Behind Every Choice Is A Story:

Behind Every Choice is a Story Gloria Feldt, Carol Trickett Jennings, 2002 Stories of courage passion dedication endurance and vision *Rosie's Daughters* Matilda Butler, Kendra Bonnett, 2007 Meet Rosie's Daughters in this collective memoir of American women born during World War II precursors of the Baby Boom generation Their stories will inform entertain and surprise you In these in depth interviews they are declaring their place in history *Pro-Life, Pro-Choice* Bertha Alvarez Manninen, 2014-09-05 In this provocative and accessible book the author defends a pro choice perspective but also takes seriously pro life concerns about the moral value of the human fetus questioning whether a fetus is nothing more than mere tissue She examines the legal status of the fetus in the recent Personhood Amendments in state legislatures and in Supreme Court decisions and asks whether Roe v Wade should have focused on the viability of the fetus or on the bodily integrity of the woman Manninen approaches the abortion controversy through a variety of perspectives and ethical frameworks She addresses the social circumstances that influence many women's decision to abort and considers whether we believe that there are good and bad reasons to abort Manninen also looks at the call for post abortion fetal grieving rituals for women who desire them and the attempt to make room in the pro choice position for the views of prospective fathers The author spells out how the two sides demonize each other and proposes ways to find degrees of convergence between the seemingly intractable positions *Abortion in the United States* Dorothy E. McBride, 2007-10-16 This work is a balanced presentation of the pro life pro choice controversy showing all aspects of the debate and why it is so difficult to resolve *Abortion in the United States A Reference Handbook* offers a balanced objective look at the ultimate wedge issue in American culture This volume offers a revealing history of abortion politics and policy from the 1800s to Roe v Wade to the present with clear analyses of disputes such as public funding for abortion the status of the fetus contraception abortion as a litmus test for candidates and judicial nominees and more A separate chapter looks at abortion politics throughout the world and places the United States in a global context Biographies of major players extensive data and documents and a bibliography of important resources make this an essential resource on one of the most controversial topics in our national dialog **The Bloomsbury Handbook of Solitude, Silence and Loneliness** Julian Stern, Christopher A.
