Running The Race To Win DARREN T. CARTER, 2012-04-18 Running The Race To Win is a book about developing a deeper understanding of discipleship and developing a deeper relationship with Christ It does not matter if you are a businessperson schoolteacher nurse athlete computer technician student etc you are called to be a disciple and to make disciples The contemporary church has many times neglected the original command laid down by Christ Himself and for this reason discipleship seems to be a radical message However for the church to fulfill its mission we must once again return to this radical call The word radical comes from the Latin word radix meaning the root of things Radical discipleship is simply a call to return to biblical foundations Biblical foundations are at the root of discipleship since a disciple is one who has been instructed in the foundational teachings of Christ New-Church Messenger, 1926

The Whispering Tree of Wisdom Michael Paul, 2025-06-05 In a quiet forest far from the noise of the world stands a tree unlike any other a tree that whispers to those who truly listen When a curious traveler stumbles upon this ancient tree they begin a life changing journey filled with gentle guidance heartfelt

truths and the quiet wisdom of the ages Each whisper from the tree reveals a lesson about life growth and the power of staying rooted while reaching for the sky The Whispering Tree of Wisdom is a beautifully told fable for readers of all ages a story of self reflection emotional growth and reconnecting with what truly matters With lyrical language and rich metaphor this book invites you to slow down breathe deeply and listen to the wisdom already within you Whether you are seeking clarity healing or a sense of purpose the journey begins at the roots of this timeless tree Because sometimes the answers we seek are found in the stillness and the whispers we re finally ready to hear *The Forbidden Scroll* Pasquale De Marco,2025-07-23 Unveil the enigmatic secrets of the universe in this captivating exploration of ancient wisdom and hidden realms Embark on a profound journey through the depths of human knowledge and beyond where the boundaries of perception blur Within these pages you ll encounter the deciphered mysteries of an ancient scroll unlocking the power of the ancients and revealing the forgotten wisdom of the past Delve into a hidden realm where elemental beings reside and ancient civilizations thrive Face the transformative trials of fire water earth and air emerging stronger and more enlightened Witness the rebirth of the phoenix a symbol of hope and renewal as it rises from the ashes of the old Confront the ancient enemy s return and the forces of darkness that threaten to engulf the realm Seek refuge in the Book of Wisdom unearthing the lost secrets of the universe Connect to the celestial sphere deciphering the cosmic dance and discovering the divine purpose of existence Ascend the Sacred Mountain experiencing its mystical energies and unlocking its hidden treasures Embark on the ultimate quest wielding the power of the ancient scroll and shaping the fate of the realm This comprehensive guide invites you to question explore and unravel the mysteries that lie just beyond our grasp Each page is a gateway to profound insights perspectives and thought provoking discussions Embrace the wisdom of the ages and embark on a transformative journey into the unknown If you like this book write a review *Talisman, Second Edition* Tom Bandy,2017-09-28 Mentoring is the primary vehicle for spiritual insight and holistic growth today and Talisman is written from the perspective of a mentee reflecting on the teachings of his her mentor It ends with the mentee becoming the mentor This is why the second edition of this book is shorter with the second section significantly revised Originally the second section took the reader back in time to follow some of the dialogue Echo remembered Most readers however were intrigued by Echo and wanted to go forward in time They intuited correctly that the voice of Echo was a composite of real people What happened to Echo So the first section of this book remains an assessment of the spiritual quest for God in the postmodern world It explores the significance of incarnation but in the context of the power and depth of being rather than any dogmatic point of view experience and mystery over knowledge and certainty The goal is not to answer questions of existence but to sustain the courage to be and provide reason to hope The second section of the book introduces a methodology to reflect on one s position vis a vis the eternal in any particular now Echo not only continues to grow personally but helps other spiritual travelers understand their own quest for God Life on the Edge Life in Between and Life at Peace Meditation on the principles expressed through the

talisman helps the spiritual traveler see where they have been and discern where they are going A talisman can be any form object song data etc that is grasped by Unconditional Being to become a portal linking finite yearning to infinite meaning Here the talisman is a six pointed star which has mystical significance for many religions But whatever your talisman is it will help you experience the nearness of God in your unique cultural context and find hope **In the End the Beginning**
