonial civil rights feminism for it speaks truth to power in a world in which compliance and silence are valued Overall this text focuses on rethinking and recasting women s voices and words in order to document and promote the ongoing Irish freedom struggle from an abolitionist feminist perspective

Veiled Threats Mia Bloom,2025-02-15 Veiled Threats challenges the idea that women in violent terrorist groups lack agency Too often these women are assumed to be controlled by men their fathers their husbands or some other male relative Mia Bloom contests this narrow understanding Although extremist groups often control different aspects of women s lives including their religious obligations or dress jihadi women have asserted themselves in myriad ways Bloom interrogates the prevailing perceptions about women s involvement in violent extremism exclusively as victims manipulated drugged or coerced Following her pioneering work on women in Bombshell Bloom lifts the veil of the secret world of women in jihadi groups to provide a nuanced and complex explanation of their motivations and challenge misperceptions about women s agency Veiled Threats explores the range of roles of the women involved in jihad not only across secular and religious groups but within affiliated religious groups and examines how these extremist groups have used rape as a weapon of war Bloom explains how women are used and abused deployed and destroyed and the many ways in

which their roles in terrorism have evolved over the past three decades
