Believing Women In Islam Unreading Patriarchal Interpretations Of The Quran:

Believing Women in Islam Asma Barlas, 2019-01-16 Does Islam call for the oppression of women Non Muslims point to the subjugation of women that occurs in many Muslim countries especially those that claim to be Islamic while many Muslims read the Qur'an in ways that seem to justify sexual oppression inequality and patriarchy Taking a wholly different view Asma Barlas develops a believer's reading of the Qur'an that demonstrates the radically egalitarian and antipatriarchal nature of its teachings Beginning with a historical analysis of religious authority and knowledge Barlas shows how Muslims came to read inequality and patriarchy into the Qur'an to justify existing religious and social structures and demonstrates that the patriarchal meanings ascribed to the Qur'an are a function of who has read it how and in what contexts She goes on to reread the Qur'an's position on a variety of issues in order to argue that its teachings do not support patriarchy To the contrary Barlas convincingly asserts that the Qur'an affirms the complete equality of the sexes thereby offering an opportunity to theorize radical sexual equality from within the framework of its teachings This new view takes readers into the heart of Islamic teachings on women gender and patriarchy allowing them to understand Islam through its most sacred scripture rather than through Muslim cultural practices or Western media stereotypes For this revised edition of *Believing Women in Islam* Asma Barlas has written two new chapters Abraham's Sacrifice in the Qur'an and Secular Feminism and the Qur'an as well as a new preface an extended discussion of the Qur'an's wife beating verse and of men's presumed role as women's guardians and other updates throughout the book

Believing Women In Islam: Unreading Patriarchal Interpretations Of The Qur'an Edition Asma Barlas, 2004-01-01 Description A significant contribution to a new genre of scholarship this book takes readers into the very heart of Islamic teachings on women gender and patriarchy allowing them to understand Islam through its most sacred scripture rather than through cultural practices or Western media stereotypes Serious and well researched this is a rich resource book Barlas develops a believer's reading of the Qur'an that demonstrates the egalitarian and antipatriarchal nature of its teachings

Believing Women in Islam Asma Barlas, David Raeburn Finn, 2019-01-16 Is women's inequality supported by the Qur'an Do men have the exclusive right to interpret Islam's holy scripture In her best selling book *Believing Women in Islam Unreading Patriarchal Interpretations of the Qur'an* Asma Barlas argues that far from supporting male privilege the Qur'an actually encourages the full equality of women and men She explains why a handful of verses have been interpreted to favor men and shows how these same verses can be read in an egalitarian way that is fully supported by the text itself and compatible with the Qur'an's message that it is complete and self consistent A Brief Introduction presents the arguments of *Believing Women* in a simplified way that will be accessible and inviting to general readers and undergraduate students The authors focus primarily on the Qur'an's teachings about women and patriarchy They show how traditional teachings about women's inferiority are not supported by the Qur'an but were products of patriarchal societies that used it to justify their existing religious and social structures The authors hope is that

by understanding how patriarchal traditionalists have come to exercise so much authority in today's Islam as well as by rereading some of the Qur'an's most controversial verses adherents of the faith will learn to question patriarchal dogma and see that an egalitarian reading of the Qur'an is equally possible and for myriad reasons more plausible *The Oxford Handbook of Islam and Women* Asma Afsaruddin, 2023 The Oxford Handbook of Islam and Women offers authoritative contributions from well-known scholars whose sophisticated and cutting-edge research explores the diversity of Muslim women's lives and their accomplishments challenging common stereotypes that are particularly prevalent in the West

The Oxford Handbook of Comparative Political Theory Leigh K. Jenco, Murad Idris, Megan Christine Thomas, 2020 Chapters emphasize exploration of substantive questions about political life in a range of global contexts with attention to whether and how those questions may be shared, contested or reformulated across differences of time, space and experience An interdisciplinary volume that bridges the gaps between various traditions, regions and concerns regarding political theory Provides tags and keywords to aid navigation of the handbook and help readers trace disruptions, thematic connections and conceptual contrasts across entries *The Qur'an: A Guidebook* Roberto Tottoli, 2023-02-20 The Qur'an A Guidebook is an updated English version of the work that appeared in Italian Rome 2021 *Leggere e studiare il Corano* which deals with the contents of the Qur'an, the style and formal features of the text, the history and fixation of it and an outline of the reception in Islamic literature The aim of the work is to give a reader a description of what he/she can find in the Islamic holy text and the state of the critical debates on all the topics dealt with focusing mainly on the growing scholarly literature which appeared in the last 30 years As such the work is unique in combining the aim to give comprehensive information on the topic and at the same time reconstruct the critical debate in a balanced outline also emphasizing confessional approaches and the dynamics in the study of the Qur'an There is nothing similar in contemporary scholarship and the book is a handbook for students and scholars of Islam but also for readers in religious studies who need to know how the main questions related to the Islamic text have been discussed in recent scholarship **Fighting Hislam** Susan Carland, 2017-05-01 The Muslim community that is portrayed to the West is a misogynist's playground within the Muslim community feminism is often regarded with sneering hostility Yet between those two views there is a group of Muslim women many do not believe exists a diverse bunch who fight sexism from within as committed to the fight as they are to their faith Hemmed in by Islamophobia and sexism they fight against sexism with their minds, words and bodies Often their biggest weapon is their religion Here Carland talks with Muslim women about how they are making a stand for their sex while holding fast to their faith At a time when the media trumpets scandalous revelations about life for women from Saudi Arabia to Indonesia Muslim women are always spoken about and over never with In *Fighting Hislam* that ends *The Myth of the Andalusian Paradise* Dario Fernandez-Morera, 2023-07-11 A finalist for World Magazine's Book of the Year Scholars, journalists and even politicians uphold Muslim-ruled medieval Spain al Andalus as a multicultural paradise a place where Muslims, Christians and Jews lived

in harmony There is only one problem with this widely accepted account it is a myth In this groundbreaking book Northwestern University scholar Dar o Fern ndez Morera tells the full story of Islamic Spain The Myth of the Andalusian Paradise shines light on hidden history by drawing on an abundance of primary sources that scholars have ignored as well as archaeological evidence only recently unearthed This supposed beacon of peaceful coexistence began of course with the Islamic Caliphate s conquest of Spain Far from a land of religious tolerance Islamic Spain was marked by religious and therefore cultural repression in all areas of life and the marginalization of Christians and other groups all this in the service of social control by autocratic rulers and a class of religious authorities The Myth of the Andalusian Paradise provides a desperately needed reassessment of medieval Spain As professors politicians and pundits continue to celebrate Islamic Spain for its multiculturalism and diversity Fern ndez Morera sets the historical record straight showing that a politically useful myth is a myth nonetheless Women and Interreligious Dialogue Catherine Cornille,Jillian Maxey,2013-09-26 Though women have been objects more often than subjects of interreligious dialogue they have nevertheless contributed in significant ways to the dialogue just as the dialogue has also contributed to their own self understanding This volume the fifth in the Interreligious Dialogue Series brings together historical critical and constructive approaches to the role of women in the dialogue between religions These approaches deal with concrete examples of women s involvement in dialogue critical reflections on the representation of women in dialogue and the important question of what women might bring to the dialogue Together they open up new avenues for reflection on the nature and purpose of interreligious dialogue
