Behaviour And Rationality In Corporate Governance Routledge Studies In Corporate Governance:

Behaviour and Rationality in Corporate Governance Oliver Marnet, 2008-03-10 Corporate scandals due to bad accounting happen too frequently for a system of corporate governance to be deemed effective Exploring the reasons behind corporate misbehaviour this book also answers the question of whether recent reforms are sufficient to prevent further scandals from occurring in the future

Routledge Handbook of Corporate Law Roman Tomasic, 2016-11-10 The Routledge Handbook of Corporate Law provides an accessible overview of current research in the field from an international and comparative perspective In recent years there has been an explosion of corporate law research as this area of law continues to develop rapidly throughout the world Traditionally Anglo American corporate law theory has dominated debates and publications however this handbook readdresses the balance by exploring the treatment of corporate law in both Europe and Asia as well developments in the US and UK Bringing together a wide range of key thinkers in the field this volume is divided into three main parts Thinking about corporate law Corporate law principles and governance Some cross cultural comparisons Providing up to date and authoritative articles covering all the key aspects of corporate law this reference work is essential reading for advanced students scholars and practitioners in the field

Credit Rating Governance Ahmed Naciri, 2015-01-30 Credit rating agencies play an essential role in the modern financial system and are relied on by creditors and investors on the market In the recent financial crisis their power and reliability were often questioned yet a simple rating downgrade could threaten to bankrupt a whole country This book examines the governance of credit rating agencies as expressed by their ability to fairly ethically and consistently assign higher rates to issuers having lesser default risks However factors such as the drive for increased revenue and market share the inadequate business model the inadequate methodology of assessing risk opacity and inadequate internal monitoring have all been identified as critical governance failures for credit agencies This book explores these issues and proposes some potential solutions and improvements This will be of interest to researchers and advanced students of corporate finance financial economics risk management investment management and banking

Green Business, Green Values, and Sustainability Christos Pitelis, Jack Keenan, Vicky Pryce, 2011-05-09 Today greenness is goodness non greenness is not an option It is therefore critical to advance thinking on why and how business consumers and policy makers can contribute to the goal of sustainable global wealth creation This volume analyzes the strategic sustainability issues confronting contemporary business and explores the transformation in values strategies and practices needed by modern businesses to attain sustainable business It is developed from a Global Business Symposium organized by the Centre for International Business and Management CIBAM at Cambridge University in February 2009 which brought together leading academics scientists and engineers government leaders and business executives to consider the transformation in business values and strategies implicit in sustainability Green Business Green Values and Sustainability offers a concise and definitive book on the green transformation of business

in major sectors including government finance energy and retail Different solutions to sustainability are explored including ethical approaches alternative environmental strategies corporate responsibility and carbon reductions *Governance and Governmentality for Projects* Ralf Muller,2016-09-01 This research based book takes an organization wide perspective to describe the governance and governmentality for projects in organizations Governance of projects defines and directs the ways managers of projects programs and project portfolios carry out their work Governmentality is the way the managers of these managers present themselves to those they lead Governance and Governmentality for Projects starts with introducing existing theories models and paradigms for governance and governmentality It then develops a chronological framework of the ways governance and governmentality for projects is enabled in organizations how it subsequently unfolds in organizations of different types and sectors and the consequences of different governance approaches for project results trust control and ethical issues in projects Special emphasis is given to the link between corporate governance and the governance of project programs and project portfolios Three real life case studies exemplify the research findings described in the book Through its structure this book describes the development of governance and governmentality in the realm of projects from its organizational origins via observable practices to expected consequences of different implementations Aimed at academics post graduate students in business and management reflective practitioners standards or policy developers those in governance roles and others in need of a detailed knowledge of the spectrum of project related governance in organizations this book will help develop a comprehensive understanding of the theoretical and practical underpinnings of the subject their interaction and implications for implementation This allows for understanding and developing of both generic and idiosyncratic governance structures such as those needed in project based organizations

Mergers and Acquisitions and Executive Compensation Virginia Bodolica,Martin Spraggon,2015-06-26 Over the past decades the total value of executive compensation packages has been rising dramatically contributing to a wider pay gap between the chief executive officer and the average worker In the midst of the financial turmoil that brought about a massive wave of corporate failures the lavish executive compensation package has come under an intense spotlight Public pressure has mounted to revise the levels and the structure of executive pay in a way that will tie more closely the executive wealth to that of shareholders Merger and acquisition M A activities represent an opportune setting for gauging whether shareholder value creation or managerial opportunism guides executive compensation M As constitute major examples of high profile events prompted by managers who typically conceive them as a means for achieving higher levels of pay even though they are frequently associated with disappointing returns to acquiring shareholders Mergers and Acquisitions and Executive Compensation reviews the existing empirical evidence and provides an integrative framework for the growing body of literature that is situated at the intersection of two highly debated topics M A activities and executive compensation The proposed framework structures the literature along two dimensions such as M A phases and firm s role in a M A deal

allowing readers to identify three main streams of research and five different conceptualizations of causal relationships between M A transactions and executive compensation The book makes a comprehensive review of empirical studies conducted to date aiming to shed more light on the current and emerging knowledge in this field of investigation discuss the inconsistencies encountered within each stream of research and suggest promising directions for further exploration This book will appeal to researchers and students alike in the fields of organizational behavior and governance as well as accounting and accountability

