Behind The Mask My Double Life In Baseball:

Behind the Mask Dave Pallone, Alan Steinberg, 2002 REVELATIONS AND ALLEGATIONS THAT HAVE MADE WAVES Sports Illustrated HHHHHHHHHHHH Dave Pallone was an umpire with two strikes against him He worked ringed by fellow umpires aching to get even with him for landing his job when they were on strike And he was gay in a sports world where you were supposed to be straight or get straight out In this revealing look at baseball Pallone traces his life both personal and public and offers behind the scenes accounts of the players owners coaches managers and umpires and the outlandish incidents on and off the field which the public never hears about Funny poignant shockingly honest this explosive story is bound to raise a storm of controversy as it opens eyes about how the game is really played and about the deeply ingrained homophobia in the national pastime HHHHHHHHHHHH CANDID AND RIVETING Publishers Weekly TELLS US HE PERSONALLY KNOWS A HALF DOZEN GAY PLAYERS INCLUDING SOME OF THE STARS gives us a touching vignette of his affair with one San Francisco Chronicle A MUST READ Cincinnati Enquirer *The Umpire Is Out* Dale Scott, Rob Neyer, 2022-05 This is the fascinating story of Dale Scott's umpiring career and his journey as a pioneer for LGBTQ people within baseball and across sports *Homosexual Issues In The Workplace* Louis Diamant, 2018-10-24 First published in 1993 This book looks at the stress of gay and lesbian workers within the work world and for that reason alone deserves its place on a list of recommended mental health psycho social health readings However more than this major factor merits consideration Issues that are core to the identity of any person must be examined from the particular position of the homosexual worker and career seeker and include such fundamental concepts as fairness self esteem economics survival the need and right to participate in the work force and the need and right for a voice and basic identity in vocational systems

The Advocate, 1994-03-08 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **Acts of Faith, Acts of Love** Dugan McGinley, 2006-04-19 McGinley uses the autobiographies of Gay men to explore the overlap between their religious and sexual identities The Cooperstown Symposium on Baseball and American Culture, 1998 Thomas L. Altherr, 2002-06-03 This is an anthology of 20 papers that were presented at the Tenth Cooperstown Symposium on Baseball and American Culture held in June 1998 and co sponsored by the State University of New York at Oneonta and the National Baseball Hall of Fame and Museum Commencing with a perceptive speech by keynote speaker G Edward White this Symposium examined such topics as whether a city can support two not just one major league team how television broadcasters and their ball clubs interrelate and how masculine dominance in baseball mainly curtailed female advancement in the game and business These essays divided into sections titled Baseball as a Business Baseball and Communication Baseball and Racial and Ethnic Perspectives Baseball and Gender Matters Baseball and Images and The Other Leagues of Baseball cut through the quick and easy judgments of the media and offer instead the longer more informed view of scholars and researchers Queers in

American Popular Culture Jim Elledge, 2010-10-06 This three volume collection of essays reveals the widespread existence of queer men and women in American popular culture and showcases their important yet little known role in shaping our society over the last 120 years The virtually unknown existence of gay bisexual and queer men and women in American popular culture from the late 1800s through the present day is a fascinating topic for many readers regardless of their own orientation Whether it s the father of bodybuilding famous closeted entertainers or sports stars or the leading characters in current television shows and films queer men and women have changed the face of American popular culture and society for over a century Ironically most of the fascinating information anecdotes and revealing facts about well known figures in American culture are virtually unknown to the typical U S citizen Elledge s Queers in American Popular Culture covers a wide variety of historical and current topics that documents how the queer community has been and continues to be one of the most significant shapers of American popular culture Currently no other book covers queer topics in American popular culture as broadly as this text

Between Gay and Straight Lisa M. Tillmann-Healy, 2001-04-26 It started as a class project a young married small town white woman interviewing a gay acquaintance and his circle of friends From this developed a three year exploration of the complexities of carrying on gay straight friendships This reflexive thoughtful and compellingly written study moves from gay bars to softball leagues to visits with families and friends both gay and straight During its course the author develops a growing understanding of the differences between the two communities the difficulties of developing bonds across groups and the inherent rewards of seeking and being the Other in contemporary society She explores sexuality marriage lifestyles and the meanings of friendship culminating in a boisterous dissertation defense attended by her new community of friends As a study of a gay community a narrative of personal development and change and an exploration of the use of friendship in conducting research that transforms both participants and researcher Tillmann Healy s work will be compelling reading for scholars students and the broader community

Training Professionals Who Work With Gays and Lesbians in Educational and Workplace Settings Hilda Besner, Charlotte I. Spungin, 2013-08-21 This manual was written for trainers both in the private and public sectors who are responsible for educating employees about gay and lesbian issues that directly or indirectly affect organizations in educational or workplace settings There are compelling reasons for addressing gay and lesbian issues in educational and workplace settings Many gays and lesbians are victims of prejudice discrimination and violent behavior that is motivated by fear misinformation and or lack of knowledge Unsafe environments in the educational and workplace environments can have negative effects on the productivity and creativity of personnel and interpersonal relationships

Gay, Straight, and the Reason Why Simon LeVay, 2010-09-30 What causes a child to grow up gay or straight In this book neuroscientist Simon LeVay summarizes a wealth of scientific evidence that points to one inescapable conclusion Sexual orientation results primarily from an interaction between genes sex hormones and the cells of the developing body and brain LeVay helped create this field in 1991 with a much publicized study

in Science where he reported on a difference in the brain structure between gay and straight men. Since then an entire scientific discipline has sprung up around the quest for a biological explanation of sexual orientation. In this book LeVay provides a clear explanation of where the science stands today taking the reader on a whirlwind tour of laboratories that specialize in genetics, endocrinology, neuroscience, cognitive psychology, evolutionary psychology, and family demographics. He describes for instance how researchers have manipulated the sex hormone levels of animals during development causing them to mate preferentially with animals of their own gender. LeVay also reports on the prevalence of homosexual behavior among wild animals ranging from Graylag geese to the Bonobo chimpanzee. Although many details remain unresolved the general conclusion is quite clear: A person's sexual orientation arises in large part from biological processes that are already underway before birth. LeVay also makes it clear that these lines of research have a lot of potential because far from seeking to discover what went wrong in the lives of gay people attempting to develop cures for homosexuality or returning to traditional explanations that center on parent-child relationships, various forms of training or early sexual experiences, our modern scientists are increasingly seeing sexual variety as something to be valued, celebrated, and welcomed into society.