Sovereign Credit Rating Ahmed Naciri,2016-12-19 The current degradation of sovereign balance sheets raises very real concerns about how sovereign creditworthiness is measured by credit rating agencies Given the disastrous economic and social effects of any downgrade the book offers an alternative and calls for more transparency about the quantitative measures used in calibrating the rating process and how sovereign ratings are validated It argues that oversight is required and procedures improved including subjecting methodologies of assessing default to more standardization and monitoring Sovereign Credit Rating explains the process of sovereign creditworthiness assessment and explores the consequences of possible inaccuracies in the process Developing an innovative new methodology to assess ratings accuracy it shows that the announcement of each rating action by the major credit rating agencies show alarming inconsistencies Written by an internationally recognized author and professor this unique book will be of interest to researchers and advanced students in corporate governance accounting public finance and regulation

The Routledge Handbook of Behavioural Accounting Research Theresa Libby,Linda Thorne,2025-04-29 The Routledge Handbook of Behavioural Accounting Research covers a full range of theoretical methodological and statistical approaches relied upon by behavioural accounting researchers giving the reader a good grounding in both theoretical perspectives and practical applications Behavioural research is broadly defined as research focused at the individual or small group level drawing mainly on theories from psychology It is well established in the social sciences and has flourished in the field of accounting in recent decades This updated edition maintains the structure of the original handbook and includes all the original chapters which have been revised to reflect the current and evolving emphasis on the theories and tools employed in behavioural research and applied to the research in the accounting domain In addition to the updated original chapters eight new chapters have been included reflecting the expansion of the topics theories and methodologies and presenting developmental advice for behavioural accounting researchers The new topic and theory chapters include chapters outlining our progress in research on the accounting for sustainability language effects in financial disclosures advances in policy related research in financial accounting the impact of algorithms and artificial intelligence and the role of data analytics and data visualization on decision making in accounting and auditing Two additional method chapters include a primer on Hayes PROCESS models in mediation and moderation as well as a new chapter outlining best practices in the design and implementation of experiential questionnaires Finally a chapter has been added providing guidance and advice on responding to reviewers

comments to complement the first edition chapter on preparing a review This book is a vital introduction for advanced doctoral students in behavioural accounting research as well as a valuable resource for established behavioural accounting researchers providing a comprehensive guide to the development and implementation of a behavioural accounting research project **The Interaction Between Competition Law and Corporate Governance** Florence Thépot, 2019-02-14 This book explores the interaction between competition law and corporate governance It will appeal to an audience of lawyers and non lawyer competition professionals in the US UK and EU as well as other jurisdictions with competition law regimes

The Routledge Companion to Behavioural Accounting Research Theresa Libby, Linda Thorne, 2017-11-06 Behavioural research is well established in the social sciences and has flourished in the field of accounting in recent decades This far reaching and reliable collection provides a definitive resource on current knowledge in this new approach as well as providing a guide to the development and implementation of a Behavioural Accounting Research project The Routledge Companion to Behavioural Accounting Research covers a full range of theoretical methodological and statistical approaches relied upon by behavioural accounting researchers giving the reader a good grounding in both theoretical perspectives and practical applications The perspectives cover a range of countries and contexts bringing in seminal chapters by an international selection of behavioural accounting scholars including Robert Libby and William R Kinney Jr This book is a vital introduction for Ph D students as well as a valuable resource for established behavioural accounting researchers

Adopting the Beat of Appearance: An Psychological Symphony within **Behaviour And Rationality In Corporate Governance Routledge Studies In Corporate Governance**

In a global used by screens and the ceaseless chatter of instantaneous transmission, the melodic splendor and psychological symphony created by the published term often disappear into the background, eclipsed by the persistent sound and disruptions that permeate our lives. Nevertheless, nestled within the pages of **Behaviour And Rationality In Corporate Governance Routledge Studies In Corporate Governance** a charming fictional value filled with fresh feelings, lies an immersive symphony waiting to be embraced. Constructed by an outstanding composer of language, that captivating masterpiece conducts viewers on a mental journey, well unraveling the hidden melodies and profound affect resonating within each cautiously constructed phrase. Within the depths of this emotional assessment, we will discover the book is main harmonies, analyze their enthralling publishing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
